November 16, 2017

The Honorable Jim Justice
Governor, State of West Virginia
State Capitol Building
1900 Kanawha Boulevard, East
Charleston, WV 25305

Dear Governor Justice:

On behalf of the West Virginia State Board of Registration for Professional Engineers, we are pleased to provide you with our Annual Report for FY2017. This report is hereby submitted in compliance with mandates of the statutory requirements of W.Va. Code §30-1-12(b).

In order to safeguard life, health and property and to promote the public welfare, the practice of engineering in this state is declared to be subject to regulation in the public interest. The PE Board is charged with the administration and enforcement of the provisions of W.Va. Code §30-13 governing the practice of professional engineering. Enclosed is the Board's certified Annual Report covering fiscal years 2016-2017, including required documentation of agendas, minutes, receipts, disbursements, rosters and a listing of filed complaints. As always, all information contained within this report, as well as other relevant applicant and examinee information, is accessible 24 hours a day, 7 days a week, via our website at www.wvpebd.org.

In closing, please recognize that the WV State Board of Registration for Professional Engineers continues to strive to provide superior service to the engineering students, the engineering professionals, and the citizens of our great state! Should you have any comments or questions, please do not hesitate to contact our office.

Sincerely,

Lesley L. Rosier-Tabor, P.E.
Executive Director

cc: Mitch Carmichael, President of the Senate
Tim Armstead, Speaker of the House of Delegates
Clark Barnes, Clerk of the Senate
Steve Harrison, Clerk of the House of Delegates
Mac Warner, Secretary of State
DeAnnia Spelock, Resources Manager of Legislative Library
Joseph N. Gieger, Interim Director of Archives and History

REGISTRATION SUMMARY

REGISTRATION REPORTING SUMMARY

July 1, 2015 – June 30, 2016

Individuals *

New Professional Engineer Registrations Granted (by exam or comity) = 599
Active Professional Engineers (new by exam or comity + renewals) = 8571
Retired Professional Engineers = 307
Engineer Interns = 4997

Companies *

Certificates of Authorizations Granted to Companies (by application or renewal) = 3210

July 1, 2016 – June 30, 2017

Individuals **

New Professional Engineer Registrations Granted (by exam or comity) = 492
Active Professional Engineers (new by exam or comity + renewals) = 8520
Retired Professional Engineers = 283
Engineer Interns = 5013

Companies **

Certificates of Authorizations Granted to Companies (by application or renewal) = 3304

* *Active, Retired, and COA numbers reported reflect Roster values after the end of the FY 2016 renewal (per query 8/1/2016). New PE Registrations granted calculated through July 1, 2016.*

** *Active, Retired, and COA numbers reported reflect Roster values after the end of the FY 2017 renewal (per query 10/10/2017). New PE Registrations granted calculated through July 1, 2017.*

RECEIPTS & DISBURSEMENTS

All revenue received by the WV State Board of Registration for Professional Engineers is generated in accordance with WV Engineering Law and the Fee Table provided below. Additional monies deposited by this agency, and appearing in the revenue total include nominal FOIA copy charges and directly reimbursed Administrative Costs resulting from resolution of a complaint. Daily itemized deposits by revenue type are available for review and all expense disbursements are processed by Object Code in WVOASIS. All civil penalties (fines) paid as a result of a disciplinary action are not retained by the Board but rather deposited directly into the General Fund for the State of West Virginia.

Fundamentals of Engineering Exam (FE or Engineer Intern Exam)	
Post-Exam Application Fee for EI Certification	$25.00
Examination Fee	*As charged by NCEES*
Re-examination Fee	*As charged by NCEES*
Principles and Practice of Engineering Exam (PE Exam)	
Application Fee	$80.00
Examination Fee	*As charged by NCEES*
Re-application Fee	$40.00
Re-examination Fee	*As charged by NCEES*
Professional Engineer Comity / Reciprocity	
Comity / Reciprocity Application Fee	$150.00
Professional Engineer Reinstatement	
PE Reinstatement Application Fee	$185.00
Certificate of Authorization	
FIRST APPLICATION	
Application Fee for Sole Proprietor with no employees	$0.00
Application Fee for Firm with three or fewer Professional Engineers**	$100.00
Application Fee for Firm with four or more Professional Engineers*	$150.00
REINSTATEMENT APPLICATION	
COA for Sole Proprietor with no employees	$0.00
COA for Firm with three or fewer Professional Engineers*	$300.00
COA for Firm with four or more Professional Engineers*	$900.00

Two-Year Biennial Renewal Fee (transition after July 2015)***	
Professional Engineer	$70.00
Professional Engineer – Retired	$30.00
COA for Sole Proprietor with no employees	$0.00
COA for Firm with three or fewer Professional Engineers*	$100.00
COA for Firm with four or more Professional Engineers*	$600.00
Miscellaneous	
PE or COA Roster**	$25.00
Seal Registration Fee	$25.00
Replacement Certificates	$25.00
Return Check Fee	$25.00

* *Regardless of the P.E.'s state of registration or licensure.*

** *Available for free download on the Board web site.*

*** ***Late Fees*** *- A renewal fee (PE, Retired or COA) postmarked after the license expiration date is considered late, and the Board shall assess the registrant a penalty in the amount of twenty-five percent (25%) of the fee per month of delay during the allowable grace period. A renewal postmarked more than one month after the license expiration date will be rejected and returned, and the PE registration or COA will be void without hearing.*

COMPLAINTS FILED

Complaints Filed in FY 2016

July 1, 2015 through June 30, 2016

Case Number: C2016-01
John J. Keeling
Allegation: Conduct likely to deceive, defraud or harm the public. [§30-13-21(a)(11)]
Resolution: Complaint dismissed. Case closed 1/26/16.

Case Number: C2016-02
BioMost, Inc.
Violation: Offering to practice and practicing engineering in WV without a Certificate of Authorization. [§30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $650 paid. Case closed 8/14/15.

Case Number: C2016-03
Barry Levin & Associates, Inc.
Violation: Offering to practice and practicing engineering in WV without a Certificate of Authorization. [§30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $500 paid. Case closed 8/14/15.

Case Number: C2016-04
Lauren Engineers and Constructors, Inc.
Violation: Offering to practice engineering in WV without a Certificate of Authorization. [§30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $250 paid. Case closed 9/15/15.

Case Number: C2016-05
Thomas Corathers
Allegation: Violation of the Rules of Professional Responsibility. [§30-13-21(a)(4)]
Resolution: Complaint dismissed. Case closed 9/15/15.

Case Number: C2016-06
Edward J. Galto
Violation: Offering to practice and practicing engineering in WV without a Certificate of Authorization. [§30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $500 paid. Case closed 10/15/15.

Case Number: C2016-07
John B. Regen
Violation: Practicing engineering in WV without a license. [§30-13-2, §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $250 paid. Case closed 12/22/15.

Case Number: C2016-08
SE3, LLC.
Violation: Practicing engineering in WV without a Certificate of Authorization. [§30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $250 paid. Case closed 10/21/15.

Case Number: C2016-09
William L. Toney
Violation: Misuse of seal. [§30-13-16(c), §30-13-21(a)(4), W. Va. R. 7-1-7.3(e)] Violation of the Rules of Professional Responsibility. [W. Va. R. §7-1-12.4(a)&(b)]
Resolution: Consent Order signed. Administrative costs of $500 paid. Case closed 10/13/16.

Case Number: C2016-10
Integrity Engineering, PC / Sean Goldsmith
Violation: Practicing engineering in WV without a license and Certificate of Authorization. [§30-13-2, §30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $500 paid. Case closed 10/29/15.

Case Number: C2016-11
APEC Engineering / David Berry
Violation: Offering engineering in WV without a license and Certificate of Authorization. [§30-13-2, §30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $500 paid. Case closed 10/8/15.

Case Number: C2016-12
Karen L. Krabill
Allegation: Knowingly made false statements or signed false statements, certificates or affidavits to induce payment. [§30-13-21(a)(7)]
Resolution: Complaint dismissed. Case closed 1/26/16.

General Session Minutes
State Board of Registration for Professional Engineers
July 19, 2016

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Tuesday, July 19, 2016. Those present for all or part of the meeting were:

Edward L. Robinson	President
Richard E. Plymale	Vice-President
Bhajan S. Saluja	Secretary
Garth E. Thomas	Member
L.A. Gates	Member
Lesley L. Rosier-Tabor	Executive Director
Aaron M. Armstrong	Board Investigator
Debra L. Hamilton	Legal Counsel

The meeting was called to order at 9:00 AM. President Robinson introduced and welcomed new Board members Garth Thomas and L.A. Gates.

The Board meeting minutes for May 17, 2016 and May 31, 2016 were reviewed. A motion to approve the minutes was made by Mr. Plymale, seconded by Mr. Saluja. Motion carried. Mr. Thomas and Mr. Gates recused themselves from this vote.

The Board budget summaries for May and June 2016 were received and reviewed. For benefit of the new Board members, Ms. Rosier discussed the budget report in detail, explaining the full fiscal year budget cycle, and presented the Board with a 14-year revenue/expenditure comparison. Ms. Rosier also reviewed the Board's historical year end balances for the benefit of the new Board members and noted that the past 8 year-end balances have been very consistent and within only a +/- 10% variance. Ms. Rosier noted that this meeting's budget report closes out the end of FY 2016 and the budget report presented during the next Board meeting will begin FY 2017 and will include only July and August 2016. The Board also reviewed the details of all PCard transactions and the FY2017 WV OASIS Expenditure Schedule submissions. Ms. Rosier addressed all Board member questions.

A motion to approve the budget, current expenditures, and purchasing card transactions was made by Mr. Thomas, seconded by Mr. Gates. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments.

- Ms. Rosier reported that since the inception of FE CBT there have been 529 individuals signed up to take online exam in WV, with 453 unique ID's; the difference (76) represents repeat takers.

- Ms. Rosier discussed the results of the April 2016 PE exam, noting that WV had a 50% overall pass rate. Of the 65 exams that were ordered, 3 were absent, 16 first-time takers passed and 15 repeat takers passed.
- For the benefit of the new Board members, Ms. Rosier discussed the PE exam Board interview process and noted, as of the meeting date, no interviews have been scheduled for the upcoming October 2016 exam administration.
- Ms. Rosier discussed upcoming presentations and meetings, as well as the on-going projects.
    - The final stages of the ongoing Cloud-Based Licensing project include online applications.
    - The Board's assistance with the WV Landscape Architects Board offered as a result of their PERD audit is complete.
- Ms. Rosier reported that a rough draft of the newsletter will be presented during the next Board meeting.

A motion was made by Mr. Saluja, seconded by Mr. Thomas, to approve attendance and travel for Board members, staff and counsel to the activities as discussed and outlined in the Executive Director's report and the updated 2016 calendar. Motion carried.

Mr. Plymale made a motion to enter into Executive Session at 9:40 AM, seconded by Mr. Gates. Motion carried.

The Board President reported the resolution of the following complaints: C2016-19, C2016-20, and C2016-21. The consent orders will be posted on the Board's website within a reasonable time.

The Board recessed for lunch at 12:05 PM and resumed Executive Session at 12:55 PM. At the conclusion of the Executive Session, Mr. Plymale moved to enter into General Session at 2:25 PM with a second by Mr. Thomas. Motion carried, and the Board took the following action:

- Mr. Saluja made a motion, seconded by Mr. Gates, to initiate a second complaint related to C2016-18 with time of service at the staff's discretion. Motion carried.
- Mr. Saluja made a motion to dismiss C2016-23. Mr. Plymale seconded the motion, and the motion carried.
- Mr. Gates made a motion, seconded by Mr. Thomas, to amend C2016-25 to dismiss the original individual named in the complaint and name the current EIRC of Respondent Firm as an individual Respondent. Motion carried.
- Mr. Thomas made a motion, seconded by Mr. Plymale, to move I2016-26 to complaint. Motion carried.
- Mr. Thomas made a motion, seconded by Mr. Saluja, to move I2016-28 to complaint. Motion carried.
- Mr. Saluja made a motion, seconded by Mr. Thomas, to move I2016-29 to complaint. Motion carried.

- Mr. Gates made a motion, seconded by Mr. Thomas, to move I2017-01 to complaint. Motion carried.
- Mr. Thomas made a motion, seconded by Mr. Saluja, to move I2017-02 to complaint. Motion carried.

Based on a motion by Mr. Plymale, seconded by Mr. Thomas, the Board took the following action on Special Cases for Board Action:

- Cory Gibb's request for comity was approved.
- Carlos Valenzuela's request for comity was stayed pending receipt and review of additional information which has been requested.

Ms. Rosier reported that all Board members except for Mr. Saluja, along with 2 staff and Board counsel, have been registered for the NCEES annual meeting. Mr. Gates and Mr. Thomas will be attending as first time attendees and will be funded by the Council.

Ms. Rosier discussed the NCEES annual meeting agenda, consent agenda, and mentioned that all of the NCEES officer elections were unopposed. She also provided information on all of the motions and gave an in-depth summary of the NE Zone motion relating to the PE automatic attestation issue.

The Board discussed nominating former Board member Leonard "Joe" Timms and William Pierson as Emeritus members of NCEES. Upon motion by Mr. Thomas, seconded by Mr. Gates, the Board voted unanimously to nominate these former Board members and directed the Executive Director to submit the nominations to NCEES.

For the benefit of the new Board members, Ms. Rosier provided the Board with NCEES PE exam information, including an explanation of the opportunity to participate as an observer at an upcoming exam administration.

Ms. Rosier informed the Board that the final legislative rules were being filed that day, July 19th, and that with this filing the Board will be able to produce new and updated WV Engineering Law booklets in the upcoming months.

The Board reviewed staff's work and most recent correspondence with the WV Landscape Architects Board and commended the staff on a job well done. As previously noted, the Board's assistance with the WV Landscape Architects Board is complete.

Ms. Rosier discussed the new Board member orientation session provided to the new Board members on June 23, 2016, noting Mr. Armstrong was instrumental in developing the quality presentation and supporting materials.

The Board reviewed the required BRIM Loss Control Questionnaire and conducted their annual Safety Committee meeting in accordance with BRIM's Standards of Participation letter dated May 25, 2016. In addition, the Board provided staff with their signed confidentiality statements for inclusion in the BRIM submission.

The Board was provided and reviewed a copy of correspondence from the WVDOH to the American Council of Engineering Companies of WV, as well as the joint response signed by 17 industry association leaders in WV which had been copied to several government officials (but not the Board). It involved WVDOH employee interaction with industry representatives and forwarded to the Board for informational purposes.

Ms. Rosier discussed the ongoing COA questionnaire project and noted staff is still working on clarifying approximately 100 responses. To date, over $100,000 of additional 2015 COA renewal fees have been collected based on the findings of inaccurate reporting of the number of PEs and employees of firms with active COAs.

Ms. Rosier updated the Board on the new capability for registrants to provide continuing education year-round data entry. The system will launch in the next few weeks, and a mass email will be sent to our 8500+ active PE licensees announcing its availability for immediate use.

Upon review of the upcoming calendar of events and due to Board member conflicts, the Board moved their September 2016 meeting to September 12th and the November 2016 meeting to November 2nd. Ms. Rosier was directed to provide these updates to the WV Secretary of State's Office for open meeting purposes.

Upon motion by Mr. Plymale, seconded by Mr. Saluja, the Board meeting adjourned at 3:35 PM. The next Board meeting will be September 12th in Charleston. The Board members will be compensated one day per diem plus travel expenses.

Edward L. Robinson, P.E.
Board President

Richard E. Plymale, P.E.
Vice-President

General Session Minutes
State Board of Registration for Professional Engineers
September 12, 2016

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Monday, September 12, 2016. Those present for all or part of the meeting were:

Edward L. Robinson	President
Bhajan S. Saluja	Secretary
Garth E. Thomas	Member
L.A. Gates	Member
Lesley L. Rosier-Tabor	Executive Director
Aaron M. Armstrong	Board Investigator
Debra L. Hamilton	Legal Counsel

The meeting was called to order at 9:10 AM.

The Board meeting minutes for July 19, 2016 were reviewed. A motion to approve the minutes was made by Mr. Thomas, seconded by Mr. Saluja. Motion carried.

The Board budget summaries for July and August 2016 were received and reviewed. Ms. Rosier discussed the budget report in detail and the Board reviewed all PCard transactions. Ms. Rosier discussed the current ending balance and explained that it was at its highest level in her tenure simply due to the transition to the two year COA and license renewal cycles and the shift to the calendar year expiration. Ms. Rosier addressed all Board member questions.

A motion to approve the budget, current expenditures, and purchasing card transactions was made by Mr. Saluja, seconded by Mr. Gates. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments.

- Ms. Rosier reported 458 WV FE entries were recorded in the NCEES E3 database as of 9/6/16 and the current overall pass rate is 53.4%.
- There were 87 October 2016 PE exam applications received and 85 exams ordered. One applicant decided to take the exam in another state and the other applicant withdrew due to scheduling conflicts.
- Staff will be making 3 Board presentations in the next two weeks:
    - ASCE Eastern Panhandle Branch (Martinsburg)
    - CEC Consultants (Bridgeport)
    - Marshall University (Huntington)
- Ms. Rosier informed the Board she submitted a formal extension request to the WV Division of Purchasing for the database upgrades project. Albertson

Consulting agreed to complete contracted items no later than October 31, 2016.

- The Board discussed reviving the discussion with the WV Surveyor's Board to coordinate joint publication of a seal brochure.

A motion was made by Mr. Saluja, seconded by Mr. Gates, to approve attendance and travel for Board members, staff and counsel to the activities as discussed and outlined in the Executive Director's report and the updated 2016 calendar. Motion carried.

Mr. Saluja made a motion to enter into Executive Session, seconded by Mr. Thomas. Motion carried.

The Board President reported the resolution of the following complaints: C2014-16 and C2015-10 (consolidated) by Board Order; C2016-14, C2016-15, C2016-22, C2016-23, and C2016-26 by Consent Order. These orders will be posted on the Board's website within a reasonable time.

At the conclusion of the Executive Session, Mr. Saluja moved to enter into General Session with a second by Mr. Thomas. Motion carried, and the Board took the following action:

- Mr. Thomas made a motion to dismiss C2016-24. Mr. Saluja seconded the motion, and the motion carried.
- Mr. Thomas made a motion, seconded by Mr. Gates, to dismiss C2017-02. Motion carried.
- Mr. Saluja made a motion, seconded by Mr. Thomas, to move I2017-05 to complaint. Motion carried.

Based on a motion by Mr. Thomas, seconded by Mr. Saluja, the Board took the following action on Special Cases for Board Action:

- Allan Caspe's request for comity was approved.
- Robert Kral's request for comity was approved.

Ms. Rosier discussed the letter from NCEES Executive Director Jerry Carter announcing that former Board members William Pierson and Leonard "Joe" Timms were approved by NCEES as Emeritus Members.

Ms. Rosier provided the Board with a summary of actions taken by the council during the NCEES annual meeting held in Indianapolis, IN on August 24-26, 2016.

Ms. Rosier shared an email communication from NCEES concerning the NCEES record transition and reported that the upcoming PE exam administration will be held October 28-29, 2016.

Ms. Rosier reported that the Series 1 Legislative Rules which passed during the Special Session on June 14, 2016 (SB 1017) were effective upon final filing on July 19, 2016. In

addition, the Series 3 Interpretive Rule in Title 7 was repealed on August 30, 2016, as it is now incorporated in the Series 1 Rules. She is preparing a new law booklet that will be sent for printing in October, in time for a late November 2016 distribution to all registrants and COA holders.

The Board reviewed the correspondence from/to Delegate Howell concerning the 2016 Legislative interims and discussed the upcoming 2017 Legislative session.

Ms. Rosier discussed the COA questionnaire and informed the Board that only 4 firms have yet to respond. The Board asked that staff continue to follow-up with those remaining firms and provide an update at the November meeting.

The Board discussed the Board's ABET observer opportunity for Bluefield State's upcoming ABET-TAC visit. Board member Gates agreed to represent the Board as an observer. Ms. Rosier will respond to the ABET Team Chair with Mr. Gates's contact information immediately.

The Board discussed the hiring of engineers through temporary employment agencies and directed staff to send a letter to one such agency requiring them to confirm on a case-by-case basis whether an engineer placed by the agency would be required to hold a license and COA.

Ms. Rosier informed the Board that the newsletter is 90% complete and will be disseminated by email to the Board for review within 2 weeks. Once finalized, Board staff plans to distribute with PE renewal notifications in late November.

Board members congratulated Mr. Bhajan Saluja for receiving his re-appointment letter from Governor Tomblin. Mr. Saluja's re-appointment is effective July 1, 2016 – June 30, 2021.

The Board reviewed the upcoming calendar of events. Upon motion by Mr. Saluja, seconded by Mr. Gates, the Board voted to adjourn the meeting. The next Board meeting will be November 2nd in Charleston. The Board members will be compensated one day per diem plus travel expenses.

General Session Minutes
State Board of Registration for Professional Engineers
November 2, 2016

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Wednesday, November 2, 2016. Those present for all or part of the meeting were:

Edward L. Robinson	President
Richard E. Plymale	Vice-President
Bhajan S. Saluja	Secretary
Garth E. Thomas	Member
L.A. Gates	Member
Lesley L. Rosier-Tabor	Executive Director
Aaron M. Armstrong	Board Investigator
Debra L. Hamilton	Legal Counsel

The meeting was called to order at 9:06 AM.

The Board meeting minutes for September 12, 2016 were reviewed. A motion to approve the minutes was made by Mr. Plymale, seconded by Mr. Thomas. Motion carried.

The Board budget summary for September 2016 was received and reviewed and the Board reviewed all PCard transactions. Ms. Rosier explained that since this meeting was held earlier in the month than normal and that the closing date of the billing cycle is on the 3rd of the month, the Board will review three months' worth of transactions during their next meeting in January 2017. Ms. Rosier addressed all Board member questions and explained the next budget report will include an influx of revenue due to the upcoming PE renewal season, but will also be offset by some additional expenditures such as printing and mailing costs associated with the renewal and distribution of the new WV Engineering Law booklets.

A motion to approve the budget, current expenditures, and purchasing card transactions was made by Mr. Gates, seconded by Mr. Saluja. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments.

- Ms. Rosier reported that the NCEES E3 database additional updates and new export reports for FE results are available for download.
- There were 85 PE exams scheduled for the October 2016 exam administration, with 6 absences reported.
- Staff made 3 presentations since the last Board meeting to include trips to Martinsburg, Bridgeport, and Marshall University.
- Ms. Rosier discussed the upcoming training entitled the "State Auditor's Required Annual Seminar for State Licensing Boards." Board members Gates, Saluja, and Thomas plan to attend this training with select staff and counsel.

- Ms. Rosier reported that Board members and staff must register for the upcoming NCEES NE Zone meeting prior to February 1, 2017 and to please check their calendars as soon as possible.
- Staff submitted an article for the October 2016 Engineers Club of Huntington newsletter discussing the upcoming PE Renewal and Transition.

A motion was made by Mr. Gates, seconded by Mr. Plymale, to approve attendance and travel for Board members, staff and counsel to the activities as discussed and outlined in the Executive Director's report and the updated 2016/2017 calendar. Motion carried.

Mr. Plymale made a motion to enter into Executive Session, seconded by Mr. Thomas. Motion carried.

The Board President reported the resolution of the following complaints: C2016-09, C2016-24, C2016-25, C2016-27, C2017-01, C2017-02, C2017-03, C2017-04, and C2017-05. The consent orders will be posted on the Board's website within a reasonable time.

At the conclusion of the Executive Session, Mr. Thomas moved to enter into General Session with a second by Mr. Plymale. Motion carried, and the Board took the following action:

- Mr. Thomas made a motion, seconded by Mr. Saluja, to consolidate C2016-18 and C2017-07. Motion carried.
- Mr. Plymale made a motion, seconded by Mr. Saluja, to move I2016-24 to complaint. Motion carried.
- Mr. Plymale made a motion, seconded by Mr. Thomas, to move I2017-12 to complaint. Motion carried.
- Mr. Gates made a motion, seconded by Mr. Thomas, to move I2017-13 to complaint. Motion carried.

There were no Special Cases for Board Action.

Ms. Rosier presented the NCEES National Service Awards call for nominations.

The Board discussed the NCEES Records Program updates, including that pre-2008 holders no longer having to manually re-establish most of their information in the new system. NCEES staff members will migrate most of this information into the new system, as is currently done for post-2008 holders, upon request for their record to converted and transmitted.

Ms. Rosier shared a letter of request from the NCEES NE Zone Vice President concerning his candidacy for President-Elect.

Upon motion by Mr. Thomas, seconded by Mr. Saluja, the Board voted to update the Educational Plan of Study (EPOS) form. Motion carried.

Ms. Rosier distributed temporary copies of the updated WV Engineering Law booklets to all Board members and reported that the actual 14,000 booklets are scheduled to be delivered within the next week.

The Board received the reappointment letter stating that Governor Tomblin has reappointed Mr. Saluja to serve on the Board until June 30, 2021. Additionally, Mr. Plymale announced his plans to resign from the Board due to his impending move to South Carolina in early 2017. Mr. Plymale indicated that his official resignation letter to the Governor's office is forthcoming but he is willing to serve until his successor is appointed. Board President Robinson thanked Mr. Plymale for his 14 years of service to the Board.

Mr. Gates updated the Board on his trip to Bluefield State College as the Board's ABET observer and reported that ABET will release its final report in the near future.

Ms. Rosier reported that more than 8600 PEs and over 300 Retired PEs will receive license renewal notifications in late November and that the online renewal screens will be activated prior to December 1st. Ms. Rosier also discussed the completion of the COA Questionnaire project that began in February which brought over 320 firms into compliance with the firm fee structure.

Upon motion by Mr. Thomas, seconded by Mr. Saluja, the Board voted to allow registrants to check a box for the online renewal certifying that they have met the PDH requirements and provide only the total number of PDHs claimed along with the number of any carryover hours requested. Motion carried.

Upon motion by Mr. Saluja, seconded by Mr. Thomas, the Board voted to again become an exhibitor for the 2017 West Virginia Construction and Design Exposition (EXPO) and purchase a program page to highlight the qualifying continuing education courses offered at EXPO, including the Board's annual 2-hour seminar. The motion carried and the Board directed staff to submit the applications and fees as required in the announcement.

Ms. Rosier reported that the Board's annual report has been finalized and includes the Board's 2016 InterChange Newsletter as well as the new WV Engineering Law booklet. The report will be submitted as required to the Governor's office and Legislature in the upcoming weeks and well prior to the December 31, 2016 deadline.

The Board reviewed the upcoming calendar of events. Upon motion by Mr. Gates, seconded by Mr. Plymale, the Board voted to adjourn the meeting. The next Board meeting will be January 25, 2017 in Charleston. The Board members will be compensated one day per diem plus travel expenses.

General Session Minutes
State Board of Registration for Professional Engineers
January 25, 2017

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Wednesday, January 25, 2017. Those present for all or part of the meeting were:

Edward L. Robinson	President
Bhajan S. Saluja	Vice-President
Garth E. Thomas	Secretary
Larry Nottingham	Member
L.A. Gates	Member
Lesley L. Rosier-Tabor	Executive Director
Aaron M. Armstrong	Board Investigator
Debra L. Hamilton	Legal Counsel

The meeting was called to order at 9:05am. President Robinson introduced and welcomed new board member Dr. Larry Nottingham.

The Board meeting minutes for November 2, 2016 were reviewed. A motion to approve the minutes was made by Mr. Saluja, seconded by Mr. Thomas. Motion carried, with Mr. Nottingham abstaining.

The Board budget summaries for October, November, and December 2016 were received and reviewed and the Board reviewed all PCard transactions for the same period. Ms. Rosier explained that the current agency account balance was at its highest due to the recent collection of license renewal fees and that within the next 1-2 years the balance would level out now that the biennial renewal transition is complete. Ms. Rosier addressed all Board member questions and shared the updated purchasing card (PCard) internal controls and policies and procedures. Ms. Rosier informed the Board that the agency PCard cannot currently be used for travel expenses until the state auditor's office transitions our agency to PCard travel implementation by the E-Travel unit in the PCard Division.

A motion to approve the budget, current expenditures, the updated PCard internal controls, and purchasing card transactions was made by Mr. Gates, seconded by Dr. Nottingham. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments:

- Ms. Rosier reported a 63.6% pass rate for the October 2016 PE exam.
- Ms. Rosier discussed the State Auditor's Required Seminar and her attendance at the NCEES Member Board Administrator (MBA) meeting.
- Ms. Rosier reported that she and Mr. Armstrong provided Dr. Nottingham a comprehensive 3-hour Board orientation session on January 5, 2017.

- Mr. Armstrong discussed his recent attendance at the NCEES Law Enforcement Committee meeting.
- Ms. Rosier reviewed the NCEES NE Zone meeting dates and requested Board members confirm their attendance.
- Ms. Rosier discussed the WV EXPO plan, to include the PE Board booth and continuing education seminar. Ms. Rosier informed the Board that the seminar will be 1.5 hours this year, as WVSPE has decided to hold their own seminar.
- Ms. Rosier reported that the Board's newsletter and engineering law booklet was sent out to all registrants and COA holders. This mailing also included official renewal notification for all active WV PEs and Retired PEs whose license was to expire on 12/31/2016.

A motion was made by Mr. Gates, seconded by Mr. Thomas, to approve attendance and travel for Board members, staff and counsel to the activities as discussed and outlined in the Executive Director's report and the updated 2017 calendar. Motion carried.

Mr. Saluja made a motion to enter into Executive Session at 10:50am, seconded by Dr. Nottingham. Motion carried.

The Board President reported the resolution of the following complaint: C2017-06. The consent order will be posted on the Board's website within a reasonable time.

Mr. Gates recused himself from all discussion of I2017-15 and the Board also granted Ms. Rosier's request to not be involved in any discussions or proceedings concerning I2017-15 and all complaints emanating from that investigation. Both Mr. Gates and Ms. Rosier left the room during all discussion of I2017-15.

The Board recessed Executive Session at 11:50am for lunch and then examinee interviews for PE Exam repeat takers. At the conclusion of the examinee interviews, Mr. Thomas made a motion, seconded by Dr. Nottingham, to allow both examinees to sit for the April 2017 PE Exam. Motion carried. The Board re-entered Executive Session at 1:40pm.

At the conclusion of the Executive Session, Mr. Saluja moved to enter into General Session at 4:10pm. Seconded by Mr. Gates, the motion carried, and the Board took the following action:

- Mr. Thomas made a motion, seconded by Mr. Saluja, to move I2017-04 to complaint. Motion carried.
- Mr. Gates made a motion, seconded by Mr. Saluja, to move I2017-16 to complaint. Motion carried.
- Dr. Nottingham made a motion, seconded by Mr. Gates, to move I2017-18 to complaint. Motion carried.
- Mr. Gates made a motion, seconded by Mr. Saluja, to notice consolidated complaints C2016-18 and C2017-07 for hearing during the May meeting. Motion carried.
- Mr. Thomas made a motion, seconded by Dr. Nottingham, to file three (3) complaints related to I2017-15, two naming individual PEs as respondents and the third naming both a PE and his firm. Motion carried.

Based on a motion by Dr. Nottingham, seconded by Mr. Thomas, the Board approved the following special case files:

- Leo Arbaugh, Montez Love, and Peter Collat

Ms. Rosier presented the NCEES Board Presidents' Assembly (BPA) agenda. Mr. Saluja indicated he will attend the BPA and Mr. Robinson noted an interest in the NCEES President's topic concerning a new outreach initiative.

The Board discussed the NCEES Distinguished Service Award for the NE Zone, reviewed the draft agenda for the upcoming NE Zone meeting, and reviewed the NCEES President-Elect and Treasurer's Endorsement Request.

Mr. Thomas led a discussion to update the Board concerning the ABET-proposed revisions to EAC criteria 3 and 5.

Ms. Rosier informed the Board that the 2017-2018 NCEES Committee Preference Survey has been emailed to all members and all who wish to be considered for such a committee appointment must answer the survey prior to February 28th.

The Board discussed the Legislative Rule change process and Ms. Rosier shared with the Board the first day of the 2017 Legislative session would be February 8, 2017. The Board has submitted no changes to its statute or rules for legislative consideration.

The Board directed staff to start sending an acknowledgement letter to all future third-party complainants stating that the complaint has been received and served.

The Board reviewed Mr. Plymale's resignation letter and received Governor Tomblin's letter appointing Dr. Nottingham to Mr. Plymale's unexpired term.

Ms. Rosier reported that 520 WV PEs had yet to renew their license and that upon completion of the renewal cycle staff will conduct the required continuing education audit.

Ms. Rosier presented the WV Division of Purchasing Inspection report and reported that the overall agency score was 91.4%. A corrective action plan to correct any issues identified in that report will be submitted in February.

Ms. Rosier discussed the Board's upcoming participation in EXPO and the Board President requested each of our three new Board members provide a brief presentation during the seminar. The Board President as well as lead staff and counsel will also provide Board updates to the participants.

Mr. Plymale's departure created a vacancy in the office of Vice-President so the Board President called for the election of a new VP. Mr. Gates moved the nomination of Mr. Saluja as Vice-President and further moved that Mr. Thomas assume Mr. Saluja's duties as Secretary. The motion was seconded by Dr. Nottingham and carried.

The Board reviewed the upcoming calendar of events. Ms. Rosier emphasized that the May meeting has been moved up one day due to a conflict and is now scheduled for Monday, May 15, 2017. Upon motion by Dr. Nottingham, seconded by Mr. Saluja, the Board voted to adjourn the meeting. The next Board meeting will be March 21, 2017 in Charleston. The Board members will be compensated one day per diem plus travel expenses.

General Session Minutes
State Board of Registration for Professional Engineers
March 21, 2017

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Tuesday, March 21, 2017. Those present for all or part of the meeting were:

Edward L. Robinson	President
Bhajan S. Saluja	Vice-President
Garth E. Thomas	Secretary
Larry Nottingham	Member
L.A. Gates	Member
Lesley L. Rosier-Tabor	Executive Director
Aaron M. Armstrong	Board Investigator
Debra L. Hamilton	Legal Counsel

The meeting was called to order at 9:05am. Mr. Gates participated via teleconference.

The Board meeting minutes for January 25, 2017 were reviewed. A motion to approve the minutes was made by Dr. Nottingham, seconded by Mr. Saluja. Motion carried.

The Board budget summaries for January and February 2017 were received and reviewed, and the Board reviewed all PCard transactions for the same period. Ms. Rosier reviewed the ending balance as of February for the last three years and explained that this year's balance is the highest due to the increased revenue from the COA questionnaire project and because of the unique transition to the two-year renewal cycle. Ms. Rosier presented the addendum to renew the office lease and reported that the terms and conditions remain unchanged. Upon a motion by Mr. Saluja with a second by Mr. Thomas, the Board voted unanimously to renew the lease for five (5) years.

A motion to approve the budget, current expenditures, and purchasing card transactions was made by Mr. Thomas, seconded by Dr. Nottingham. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments:

- For the April 2017 PE exam, there were 61 applications received and 58 registered with NCEES, 2 did not register with NCEES, and 1 applicant will take the Petroleum PE exam offered only in October.
- Mr. Saluja asked if the Board would still receive PE exam results once the PE exam moves to computer-based testing. Ms. Rosier assured him she would still have access to all exam information for WV candidates and that it would be very similar to her pulling FE CBT exam information from the NCEES website.

- Ms. Rosier discussed her recent continuing education presentation at the Huntington Engineers Club and the upcoming Board seminar and participation at the WV EXPO.
- Concerning the cloud-based licensing system and ongoing database upgrade project, Ms. Rosier reported the redundant local database back-up system is in place, implementation and acceptance is complete, and the project is ready to move into the maintenance phase. She has been working with both the vendor and the WV Purchasing Division to request a final contract extension so final payment can be made and the maintenance phase can begin.

A motion was made by Mr. Thomas, seconded by Mr. Saluja, to approve attendance and travel for Board members, staff and counsel to the activities as discussed and outlined in the Executive Director's report and the updated 2017 calendar. Motion carried.

Mr. Saluja made a motion to enter into Executive Session at 9:25am, seconded by Dr. Nottingham. Motion carried.

The Board President reported the details of the settlement and resolution of the following complaint, which was resolved via consent order: C2017-08. The consent order will be posted on the Board's website within a reasonable time.

These minutes reflect that, due to Mr. Gates recusal and Ms. Rosier's non-involvement in anything substantive related to C2017-16, C2017-17, C2017-18 and the related investigation, Mr. Gates' terminated his telephone connection and Ms. Rosier absented herself from the Board room during all discussion of these matters.

The Board recessed the Executive Session at 12:00pm for lunch and resumed in Executive Session at 12:55pm.

At the conclusion of the Executive Session, Dr. Nottingham moved to enter into General Session at 1:40pm. Seconded by Mr. Saluja, the motion carried, and the Board took the following action:

- Mr. Saluja made a motion, seconded by Dr. Nottingham, to dismiss related complaints C2017-12 and C2017-13. Motion carried.
- Mr. Thomas made a motion, seconded by Mr. Saluja, to provisionally dismiss C2017-14, contingent upon the firm, prior to the next meeting, qualifying for and obtaining the required COA. Motion carried.
- Mr. Saluja made a motion, seconded by Mr. Thomas, to move I2017-20 to complaint. Motion carried.
- Mr. Saluja made a motion, seconded by Mr. Gates, to move I2017-21 to complaint. Motion carried.
- Mr. Thomas made a motion, seconded by Mr. Saluja, to move I2017-22 to complaint. Motion carried.

Based on a motion by Dr. Nottingham, seconded by Mr. Saluja, the Board approved the following special case files:

- Alex Barker, Harry Cooke Jr., and Ronald Mayville

Mr. Saluja provided a report on his trip to the NCEES Board President's Assembly (BPA) in Atlanta, GA and noted that much of the discussion was centered on the PE exams moving towards CBT, as well as the new E3 Customer Management System which houses examinee registration, records, credential evaluations, exam verifications, CPC registry and the Enforcement Exchange.

The Board reviewed the upcoming NCEES NE Zone meeting summary and agenda.

The Board reviewed the revised NCEES Zone Meeting and Continuity Guidelines based on action taken by the Council at the 2016 Annual meeting which terminated the NCEES Nominations Committee as a standing committee. Ms. Rosier reported that this change and various other modifications to reflect current practice will be presented and voted upon at the upcoming Zone meeting.

The Board reviewed and discussed numerous NCEES leadership endorsement position requests received since the last meeting. These nominees will be presented for official nomination / election at both the upcoming NCEES Zone and Annual Meetings.

Ms. Rosier reported on the proposed NCEES Bylaw changes currently being considered, noting the Special Committee on Bylaws will propose these changes as motions at the 2017 Annual Meeting in August.

The Board discussed the NCEES issue of "decoupling" the experience and exam requirements currently in existence for the PE exam. Based on a motion by Mr. Thomas, seconded by Dr. Nottingham, the Board approved the concept of "decoupling" the experience and exam requirements in West Virginia and directed Board staff to begin to prepare the necessary paperwork for their review with possible submission to the legislature for consideration as early as 2018.

Ms. Rosier discussed the upcoming April 2017 PE exam administration and informed all Board members that they may serve as an official Board observer at this or any future PE exam administration if interested.

Ms. Rosier reported on the agency response to Senator Blair concerning his question about Board legal fees.

Counsel provided the Board an update on the legislative issues she was following at staff's request, including the status of bills of interest to licensing boards.

Ms. Rosier discussed the staff's progress on the renewal audit as well as the outcome of the Lapsed/Invalidation letters sent to all PEs and COAs. A total of 335 PE licenses turned to lapsed status as a result of not renewing and 127 COAs received invalidation pending

letters. Renewal audit letters were sent to 524 PEs, and Mr. Armstrong reported that 73% of the PEs have responded to the audit thus far.

The Board reviewed the agency's Corrective Action plan submitted to the WV Purchasing Division based on the inspection results reviewed at the January 2017 Board meeting.

Ms. Rosier presented the draft power point presentation for the Board's upcoming continuing education seminar at EXPO, including the order of speakers.

At the request of the Governor's office, and in accordance with WV Code §4-8-1, the Board directed the Executive Director to submit 3 names for the Governor's appointment of a professional engineer to the Capitol Building Commission.

The Board reviewed the upcoming calendar of events. At the request of Mr. Thomas, the Board directed Ms. Rosier to change the fall Board meeting dates from Tuesdays to Wednesdays to accommodate Mr. Thomas's fall teaching schedule and to make the appropriate changes to the required online meeting notices with the WV Secretary of State's office.

Upon motion by Dr. Nottingham, seconded by Mr. Gates, the Board voted to adjourn the meeting. The next Board meeting will be May 15, 2017 in Charleston. The Board members will be compensated one day per diem plus travel expenses.

General Session Minutes
State Board of Registration for Professional Engineers
May 15, 2017

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Monday, May 15, 2017. Those present for all or part of the meeting were:

Edward L. Robinson	President
Bhajan S. Saluja	Vice-President
Garth E. Thomas	Secretary
Larry Nottingham	Member
L.A. Gates	Member
Lesley L. Rosier-Tabor	Executive Director
Aaron M. Armstrong	Board Investigator
Debra L. Hamilton	Legal Counsel

The meeting was called to order at 9:10am.

The Board meeting minutes for March 21, 2017 were reviewed. A motion to approve the minutes was made by Dr. Nottingham, seconded by Mr. Thomas. Motion carried.

The Board budget summaries for March and April 2017 were received and reviewed, and the Board reviewed all P-Card transactions for the same period. Ms. Rosier reviewed and discussed the approved annual budget for FY 2017 for the benefit of our 3 new Board members and noted that the FY 2018 budget will be submitted upon the Legislature (currently in special session) passing the state budget for next year. She stated that no major changes are anticipated upon submission of next year's budget. Per the Board's direction from the March meeting, Ms. Rosier submitted the office lease extension paperwork and reported that the 5-year lease agreement has been fully executed and is now valid through October 31, 2022. Ms. Rosier also reported the completion and acceptance of the cloud-based licensure database contract, including approval of the final payment for $23,800 ($14,000 remaining balance on Contract BPE140000 and $9000 first year maintenance and support service fee).

A motion to approve the budget, current expenditures, and purchasing card transactions was made by Mr. Thomas, seconded by Mr. Gates. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments:

- 58 applicants sat for the April 2017 PE exam. There were 3 absences: 2 in Fairmont and 1 in Charleston. Results of the exam are pending.
- Ms. Rosier again noted the approval and acceptance of the new licensure database and final contract payment, completing the initial development and implementation phase and the project now moves into the maintenance phase.

- The Board also discussed current network and website security measures considering recent global malware security alerts and Ms. Rosier informed the Board of the recent agency firewall upgrades.
- The Board discussed the upcoming newsletter and Ms. Rosier asked for any article ideas to be included in the next publishing, which will occur during the February – March 2018 timeframe.
- Ms. Rosier discussed the upcoming NCEES Annual Meeting and requested that those attending provide her with confirmation prior to June 15, 2017. The deadline for registration is July 7, 2017.

A motion was made by Mr. Gates, seconded by Mr. Saluja, to approve attendance and travel for Board members, staff and counsel to the activities as discussed and outlined in the Executive Director's report and the updated 2017 calendar. Motion carried.

The Board Investigator reported resolution of the following complaints since the last Board meeting, which were settled via consent order or dismissed: C2017-09, C2017-10, C2017-12, C2017-13, C2017-15, C2017-19, C2017-20. The consent orders will be posted on the Board's website within a reasonable timeframe.

Mr. Saluja made a motion to enter into Executive Session at 9:40am to consider matters in accordance with the provisions of WV Code 6-9A-4, seconded by Dr. Nottingham. Motion carried.

These minutes reflect that, due to Mr. Gates recusal and Ms. Rosier's non-involvement in anything substantive related to C2017-16, C2017-17, C2017-18 and the related investigations, Mr. Gates and Ms. Rosier absented themselves from the executive session and did not participate in any discussion of these matters.

The Board recessed the Executive Session at 12:00pm for lunch and resumed in Executive Session at 12:35pm.

At the conclusion of the Executive Session, Dr. Nottingham moved to enter into General Session at 12:48pm. Seconded by Mr. Gates, the motion carried, and the Board took the following action:

- Mr. Thomas made a motion to approve an average 6% merit increase for the Board staff, specifically providing the Executive Director with a pool of funds equal to 6% of current staff salaries to be distributed to all Board staff at her discretion. The raise is to be effective July 1, 2017. Mr. Saluja seconded, and the motion carried.

The Board recessed the general session meeting at 1pm for an informal conference with the Respondent concerning consolidated complaints C2016-18 and C2017-07. The informal conference had been requested by the Respondents in lieu of the hearing noticed for this date. Respondent appeared on his own behalf and on behalf of Respondent firm. He was accompanied by his father, who had also signed the requisite waiver and was permitted to participate.

Upon the conclusion of the informal conference, the Board resumed its general session meeting at 2:45pm.

The Board discussed the California Board Resolution relating to the NCEES member board organization and seeking to allow member boards that regulate both engineering and surveying to be entitled to two votes.

The Board reviewed the upcoming NCEES Annual Meeting Summary and Agenda and the NSPE's recent presentation concerning engineering education and experience requirements.

Ms. Rosier reported that there were 524 renewal audits conducted, 36 of which resulted in license invalidation due to insufficient response or no response provided by licensee.

Ms. Rosier informed the Board that she submitted the three recommendations for the Capitol Building Commission to the Governor's office per the Board's direction and that the Governor appointed Jenelle Armstrong to the Commission.

The Board conducted its annual election of officers. With a motion by Mr. Gates, seconded by Dr. Nottingham, the Board unanimously agreed that the current officers would continue to serve for FY2018.

Ms. Rosier discussed the upcoming COA renewal mailing and that this year's renewal notification will be via a post card mailing in mid-to-late November.

The Board reviewed the upcoming calendar of events. No changes were made.

Upon motion by Dr. Nottingham, seconded by Mr. Saluja, the Board voted to adjourn the meeting. The next Board meeting will be July 18, 2017 in Charleston. The Board members will be compensated one day per diem plus travel expenses.

LESLEY L. ROSIER-TABOR, PE, EXECUTIVE DIRECTOR

We've Come A Long Way Baby!

In the famous lyrics sung by Loretta Lynn and the name of her 1978 country music album, We've Come a Long Way Baby.

We've Come a Long Way Baby.
– LORETTA LYNN

July 27, 1921 ... The date of the first Act to create the West Virginia State Board of Registration for Professional Engineers. Upon invitation from the governor, the first five Board members met for the first time in the Coyle and Richardson Building in Charleston, WV on July 1, 1922. The first PE license, WV PE #1, assigned by the WV PE Board was issued in 1922 to Mr. Nathan H. Mannakee, a consulting mining and metallurgical engineer from Beckley, WV. Only a few short years ago, you may recall the feature back cover article in the 2013 edition of the Interchange was bidding a fond farewell to our oldest Active PE, Mr. Brast Thomas of Huntington, WV, who held the lowest assigned PE number at the time (WV PE #2360). In addition, during that same year, the Board crossed a monumental mark by assigning WV PE #20000. Fast forward to now, late 2016, three short years later, we are soon to license WV PE #22100.

On April 25, 1949, the Board, supported by a favorable opinion of the Attorney General of West Virginia dated March 12, 1948, authorized the issuance of certificates of Engineer in Training (EIT) to college graduates in courses accredited by the Engineers' Council for Professional Development or to applicants who successfully passed the examination of the Board covering Fundamentals of Engineering. Such certificate holders could, after completing a period of engineering work or experience of a character satisfactory to the Board, take the final examination and complete the requirements of the law for registration as a Professional Engineer. The first EIT certificate issued was to Mr. Ervin R. Baker, Jr. in 1949. Now, over 67 years later, we are soon to grant Engineer Intern (EI) certification to EI #11000.

We've Come a Long Way Baby!

As I have grown older, and hopefully a little wiser, I have tried to make a concerted effort to appreciate the hard work of those who have come before us, those who blazed the trails and cleared the paths for us to follow. I have tried to keep an open mind to all comments, criticisms, suggestions and recommendations for improvement in all aspects of life, but in particular for the betterment of the profession and our engineering community. When I joined the Board office in June of 2002, I walked in for my first day of work filling a newly created position for our agency wondering what the day would bring. Within an hour I was sitting in my new office, with a beautiful view of downtown Charleston, facing 2 large overflowing postal containers of 2000+ pieces of unopened renewal responses and payments. After two days of doing nothing but opening mail, date stamping entries and processing payments alongside of 3 other staff members, we decided something had to change. I was sure this task was NOT what the Board had in mind when hiring their first Executive Director and first Professional Engineer on staff.

So with that new appreciation for the hard work and paper processing performed for decades by those that came before us, our staff set out on a journey that has been difficult yet very exciting and extremely rewarding. We quickly entered into a cooperative agreement with the West Virginia State Treasurer's Office to bring us into the 21st century with a web presence. From that platform, we have built an impressive and comprehensive website complete with online renewals, credit card processing, electronic address changes and CPC reporting, real-time license verifications, a comprehensive enforcement program, broad transparency and much more. In 2016, we find ourselves wrapping up the development and implementation of the largest contract ever awarded by our agency, a new comprehensive cloud-based licensing solution database.

On a professional level, every day is exciting as we move forward at record pace to implement new technology and integrate state-of-the art systems being developed at the national level by NCEES. It is truly an honor to come to work and serve our engineering community and the citizens of our great State. Moreover, it is a privilege to work with a top-notch staff with the same level of dedication. On a weekly basis I receive emails and phone calls complimenting our staff on their record turnaround times for licensure verifications, application processing, certificate processing, inquiry responses and the like. I make every effort to share such emails and conversations with our staff so they know their work ethic and level of commitment to our agency and the State of West Virginia does not go unnoticed. We have been blessed to be able to hire and retain an amazing team during my nearly15-year tenure with the Board. They are truly an impressive group of individuals and a joy to work with. As a PE myself, I couldn't be more proud of the services they provide to our engineering community and the public at-large.

Board Updates

INTRODUCING YOUR NEW WV PE BOARD

Left to right in photo:

Mr. L.A. Gates, PE
Board Member
Term expires June 30, 2020

Mr. Edward Robinson, PE
Board President
Term Expires June 30, 2019

Mr. Bhajan Saluja
Board Secretary
Term expires June 30, 2021

Mr. Richard Plymale, PE, Jr.
Board Vice President
Term expires June 30, 2017

Mr. Garth Thomas, PE
Board Member
Term expires June 30, 2018

During the last few months, the West Virginia State Board of Registration for Professional Engineers has been fortunate to receive notification of three (3) gubernatorial appointments made by Governor Earl Ray Tomblin.

The first appointment was made on June 8, 2016. Mr. Garth Thomas, PE, of South Charleston, Kanawha County, WV, was appointed to the WV PE Board for a term ending June 30, 2018. Mr. Thomas is replacing Dr. William Pierson who resigned. Mr. Thomas is from the Seventeenth Senatorial District.

The second appointment was made the same day, June 8, 2016. Mr. L.A. Gates, PE, of Daniels, Raleigh County, WV, was appointed to the WV PE Board for a term ending June 30, 2020. Mr. Gates is replacing Leonard "Joe" Timms, Jr. whose term had expired. Mr. Gates is from the Ninth Senatorial District.

The third appointment was made on September 12, 2016. Mr. Bhajan S. Saluja, PE, was reappointed to serve a third term. Mr. Saluja was originally appointed by Governor Bob Wise in August 2002 to complete a partial term and has served faithfully as Board Secretary for a number of years.

Welcome new and returning Board members!

WV LEGISLATIVE UPDATES

2015 Legislative Session - SB389 and Statute Revision Outcome

- 2-year renewal cycle authorized
- Change renewal timing from end of the WV fiscal year to end of calendar year
- Electronic Renewal Notification authorized, paper notifications no longer required

2016 Legislative Session – SB1017 (originally SB1598) and Legislative Rule Revision Outcome

- Update of Rules to comport with 2015 Statute changes
- Fee Updates (including a reduction in PE and Retired PE renewal fees)
- Biennial Continuing Education Requirements outlined
- Non-practicing status provisions defined
- Computer Based Testing and post-FE application provisions incorporated

2016-17 BOARD LEADERSHIP ELECTION RESULTS

During the May 17, 2016 Board meeting, the WV PE Board held officer elections for the upcoming fiscal year, FY2017. Upon unanimous vote, the following resulted:

- **Mr. Edward Robinson**
  Board President
- **Mr. Richard Plymale**
  Board Vice President
- **Mr. Bhajan S. Saluja**
  Board Secretary

Board Updates Continued

MEET NEW BOARD MEMBER GARTH THOMAS, JR., PE

Garth Thomas is the Chair of the Chemical Engineering Department at West Virginia University Institute of Technology, and previously served as the Associate Provost. He has been on the faculty for thirty-four years, with primary teaching interests in the areas of process design, mathematical modeling and process simulation. He holds degrees in chemical engineering from West Virginia Institute of Technology and West Virginia University and has been a licensed Professional Engineer in West Virginia since 1991.

Mr. Thomas has conducted training and performed consulting work for several chemical and manufacturing companies in West Virginia. He has held several offices with the Charleston Section of American Institute of Chemical Engineers, and served as the WVU Tech AIChE student chapter advisor. He is also a member of the American Society for Quality, American Society for Engineering Education, and the International Society for Automation.

Thomas is certainly no stranger to the engineering licensure arena and is intimately familiar with the state engineering regulatory Board's exam processes as he is a long-standing volunteer for the National Council of Examiners for Engineering and Surveying (NCEES). Garth has donated countless hours as an exam volunteer on the Chemical Engineering subcommittee of the Fundamentals of Engineering examination committee of NCEES.

WELCOME NEW BOARD MEMBER L.A. GATES, PE

L.A. Gates is the President and CEO of L.A. Gates Company in Beckley, WV. He established his consulting firm in 1984 for the purpose of providing professional engineering services of the highest ethical caliber to the local and state community. Mr. Gates is responsible for overall technical review of all Gates' projects which include design of roads, collection ponds, dams, bridges, water systems, site developments and other structures for the mining, natural gas and civil industry, government and commercial clients.

Mr. Gates holds degrees in Mining Engineering from Colorado School of Mines and Business Administration from West Virginia University and has been a licensed Professional Engineer in West Virginia since 1984.

Mr. Gates specializes in project and contract management, surface and underground mine operation and development, mine feasibility studies, mine planning & design, coal reserve studies, coal quality analysis and economic evaluations (capital and operating). He is a member of the Society of Mining Engineers of AIME, National Society of Professional Engineers, King Coal Club, and the Board of Directors for the West Virginia Chamber of Commerce.

Gates also joins the Board with an intimate understanding of the work of the WV PE Board as his father, Leslie C. Gates, was a Board Member from 1966-1980, rising to serve as President during his tenure. L.A. fondly recalls memories of his father traveling to Charleston for monthly Board meetings and around the country for various NCEES activities.

Executive Director Rosier-Tabor stated, "This is a monumental moment in WV PE Board history. To our knowledge, it is the first-ever father-son service provided to our State agency since the Board was formed at the direction of the WV Legislative Act, effective on July 27, 1921." With more than 3 ½ decades separating the service of father and son, Gates is eager to carry on the important work that his father loved dearly many years ago. Upon notification of the appointment, L.A. Gates stated that he had recently shared his professional "bucket-list" with his daughter, most notably including his interest in having the opportunity to serve as a WV PE Board member, and as an Elder in his church. Within a few short months of voicing those interests, he was honored to be nominated for both positions and is eager to carry out the important work for each.

BOTTOM LEFT: *Portrait of the late L.C. Gates, former WV PE Board member 1966-1980, and father of L.A. Gates.*

Computer-Based Testing: View from a Volunteer

GARTH E. THOMAS, JR., PE
BOARD MEMBER

The Fundamentals of Engineering (FE) examination has been delivered in a computer-based testing (CBT) format since January of 2014, and the Professional Engineering (PE) examinations are being converted to CBT as well. This transition has impacted the process of registration and preparation for the examination by the potential examinees, and has changed the processes for certifying candidates by the state boards. As might be expected, the conversion to CBT has also made a significant difference in the activities of the volunteers who develop the examination questions.

When I initially joined the chemical engineering FE subcommittee over ten years ago, the pencil-and-paper examinations were assembled by the NCEES staff (primarily the FE examination coordinator). The questions for each examination were selected from the problem bank in accordance with the published examination specifications. Our subcommittee generally spent a day or two reviewing the examination to ensure that the questions were correctly worded and had the correct answer key. We would also replace problems that were too similar to another on the examination, and make sure that solution documentation for the problems was complete. This meant that we spent the better part of two of our four yearly meetings reviewing and modifying examinations. Each examination was also reviewed three times - although the second and third reviews were limited to ensuring that edits from the previous review were correct – which required some examination review work to be done at every meeting. The review process within my subcommittee was to have each examination problem reviewed by at least two team members, with the review findings presented to the entire subcommittee. The other subject area subcommittees followed a similar process to conduct reviews.

The remainder of our meeting time was devoted to writing and reviewing new problems. A problem was submitted on a paper form containing the problem statement with any figures and tables, a correct solution, and a set of plausible distractors to provide alternate answers for the multiple choice questions. Each problem submission was reviewed by two subcommittee members as well as the subcommittee chair. Once three approvals were obtained, the problem was entered into the problem bank.

As problems were used on examinations, statistics were collected on their performance. The two primary statistics we used were the p+ (fraction of examinees who answered the problem correctly) and the Rbis (correlation between examinees who answered the problem correctly and those who also passed the examination). Problems that had p+ values that were too high or low, or Rbis values that were too low were weeded out of the problem bank. This process provided a tertiary level of quality review in addition to the examination reviews and the initial problem reviews. During the time that I was involved with paper examination development, attention to each of these three levels of quality assurance had the effect of improving the performance of our discipline examination. This was also the case for the other FE subcommittees.

The major change in our activity as examination volunteers is that examination reviews are no longer necessary with CBT. Each examinee receives an examination that is "constructed" by the computer from a large bank of problems. The quality checks are now performed at the problem level. New problems are now pretested as unscored items on a number of individual examinations before they are employed for examination construction. This means that problems with poor statistics from the pretesting are referred back to the subcommittee for improvement or removal. The result is that we can now see how problems perform before they become "live" rather than waiting until they are used on an examination. This is a significant benefit of CBT.

However, there are some drawbacks as well. A significant one is that the subcommittee members must identify problems that should not be used together so that an "enemies list" is available to the computer as it constructs an examination. Since the examination review is no longer available to identify problems that are too much alike, it falls on the committee members to review the problem bank on a regular basis to minimize the chances of similar problems being used together.

Another significant change in our work process is that problem submissions are now done via software. This has required some time for the volunteers to learn the mechanics of using the software package, and we are still dealing with some limitations of the platform. It now takes two acceptable reviews to move a problem into the problem pretest pool. While there was some initial concern that the level of review would not be as thorough as it had been in the past, the ability to pretest problems should offset the effect of having fewer reviewers. As we gain experience using the new tools, I think we will find that the quality of the examinations will continue to improve as it had in the past.

CBT also permits us to develop problem types other than the four-item multiple choice answer format that has been the norm for the FE examination. We now have the ability to add multiple choice problems with multipart correct options, fill-in-the-blank, matching type problems, and graphical problems that include selection points or regions. As the volunteers gain experience with the development of these types of problems, future examinations will have a variety of problem types.

While CBT has significantly changed the work of the examination development volunteers, we are quickly moving up the learning curve. There have been the inevitable bugs and frustrations with a new system, but the volunteers remain focused on developing examination items that will effectively identify candidates who are qualified to enter the licensure process. The key will be to exploit the full potential of CBT.

Why Complain??? Nobody ever listens anyway ...

INVESTIGATOR'S CORNER

AARON ARMSTRONG, PE, BOARD INVESTIGATOR

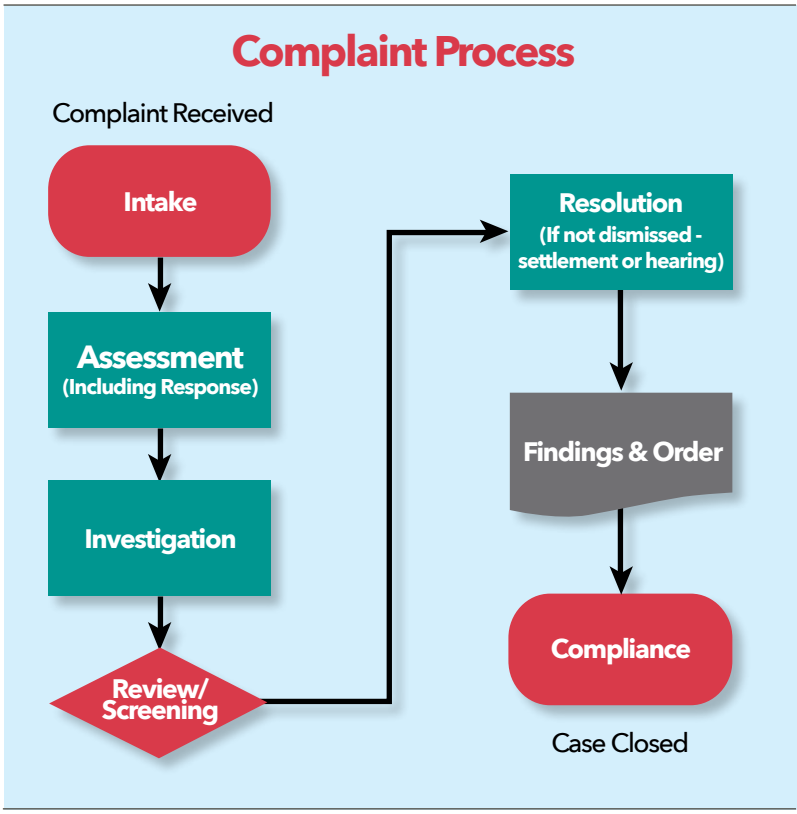
Sometimes the title is true; however, in regards to the WV State Board of Registration for Professional Engineers that is certainly not the case. As the Board Investigator for the past three years, I can attest to the fact that someone is listening. At this point, I have now worked on a number of complaints before this Board, and I would like to give a short summary of not only the complaints, but also the complaint process and the complaint resolution process.

This past year has been quite busy, with the Board logging more complaints in fiscal year 2016 (FY16) than in any of the last 14 fiscal years of its Enforcement program – which is the number of years its current Executive Director has been with this Board. Why so many more complaints one may ask? Well, I'd like to be able to point to one or two reasons and give a plausible explanation. Unfortunately, it's not that easy and I suspect the number of formal complaints before this Board is just like the everyday ebb and flow of the work cycle – sometimes workloads are extremely busy while other times it's not so much. I can say for certain, though, the amount of cooperation and support I have received from numerous municipalities, state / federal agencies, and our registrants have enhanced the Board's enforcement program. Without your assistance, my job would be extremely complicated as it would be difficult, if not impossible, to geographically cover the entire state and monitor the nearly 12,000 registrants and firms.

Since our last newsletter publication, there have been over 40 formal complaints. While not all of these complaints are resolved at the time of this writing, the overwhelming majority of the complaints relate to the unlicensed practice of engineering. Included in this category is the practice of engineering without a Certificate of Authorization (COA) and also included is the offer to practice without a license and COA. I try to reiterate this every chance I get, in WV not only is it illegal to practice engineering without a license and COA, but it is also illegal to offer engineering without a license and COA! This means that firms or individuals submitting an engineering proposal prior to obtaining a COA could be in violation of W. Va. Code §30-13-17(a). See, for example, C2016-04, which is posted under the enforcement tab on the Board's website at www.wvpebd.org.

Anywhere between 70-80% of the complaints have to do with the unlicensed practice topic; however, there have been a number of complaints related to "failing to provide information to the Board" and "misuse of seal." WV Code §30-13-21(a)(6) authorizes the Board to take disciplinary action against a registrant who fails to provide information requested by the Board within 30 days of the Board's request. WV Code §30-13-16(c) and WV Code §30-13-21(a)(10), along with associated rules, discusses a registrant's seal. Additionally, the Board worked with the Architect's Board to jointly publish "The Professional Use of Seals" brochure which is also on the Board's website. Another code citation that has seen some activity recently is WV Code §30-13-21(a)(8), which in summary states that it is a violation to "aid and assist another person in violating any provision of Chapter §30-13 or the rules promulgated. See, for example, C2015-12 on the Board's website. Since the aforementioned violations are not all inclusive of the disciplinary actions taken by the Board in the past year and a half, I welcome you to visit the Board's website where all disciplinary actions are posted dating back to 2003.

So what does it mean to make a complaint to the WV PE Board? I must start off by quoting one of the procedural rules known as W. Va. Code R. §7-2-2.1(b), which states "A complaint may be submitted by any natural person or legal entity, any registered engineer, or any firm holding a certificate of authorization." I interpret this as anybody may file a complaint and I try to point this out every time I give a presentation to a group or even when just having a conversation with someone on the phone or in my office. Simply go to our website and download the complaint form, fill it out, and submit it to our office via mail, fax, email, hand delivery, etc. However please note that WV Code R. §7-2-2.2(b) does allow for an electronic filing of a complaint, but the original must be delivered to the Board Administrator within fourteen (14) days thereafter. Once the complaint is received, our office takes immediate action and begins what I call the 7 step process. The below flow chart represents this process, which is used mostly nation-wide and has been vetted through the NCEES Law Enforcement community.



The process is the same for every complaint the Board receives or initiates on its own motion, which is very important to ensure fairness and uniformity. Per W. Va. Code R. §7-2-2.4, the respondent of the complaint is given 30 days to provide a written response to the complaint. I must note that, without a response, a failure to respond shall be deemed an admission of the factual allegations contained in the complaint (W. Va. Code R. §7-2-2.5). Once the response is received and any further investigation is completed, the Board will act on the complaint in one of three ways: Dismissal, Settlement, or Hearing.

A dismissal occurs when the Board determines the allegations are unfounded or trivial, per WV Code §30-13-22(b), or when the allegation, even if presumed to be true, would not constitute a violation of WV Engineering Law or raise issues outside the jurisdiction (authority) of the Board. The Board does not publicize complaints which have been dismissed but for reference to the dismissal (by complaint number only) in the Board meeting minutes where the action was taken and in the Annual Report to the Governor.

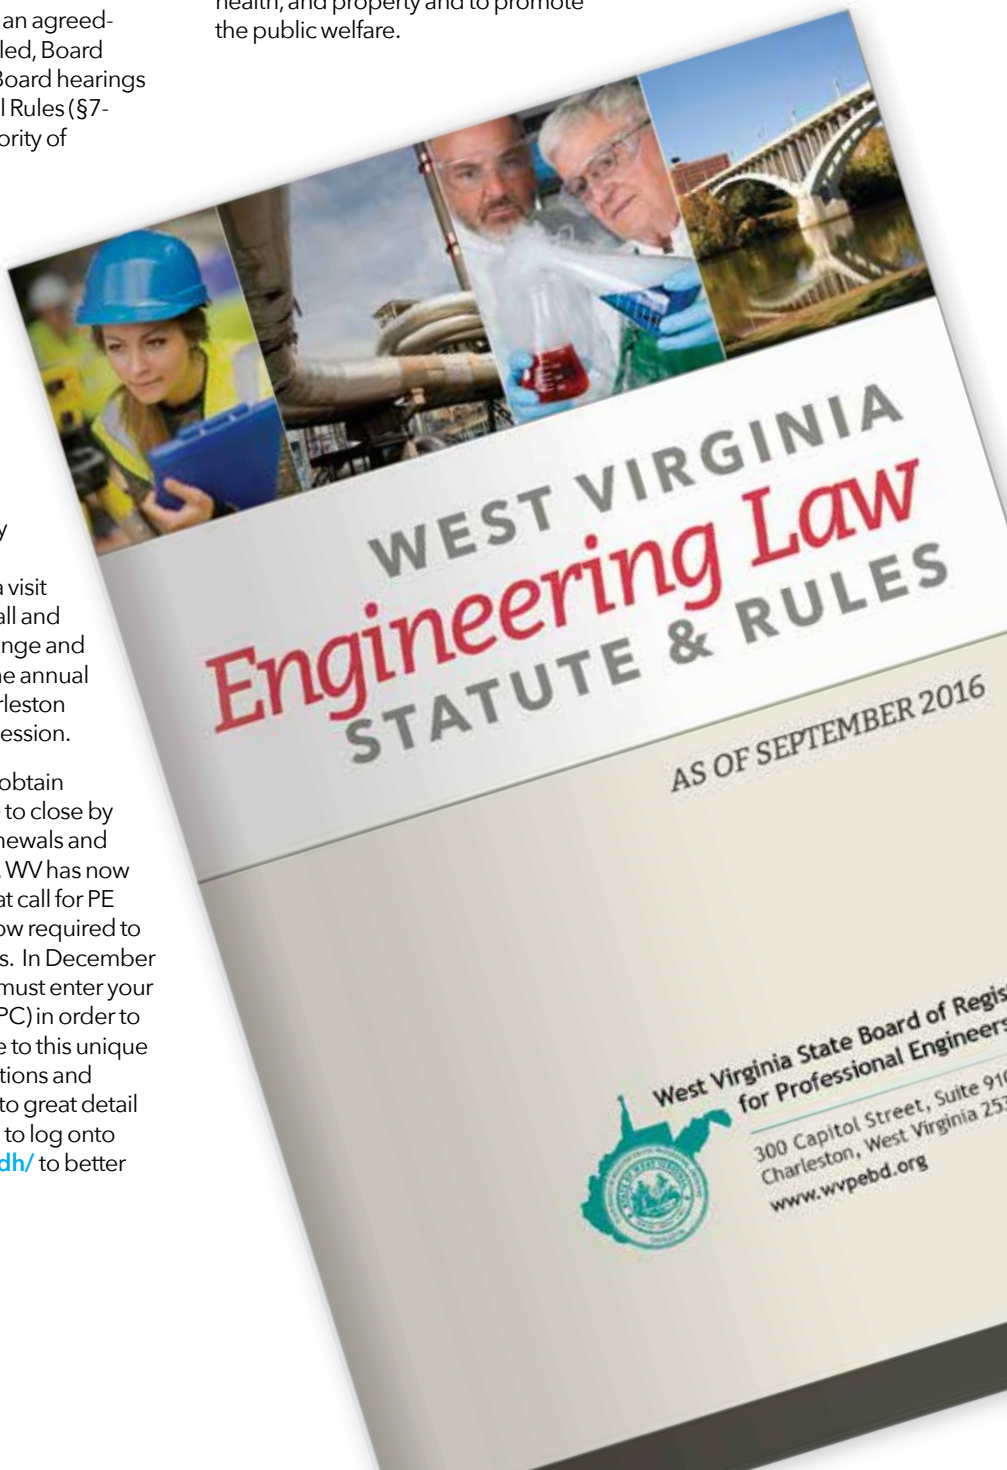
If the Board determines the allegations, if admitted or provable, would violate West Virginia Engineering Law, Board counsel is given settlement authority. Most complaints result in an agreed-upon Consent Order. If the complaint cannot be settled, Board counsel is directed to notice the matter for hearing. Board hearings are discussed in great detail in the Board's Procedural Rules (§7-2-1 through 5), but I would like to highlight that a majority of all complaints that are not dismissed are resolved by voluntary settlement.

If the complaint goes to hearing, in order for the Board to impose any sanction or penalty, the findings of the Hearing Panel in support of disciplinary action must be proved by a preponderance of the evidence. All of the Board's orders since 2003 are posted on the web and sent to NCEES for reporting nationwide.

While the above complaint description is only a summary and relatively brief, we welcome anyone to contact our office for further information. We typically give 4-5 presentations per year in different venues throughout the state. If your organization would like a visit from the WV PE Board staff please don't hesitate to call and we will try to arrange some type of information exchange and dialogue. Of course, we are always present during the annual WV Construction and Design Exposition held in Charleston during the early spring, and many of you attend our session.

Speaking of the EXPO and its many opportunities to obtain Professional Development Hours (PDHs), I would like to close by highlighting the new requirement of our Biennial Renewals and how that affects your PDH reporting. As you all know, WV has now come online with about 90% of all the other states that call for PE license renewal every two years. With that, you are now required to report 30 hours of continuing education every 2 years. In December 2016, our online renewal system will be live and you must enter your 30 hours of Continuing Professional Competency (CPC) in order to renew your license up through December 2018. Due to this unique transition to biennial renewals, there are some exceptions and 'special cases' relative to reporting. Without going into great detail concerning these exceptions in this article, I urge you to log onto your account at **https://services.wvpebd.org/pe/pdh/** to better understand your personal situation.

Finally, I would also remind everyone to keep all of their PDH documentation for a minimum of three (3) renewal cycles as called for in W. Va. Code R. §7-1-10.7. Beginning in January and February of 2017, I will initiate the Board's biennial PDH audit as required by W. Va. Code R. §7-1-10.8. If your renewal is selected for audit, you will receive official correspondence from the Board detailing the steps required to successfully fulfill the audit requirements.
I hope 2017 and beyond proves to be a great time for our profession and I look forward to working for the Board and with all of you in an effort to safeguard life, health, and property and to promote the public welfare.



Board Disciplinary Actions

Disclaimer: *Every effort has been made to ensure that the enforcement information is correct; however this information should not be relied upon without verification from the Board office or website. It should be noted that the names of companies and individuals listed may be similar to the names of parties who have not had enforcement actions taken against them. Should you have any specific questions regarding the disciplinary actions noted below, please contact the Board office.*

In meeting its mission of safeguarding life, health and property, and to promote the public welfare, the WV Board actively enforces the statutes and rules that fall within its jurisdiction. Below is a summary of formal complaints that resulted in disciplinary action since the 2015 newsletter. Numerous other investigations were conducted, some resulting in formal complaints which are still pending; some dismissed because the charges were unsubstantiated or considered trivial; and some closed after acceptable corrective action or warning.

The actions below were either a result of a formal hearing resulting in a Board Order or settled informally resulting in a Consent Order. These orders are public records. If you are interested in knowing more about the nature of the complaint, you may request a copy pursuant to the State's Freedom of Information Act. All Orders are posted on the Board website.

All civil penalties are deposited in the state's general fund. Administrative costs are made payable to the WV PE Board and are retained by the Board to offset costs incurred in the investigation and complaint resolution efforts. Administrative costs may be waived if the complaint is resolved with a minimum of expense.

Case #: **C2015-05 - LW Survey CO.**
Violation: Offering to practice engineering without a Certificate of Authorization. Practicing engineering in WV without a Certificate of Authorization. [§30-13-17(a)]
Resolution: Consent Order signed. Civil penalty of $500 paid. Case closed 3/14/15.

Case #: **C2015-06 - David E. Moore**
Violation: Failure to sign & seal design information submitted to a client. [§30-13-16(c), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $250 paid. Case closed 6/11/15.

Case #: **C2015-07 - Light-Heigel & Assoc.**
Violation: Practicing engineering in WV without a Certificate of Authorization. [§30-13-17(a)]
Resolution: Consent Order signed. Civil penalty of $700 paid. Case closed 6/11/15.

Case #: **C2015-08 - Jon Hall**
Violation: Practicing engineering in WV without a professional engineer's license including certifications submitted to a state agency. [§30-13-2, §30-13-16(c), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $250 paid. Case closed 9/2/15.

Case #: **C2015-09 - Chu & Gassman Consulting Engineers, PC / Jon T. Chu**
Violation: Offering to practice & practicing engineering in WV without a professional engineer's license. Offering to practice & practicing engineering in WV without a Certificate of Authorization. [§30-13-2, §30-13-17(a), §30-13-21(a)(4)]
Resolution: Board Order entered 2/3/16. Civil penalty of $2,300 & administrative costs of $4,500 paid. Case closed 2/25/16.

Case #: **C2015-10 (Consolidated with C2014-16) - Daniel A. Metheny**
Violation: Violations of the Rules of Professional Responsibility, engaging in dishonorable, unethical or unprofessional conduct likely to deceive, defraud or harm the public, providing false testimony or information to the Board. [§30-13-21(a)(4), (11)&(12)]
Resolution Board Order entered 8/11/16. Civil penalty of $4,000 & administrative costs of $27,500 pending.

Case #: **C2015-12 - EXCO Resources (PA), LLC**
Violation: Aiding & assisting unlicensed practice, including certifications submitted to a state agency [§30-13-2, §30-13-16(c), §30-13-21(a)(4)&(8)]
Resolution: Consent Order signed. Civil penalty of $1,500 paid. Case closed 7/24/15.

Case #: **C2015-14 - Recreation Engineering & Planning / Gary Lacy**
Violation: Offering to practice & practicing engineering in WV without a professional engineer's license. Offering to practice & practicing engineering in WV without a Certificate of Authorization. [§30-13-2, §30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $1,000 paid. Case closed 7/24/15.

Case #: **C2015-15 - Arnold Consulting Engineering Services, Inc. / Jeffery A. Arnold**
Violation: Practicing engineering without a WV professional engineer's license & Certificate of Authorization. [§30-13-2, §30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $500 paid. Case closed 6/27/15.

Case #: **C2015-16 - Lakeside Engineering Services P.C. / Christopher Dudek**
Violation: Practicing engineering without a WV professional engineer's license & Certificate of Authorization. [§30-13-2, §30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $800 paid. Case closed 7/14/15.

Case #: **C2016-02 - BioMost, Inc.**
Violation: Offering to practice & practicing engineering in WV without a Certificate of Authorization. [§30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $650 paid. Case closed 8/14/15.

Case #: **C2016-03 - Barry Levin & Associates, Inc.**
Violation: Offering to practice & practicing engineering in WV without a Certificate of Authorization. [§30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $500 paid. Case closed 8/14/15.

Case #: **C2016-04 - Lauren Engineers & Constructors, Inc.**
Violation: Offering to practice engineering in WV without a Certificate of Authorization. [§30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $250 paid. Case closed 9/15/15.

Case #: **C2016-06 - Edward J. Galto**
Violation: Offering to practice & practicing engineering in WV without a Certificate of Authorization. [§30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $500 paid. Case closed 10/15/15.

Case #: **C2016-07 - John B. Regen**
Violation: Practicing engineering in WV without a license. [§30-13-2, §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $250 paid. Case closed 12/22/15.

Case #: **C2016-08 - SE3, LLC.**
Violation: Practicing engineering in WV without a Certificate of Authorization. [§30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $250 paid. Case closed 10/21/15.

Case #: **C2016-10 - Integrity Engineering, PC / Sean Goldsmith**
Violation: Practicing engineering in WV without a license & Certificate of Authorization. [§30-13-2, §30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $500 paid. Case closed 10/29/15.

Case #: **C2016-11 - APEC Engineering / David Berry**
Violation: Offering engineering in WV without a license & Certificate of Authorization. [§30-13-2, §30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $500 paid. Case closed 10/8/15.

Case #: **C2016-13 - Kevcor, Inc. / Broderick Cory Attra**
Violation: Offering engineering in WV without a license & Certificate of Authorization. [§30-13-2, §30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $500 paid. Case closed 3/22/16.

Case #: **C2016-15 - Civil & Environmental Consultants, Inc. / Jeffrey Woodcock**
Violation: Practicing engineering in WV without a license. [§30-13-2, §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $500 & administrative costs of $1,250 paid. Case closed 7/19/16.

Case #: **C2016-19 - Mar Structural Design / David Mar**
Violation: Practicing engineering in WV without a license & Certificate of Authorization. [§30-13-2, §30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $500 paid. Case closed 5/17/16.

Case #: **C2016-20 - TAM Consultants, Inc. / Timothy Mills**
Violation: Practicing engineering in WV without a license & Certificate of Authorization. [§30-13-2, §30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $500 paid. Case closed 6/14/16.

Case #: **C2016-21 - Gollins Consulting Engineers, LLC**
Violation: Practicing engineering in WV without a Certificate of Authorization. [§30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $250 paid. Case closed 6/14/16.

Case #: **C2016-22 - Omni Consulting Services**
Violation: Practicing engineering in WV without a license & Certificate of Authorization. [§30-13-2, §30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $250 paid. Case closed 7/19/16.

Case #: **C2016-26 - Amendola Engineering / Gary Amendola**
Violation: Practicing engineering in WV without a license & Certificate of Authorization. [§30-13-2, §30-13-17(a), §30-13-21(a)(4)]
Resolution: Consent Order signed. Civil penalty of $950 & administrative costs of $250 paid. Case closed 8/18/16.

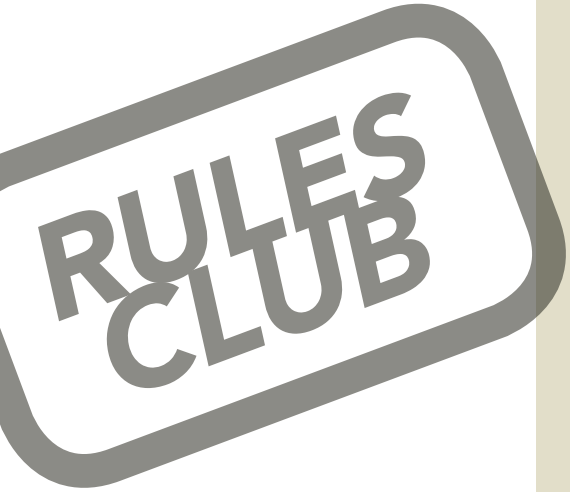
FIRST RULE: Know Your Rules (or RPRs)

LEGAL CORNER

DEBRA L. HAMILTON, BOARD COUNSEL & DEPUTY ATTORNEY GENERAL

The first rule of Fight Club is: You do not talk about Fight Club.

The second rule of Fight Club is: You do not talk about Fight Club.[1]



Those are absolutely not the rules of your Rules of Professional Responsibility (RPRs).

The first rule of the Professional Engineer's Rules of Professional Responsibility: Know your Rules of Professional Responsibility. W. Va. Code R. §7-1-12.1.

A later RPR: If you have knowledge of possible violations of any of the Rules of Professional Responsibility, you must provide the Board with information and assistance necessary to the final determination of the [alleged] violation. W. Va. Code R. §7-1-12.3(h).

It is not only fine to talk about the Rules of Professional Responsibility, but a good idea to talk about them, so this article gives a general overview of the RPRs and specific attention to the duties owed by Professional Engineers to their employers.

After W. Va. Code R. §7-1-12.1, the Rules of Professional Responsibility are divided into four sections. W. Va. Code R. §7-1-12.2 can be viewed as the introductory rules or admonitions. After stating that the RPRs are binding on every registrant, this general rule states:

(a) You must know WV Engineering Law (your statute, rules and other applicable laws relating to the practice of engineering), you must meet specific obligations delineated in the rules, and you must adhere to the highest ethical standards and moral conduct in all aspects of your engineering practice;

(b) Your engineering practice is a privilege that must be exercised only in your areas of competence according to current standards of technical competence;

(c) You must represent yourself "before the public only in an objective and truthful manner;" and

(d) You must "avoid conflicts of interest and faithfully serve the legitimate interests of your employers, clients, and customers." You cannot "compete unfairly with others."

An expert witness at a recent hearing on a PE Board complaint testified that the remaining sections give more specific "bright-line rules" and that the violation of one of these rules would most likely also violate one of the general rules in §7-1-12.2. Section 12.3 sets forth several rules regarding your Obligation to Society. Section 12.4 addresses your Obligation to Employer and Clients. The next section – 12.5 – delineates your Obligation to Other Registrants. (There is also Section 12.6, which requires you to report any disciplinary action taken by another jurisdiction on your renewal form.)

We shall now take a closer look at two of the bright-line rules that you must consider with regard to your duties to your employer (which also apply to your clients). One requires you to say nothing; the other requires you to speak up.

Rule of Professional Responsibility §7-1-12.4(c) prohibits you from revealing "facts, data or information obtained in your professional capacity without the prior consent of the client or employer except as authorized or required by law."[2]

Rule of Professional Responsibility §7-1-12.4(e) requires you to make full prior disclosures to your employers or clients "of potential conflicts of interest or other circumstances which could influence or appear to influence" your judgment or the quality of your service.

The above two rules are very likely to come into play if you are thinking about setting up your own company while still with your current employer, if you are actively talking to other potential employers, or if you are discussing doing work for existing clients or new customers through a firm other than

your current employer.[3] Err on the side of saying nothing about what you know about your current employer as a result of working there unless you have been told it is okay to share the information and stay extremely aware of the disclosure requirement as you are now in a circumstance that could influence your judgment or service.

It is true the line is not always that bright and you might not think you have crossed it in terms of unethically revealing or not disclosing information. What if you think there is a moral or ethical conflict between the interests of your employer and your client? The Board's expert witness at the same hearing mentioned above testified that the solution is to go to your employer and voice your concern. He went on to testify that under the RPRs, a professional engineer is under no obligation to the client to be honest and forthcoming about what the employer is doing. So what do you do? It was the expert's opinion that, if an uncomfortable question is asked or situation comes up, simply tell your client to talk with your employer directly. The expert went on to state: "If that raises some red flags, so be it." If you are unsure how to proceed, contact the Board to discuss your dilemma and your duties under the Rules of Professional Responsibility. It can't hurt and may well help you avoid disciplinary action.

Another rule in Section 12.5 should be considered if your employer is also a Professional Engineer. You must not, directly or indirectly, attempt to injure another PE's professional reputation, prospects, practice or employment – although to be a violation, the attempt to injure must be false or made maliciously. Neither can you "indiscriminately criticize" another PE's work. Since you should not be "dissing" your competition, you most definitely should not be talking "out of school" about a professional engineer who is your employer.

The above is not a theoretical discussion with no real life application. As shown by the references to expert witness testimony above, the WV PE Board has both gone to hearing and settled matters that resulted in disciplinary action for violations of some of the Rules of Professional Responsibility discussed here. Two involved former employees, and another was disciplined for failure to serve the legitimate interests of his client and failure to disclose a potential conflict of interest. A particularly egregious example (it could have even had criminal ramifications) was when a departing employee took with him some of the clients and files of his former employer.

If you are thinking about going out on your own or changing jobs, honor your obligations to your employer and make a good faith effort to minimize any harm done. You don't want your new start to start with an ethics complaint being filed against you.

---

[1] If you don't get that reference, you missed a good movie.

[2] In other words, you cannot reveal anything you know about your employer as a result of your job without your employer's consent, with the same restriction applying to information you get on-the-job about your client.

[3] The Board at times get questions about "moonlighting." If there is no chance it could be perceived as a conflict of interest, okay, but it would be safer to disclose your intentions to your employer.

NCEES
advancing licensure for engineers and surveyors

The NCEES pages contain an overview of recent news releases received from the National Council of Examiners for Engineering and Surveying (NCEES), as well as NCEES Licensure Exchange, concerning items that may be of interest to our engineering community. Some of these articles may have been adapted to fit the space allocated. For more information on any of these updates, or to review the full news releases, simply visit the NCEES website at ncees.org.

Important Changes To NCEES Exams

April 2017 Exam Changes

- **PE Mechanical Engineering** – The PE Mechanical Engineering exam has new specifications starting in April 2017. The specifications will be posted on the NCEES website after the October 2016 administration. Starting with the April 2017 administration, the PE Mechanical exam will no longer be a "breadth and depth" exam. It will become three distinct, separate exams:
  - **PE Mechanical - HVAC and REFRIGERATION**
  - **PE Mechanical - MACHINE DESIGN and MATERIALS**
  - **PE Mechanical - THERMAL and FLUID SYSTEMS**
- **PE Chemical Engineering** – The PE Chemical Engineering exam will be administered in pencil-and-paper format for the last time in April 2017. The exam will be converted to a computer-based test after that, with the first appointments anticipated in January 2018.
- **Structural 16-hour** – The Structural 16-hour exam will have revised design standards starting in April 2017. The standards will be posted on the NCEES website after the October 2016 exam.
- **PE Civil** – The PE Civil exam will have revised design standards for the Civil Structural module starting in April 2017. The standard will be posted on the NCEES website after the October 2016 exam.

October 2016 Exam Changes

- **PE Mining and Mineral Processing** – The PE Mining and Mineral Processing exam will have revised specifications starting in October 2016. The specifications are posted on the NCEES website.
- **Principles and Practice of Surveying (PS)** – The PS exam was administered in pencil-and-paper format for the last time in April 2016. The exam is now converted to a computer-based test with the first appointments available on Monday, October 3, 2016. CBT registration for the PS exam began in mid-June 2016.

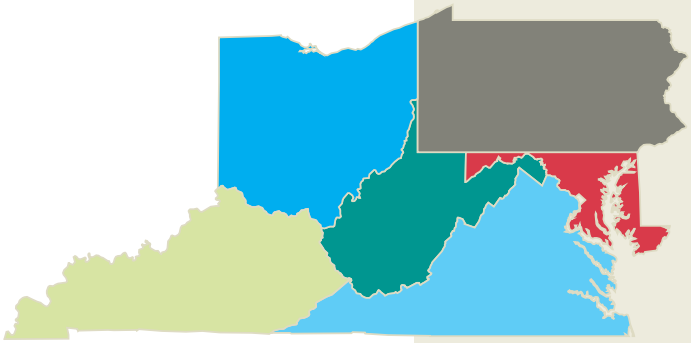
April 2016 Exam Changes

- PE Naval Architectural and Marine Engineering – The PE Naval Architecture and Marine Engineering exam has new specifications starting in April 2016. The specifications are posted on the NCEES website.

Special Accommodations

All requests for testing accommodations must be submitted through the NCEES E3 system by the posted registration deadlines. These include accommodations for ADA and religious reasons and for active military service. More information about special accommodations is posted on the NCEES website.

If you have any questions about these changes or require additional information, please contact NCEES or visit their website at ncees.org.



LOOKING TO PRACTICE IN MULTIPLE STATES?

Many professional engineers find that their careers require them to be licensed in more than one state. To do this, a PE must apply for comity licensure in additional states. NCEES Records is a service designed for engineers seeking comity licensure.

Discover if an NCEES Record is right for you. Visit ncees.org for details.

THE NCEES CONTINUING PROFESSIONAL COMPETENCY (CPC) STANDARD

State licensing boards can require a licensee to either meet the requirements of their jurisdiction or the NCEES CPC Standard for renewal purposes. The NCEES CPC Standard requires licensees to acquire 15 PDHs in each calendar year, of which at least one must be earned in an area that focuses on professional engineering ethics or improving a licensee's methods of business practice or operations.

NCEES RECORDS PROGRAM

The NCEES Records program is for currently licensed engineers and surveyors who are looking for an easier and faster way to complete the licensure process in multiple states. An established NCEES Record will include most–if not all–of the materials you need to apply for comity licensure in additional states and territories. Eliminate the hassle of resubmitting your

- **college transcripts**
- **exam results**
- **employment verifications**
- **professional references**

When applying for a license in an additional state, NCEES will review your materials and electronically submit them directly to the state licensing board on your behalf. This saves time and simplifies the application process when you need to practice in multiple states.

ABOUT NCEES

The National Council of Examiners for Engineering and Surveying is a nonprofit organization made up of engineering and surveying licensing boards from all U.S. states and territories and the District of Columbia. Since its founding in 1920, NCEES has been committed to advancing licensure for engineers and surveyors in order to safeguard the health, safety, and welfare of the U.S. public.

NCEES helps its member licensing boards carry out their duties to regulate the professions of engineering and surveying. It develops best-practice models for state licensure laws and regulations and promotes uniformity among the states. It develops and administers the exams used for engineering and surveying licensure throughout the country. It also provides services to help licensed engineers and surveyors practice their professions in other U.S. states and territories. For more information, please visit ncees.org.

NCEES Vision: The vision of NCEES is to provide leadership in professional licensure of engineers and surveyors through excellence in uniform laws, licensing standards, and professional ethics in order to safeguard the health, safety, and welfare of the public and to shape the future of professional licensure.

Value of licensure: Professional licensure protects the public by enforcing standards that restrict practice to qualified individuals who have met specific qualifications in education, work experience, and exams. In the United States, licensure for the engineering and surveying professions is regulated by state. Candidates interested in pursuing licensure are encouraged to check the requirements in the state or territory where they plan to practice, as the requirements vary.

Get involved: Are you an educator looking for tools to guide your students to successful careers in engineering or surveying? Are you a professional who is interested in inspiring the next generation? NCEES provides tools and opportunities for those of all ages to advance the engineering and surveying professions. Contact NCEES to explore your options!

Want to engage with others about the profession? Eager to be the first to know when results are released? Join NCEES on your preferred social network to experience a new level of interaction and learning.

www.facebook.com/NCEES
NCEES' Facebook page is filled with premium content, a rich history of NCEES, and photo albums of recent events. Like NCEES on Facebook, and you'll be able to stay on top of the pertinent issues affecting the engineering and surveying professions.

www. twitter.com/NCEES
If you prefer to quickly scan headlines, follow NCEES on Twitter to learn about its activities and engineering and surveying related news. Retweet NCEES to share important facts and answers to common questions about licensure with your colleagues.

www. linkedin.com
Do you hold a professional engineering or surveying license? Join NCEES' LinkedIn groups (Professionally Licensed Engineering Community and Professionally Licensed Surveying Community) to connect with your professionally licensed peers. You can also broadcast your association with NCEES by following its LinkedIn page.

www. youtube.com/NCEESMedia
NCEES YouTube channel features videos of professional engineers and professional surveyors promoting the value of licensure. These videos are excellent tools to share with those who want to know more about our organization and the process of becoming licensed. In the near future, NCEES' YouTube will be expanding to include videos that answer their most frequently asked question, as well as to clarify processes and policies.

NCEES
advancing licensure for engineers and surveyors

NCEES Distinguished Service Awards

The National Council of Examiners for Engineering and Surveying (NCEES) recently honored six individuals for their dedicated service to the organization and the engineering and surveying professions. The WV PE Board proudly recognizes three of the six award winners as our own.

WV honorees in this elite group of national NCEES award winners included the following:

- **Leonard J. Timms, Jr., PE**
  NCEES Distinguished Service Award
- **William E. Pierson, PhD, PE**
  NCEES Distinguished Examination Service Award
- **Kenneth H. Means, PhD, PE**
  NCEES Distinguished Examination Service Award

"Small yet mighty" are the words used by the WV PE Board's Executive Director when describing the geographic size of her small state in comparison to the important contributions made on a national level by her PE Board members. With only a fraction of licensees compared to other Member Boards throughout the country, the volunteer efforts, committee work and dedication in both elected and volunteer positions from West Virginia speaks volumes. "It was a wonderful evening to witness our WV PE Board members being honored before their families, friends and colleagues for giving tirelessly to NCEES and to the engineering profession for decades. I couldn't be more proud."

The winners were honored at the NCEES annual meeting, held August 24–27, 2016, in Indianapolis, Indiana. The following is a portion of each of their press releases:

LEFT TO RIGHT *Leonard Timms, Jr., William Pierson and Kenneth H. Means*

NCEES honors WV professional engineer Dr. Kenneth H. Means for service

Michael Conzett, PE (2015-2016 NCEES President) and Dr. Kenneth H. Means, PE

Kenneth H. Means, PhD, PE, of Morgantown, West Virginia, has been awarded the NCEES Distinguished Examination Service Award for his dedicated service to NCEES and the engineering profession. Means received this award at the organization's 95th annual meeting, held August 24–27, 2016, in Indianapolis, Indiana.

Means began volunteering with NCEES exam development in 1982, working primarily on the Fundamentals of Engineering exam. Two years later, he began working with the Principles and Practice of Engineering Mechanical exam, when he and another volunteer assembled the entire exam of 40 essay questions.

Over the past 34 years, Means has continued to work in a variety of ways to support engineering licensure exams and the mission of NCEES. He has written many PE Mechanical exam items, taken part in preliminary item analyses to assess the quality of exam items, and participated in studies to update the exam specifications.

He has served as Chair of the PE Mechanical committee and as Chair and Vice Chair of the Mechanical Systems and Materials module. He has also trained and supported other exam development volunteers.

Means has been a part of many changes to the PE Mechanical exam, helping with the exam's conversion from an essay format to multiple choice and now working toward the transition to computer-based testing.

Means was a member of the WV State Board of Registration for Professional Engineers from 1981 to 1997, serving terms as President and Vice President during this time. He was a member or consultant to the Committee on Examinations for Professional Engineers for eight terms and also served as Vice Chair. He served on several other NCEES committees during his board tenure, including the Committee on ABET and the ad hoc Committee on Office Automation, aimed in part at streamlining the exam process to improve efficiency.

A licensed professional engineer since 1971, Means is a professor of mechanical and aerospace engineering at West Virginia University. He received his bachelor of science and doctoral degrees in mechanical engineering from West Virginia University. He received his master's of science degree in mechanical engineering from Drexel University.

NCEES honors WV professional engineer Dr. William E. Pierson for service

William E. Pierson, PhD, PE

William E. Pierson, PhD, PE, of Scott Depot, West Virginia, has been awarded the NCEES Distinguished Examination Service Award for his dedicated service to NCEES and the engineering profession. Pierson received this award at the organization's 95th annual meeting, held August 24–27, 2016, in Indianapolis, Indiana.

A dedicated supporter of the Fundamentals of Engineering (FE) exam, Pierson is a past Chair and Vice Chair of the committee as well as past Chair of the electrical engineering subcommittee. In addition to writing exam items since the early 1990s, Pierson has worked on preliminary item analyses to assess the quality of exam items. He has also worked on the subcommittee to select approved calculators for use on NCEES exams and assisted with the development of the FE Supplied Reference Handbook and exam preparation materials.

In the 26 years that Pierson has volunteered with the FE Exam Development Committee, the FE exam has undergone substantial changes. It moved from a single pencil-and-paper exam for all disciplines to a breadth-and-depth exam with common and discipline-specific sections and then to a computer-based exam offered in seven disciplines.

Pierson was a member of the WV State Board of Registration for Professional Engineers from 2006 to 2016 and is now an emeritus member. During his board tenure, he served as Board Vice President and also served four terms each as a member of the NCEES Committee on Examinations for Professional Engineers and the Committee on Education. He also served as a member of the NCEES Engineering Education Award jury and as the NCEES alternate representative to the ABET Board of Directors.

Pierson is committed to advancing intern certification and PE licensure. As a member of the West Virginia PE Board, he met with engineering deans at various state colleges and universities to discuss the effectiveness of the FE exam as an outcomes assessment tool. He also gave presentations on NCEES licensing exams, including the FE exam's transition to computer-based testing.

A licensed professional engineer since 1975, Pierson is professor emeritus at Marshall University's Weisberg Division of Engineering. He earned a bachelor of science degree in electrical engineering from West Virginia Institute of Technology, a master of science degree in electrical engineering from West Virginia University, and a PhD from the University of Missouri–Rolla.

NCEES honors WV professional engineer L. Joseph Timms, Jr., PE, for service

Michael Conzett, PE (2015-2016 NCEES President) and Joe Timms, PE

L. Joseph Timms, Jr., PE, of Bridgeport, West Virginia, has been awarded the NCEES Distinguished Service Award for his dedicated service to NCEES and the engineering and surveying professions. Timms received this award at the organization's 95th annual meeting, held August 24–27, 2016, in Indianapolis, Indiana.

Timms was a member of the West Virginia State Board of Registration for Professional Engineers from 1998 to 2016. During this time, he served as Board President and Secretary. In 2016, he was named an emeritus member of the board.

Timms served on the NCEES Board of Directors from 2007 to 2012 while fulfilling terms as President and Northeast Zone Vice President. During this time, he was board liaison to a number of NCEES committees and task forces, including the Committee on Uniform Procedures and Legislative Guidelines, the Committee on Examinations for Professional Engineers, and the Education Task Force. He also served three terms as a member of the Committee on Law Enforcement and chaired the Foreign Experience Evaluation Task Force. He most recently served as chair of the 2015–16 Advisory Committee on Council Activities.

A resource and advocate for licensure and ethical responsibilities, Timms is actively involved in other professional and community organizations. He is a Fellow of the American Society of Civil Engineers and a member of the ASCE Committee on Licensure. He has made dozens of presentations on the value of licensure and the ethical obligations for professional engineers at West Virginia universities. As a member of the Advisory Committee and Engineering Visiting Committee for the West Virginia University Department of Petroleum and Natural Gas Engineering, he has promoted the need for faculty members to be licensed. For more than a decade, he has taken part in the West Virginia PE Board's continuing education presentation at the annual West Virginia Construction Design and Exposition.

Timms has more than 50 years of experience in civil engineering, management, and energy consultancy. He retired as president and CEO of Consolidated Natural Gas (now Dominion) Transmission Corporation, a Fortune 500 company. Since his retirement almost 20 years ago, Timms has been active as an adjunct professor of management, a management and energy consultant, and mayor of his city for 8 years.

Timms holds a bachelor's degree in civil engineering from the Massachusetts Institute of Technology and a bachelor's degree in business and economics from Salem International University. A former chair of the Davis and Elkins College (W.Va.) board of trustees, Timms received an honorary doctor of law degree from the college following his 2008 commencement address.

2016 Renewal Status Report and COA Renewal Follow-Up

The following is a numerical summary of registered individuals and firms as of September 15, 2016.

- » Active PEs.....8601
- » Retired PEs 307
- » Active COAs 3213

COA Status Summary for December 2015 COA Renewal

- » Active Firms Receiving COA Renewal Notification in November 2015.....3230
- » Non-Responding Firms that resulted in Lapsed Status 91

2016 WV LICENSEE STATUS REPORT

To view or download a complete roster of the Active PE licenses, Firm Certificates of Authorizations (COAs), and Retired PEs, simply visit our website. You may also access the online verification search to determine if a particular individual and/or firm is authorized to practice, or even offer to provide engineering services in WV. In the past, our site (and this newsletter) contained disclaimers indicating that users should use the rosters and online verification systems with caution, noting that the search mechanisms were only updated every 60-90 days. However, we are extremely pleased to report that we have implemented a new in-house database and all rosters and online verification search tools are now pulling data in "real-time". All submitted address changes, new employer updates, new licensees, as well as any recent Board changes to the status of a licensee will appear immediately unless an action is required by staff before it will post. If such an action is required by staff, they will receive a flashing warning the next time they log into the database and be prompted to perform the check and release the "real-time" update. In most instances, such approvals are performed during the normal course of business and multiple times throughout each work day. If, however, an after-hours/weekend/holiday submission occurs that requires staff action, rest assured such will take place within a maximum of 1-2 hours of our office opening on the next official business day.

Summary Note: *Due to our upgraded technology and "real-time" search features available on our website, we are no longer publishing lengthy newsletter lists within our newsletter of those PEs or firm COAs with Lapsed, Inactive or Invalidated status. It is quite possible these individuals or firms may have already begun or completed the reinstatement process to bring such non-practicing status situations into Active status and good standing. Again, visit our website for complete status details for any WV PE or WV COA, or simply contact the Board office with any specific questions.*

COA RENEWAL FOLLOW-UP

In the early months of the 2016 calendar year, shortly after the January 30th COA deadline for renewal with late fees, several issues came to the attention of the WV PE Board staff where the COA renewal fee submissions did not appear to match earlier submissions and the reported number of PEs claimed for the employer in previous years. For this reason, correspondence was sent on behalf of the Board to each firm and their Engineer In Responsible Charge (EIRC). This correspondence contained a COA Questionnaire that asked the following 2 simple questions:

Total Number of Employees associated with your COA.

NOTE: This must include every employee on your payroll for the main office as well as all branch locations with the same COA.

	1 Employee
	2-25 Employees
	25+ Employees

Total Number of Professional Engineers (PEs) associated with your COA.

NOTE: This must include every registered professional engineer from any jurisdiction, not just WV PEs.

	1 Professional Engineer
	2 or 3 Professional Engineers
	4 or more Professional Engineers

The EIRC was asked to simply respond to these 2 questions and return to the Board office no later than March 7, 2016. Upon receipt, Board staff verified the responses against the firm's new application, renewal information and/or fee submission and then followed up with those who had apparent discrepancies. Slightly more than 11%, approximately 350 COAs, were discovered to have discrepancies and potential problems with their 2015-16 Certificate of Authorization (COA) Renewal, or new COA application, when compared to their response to the Board COA Questionnaire. Specifically, discrepancies existed regarding the total number of employees and/

or the total number of Professional Engineers (regardless of state of licensure) working for their firms. In order to maintain active status of the current COA, the firm was required to review the discrepancies and make the necessary corrections in the data responses or submit the correct corresponding fee for the correct number of employees and/or PEs working under that COA.

The Board explained in the correspondence that the differences in the responses to the questionnaire vs. the COA application or renewal may simply have been an oversight on the part of the individual who handled the application/latest renewal process or perhaps the information was correct at the time of application/renewal but has changed. If this was the case, the Board asked for a basic written explanation to file with their COA record documents. If the response to the COA Questionnaire was and continued to be correct, meaning the discrepancy existed, the Board asked the company to rectify this situation by sending in the additional required payment. In order to ensure the current accuracy of the size of the firms practicing engineering in West Virginia, the Board decided to disregard prior years and simply allow firms to pay the difference between the correct 2016-17 renewal fee/original application fee and the actual required fee payment made by the company. Of course, they must agree to continue to renew based on then current and correct information or possibly subject themselves or their firm to disciplinary action based on misinformation to the Board.

Details of such discrepancies were presented in the form noted below:

_____ Original COA Application Fee paid by firm

_____ Correct COA Application Fee based on COA Questionnaire Response

_____ Posted 2015 COA Renewal Payment paid by firm

_____ Correct 2015 COA Renewal Fee based on COA Questionnaire Responses

_____ Total of all noted discrepancies on most recent payment history attached

_____ One-Time payment needed to correct the deficiency

For those firms who needed to pay an additional amount to reflect the size of their firm as of this 2016-17 licensure period, the Board respectfully requested the one-time payment via check or money order within 14 days of the date of the correspondence (no later than July 7, 2016).

As of September 15, 2016, the following is a summary of those firms with COA discrepancies and who potentially owed the Board additional funds:

26 explanations received and no fee required (firm was in compliance, ie, a PE added after renewal, error in completion of questionnaire, etc.)

7 elected Inactive Status (signed documentation they were no longer practicing or offering engineering services in WV)

319 payments collected to date – Total = $139,625

The Board would like to thank all firms involved in this administrative matter who provided a thorough and expeditious response to the Board Questionnaire and follow-up. The Board would also like to highlight that two firms reported inaccuracies in multi-year renewals and were not only apologetic but insistent that they pay the full amount of the arrears payments and not simply the 2015 discrepancy option offered by the Board. In the first instance, the firm's EIRC thanked the Board for their gracious offer but elected to send in the full $1500 discrepancy in lieu of the $500 one-time, reduced payment request. In the second instance, the EIRC stated that while he certainly appreciated the Board's generosity, he did not feel compelled to take advantage of the situation and they submitted $150 in lieu of the $100 one-time payment option offered.

First WV PE Biennial Renewal Season Is Upon Us

NEW PE FEE REDUCTIONS (as of July 2016)

2015 and prior

- PE License Renewal ..... $40 / year
- Retired PE License Renewal ..... $25 / year

2016 and until further notice*

- PE License Renewal ..... $70 / biennially
- Retired PE License Renewal ..... $30 / biennially

*WV PE renewal fees have remained the same since July 2001. The PE Board and staff have worked diligently to increase services and implement technological advances without any PE fee increases. In fact, with our new PE Roster approaching 8700 Active PEs, our new PE fee structure was able to be reduced to the same level as set by WV Legislature in 1993 and the PE-Retired renewal fee is lower than in documented history.

THE FINAL STEP IN THE MUCH ANTICIPATED TRANSITION

In a letter dated May 14, 2015, addressed to all Active WV PEs and COA holders, the WV PE Board was pleased to announce its success during the 2015 Legislative Session in having 2-year renewals authorized and changing the licensure year to the calendar year, both of which our stakeholders clearly preferred and have been requesting for years. Due to other sections of WV law, we were required to adjust our receipt of revenue in comparison to budgeted expense and, for that reason, were required to stagger the biennial renewals for PEs and COAs. Therefore, the 2-year cycle for COAs began on January 1, 2016 and for PEs will begin January 1, 2017. Obviously, there were some issues that arose in the transition to this 2-year licensure period that, by Board action, are being resolved as follows:

The renewal process for PEs for the 2015-2016 licensure period began with a letter outlining that the traditional 12-month licensure period would extend an additional six (six) months such that your PE license does not expire until December 31, 2016. For that 2015-2016 PE renewal period, the Board delayed the requirement to report the fifteen (15) professional development hours (PDHs). In addition, PEs simply paid the regular $40 annual renewal fee but enjoyed the benefit of the additional six months of licensure. Now that this 18-month transition is nearing completion, we are preparing for the 2017-2018 renewal where PEs must document thirty (30) PDHs prior to the issuance of a new license, which will be valid from January 1, 2017 through December 31, 2018. The thirty (30) PDHs is simply twice the number previously required for an annual renewal. If the licensee has earned more than the required 30 PDHs in the allowable timeframe, he/she should claim those as well because the Board now allows for up to 15 carryover hours into the next 2-year renewal cycle.

In other words, those wishing to renew their current license (which expires on December 31, 2016), simply complete the basic online renewal form, submit the new reduced fee of $70 (instead of $80), and your license will be renewed through December 31, 2018. Prior to the expiration of your 2015-16 license, you will submit the new renewal fee (which was set forth in new legislative rules approved during the 2016 WV Legislative Special Session) and document 30 PDHs obtained between July 1, 2014 (or your 2014 renewal date) and December 31, 2016 (or your 2016 renewal date). Essentially this transition has afforded each WV PE an extra six months to earn the required continuing education during our transition year. The Board waived six months of the regular annual renewal fee (a $20 savings) and six months of required continuing education (7.5 PDHs) in an effort to aid in a quick and efficient transition that would be amenable to our licensees.

Another change that was implemented during the COA renewal season in late 2015 is also being implemented during the upcoming PE renewal season which is the reduction in the grace period following the December 31st deadline. The Board grace period where a license can still be renewed by submitting late fees changed from ninety (90) days to one month. This means that all WV PE licenses not renewed by January 31, 2017 will lapse and then require submission of a reinstatement application package to return to active status.

One additional, yet important, change in W.Va. Code 30-13-18 drops the requirement that the WV PE Board mail a notice of renewal requirements to each licensee at their last known address. It is contemplated that future renewal notices will be emailed to current licensees, as well as continue to be displayed prominently on the Board's website at www.wvpebd.org. For this reason, please remember to keep your email address(es) current with the Board.

The new renewal processes will reduce the amount of time and cost needed by both you and our staff to ensure professional engineers and engineering firms serving West Virginia are properly credentialed. We will strive to continue to find ways to best serve our licensed PEs and firms, while fulfilling the Board's mission to protect public health, safety and welfare.

CPC Tracking – 2 New Tools for Your Use

YOU HAVE ASKED AND WE HAVE ANSWERED!

The above "We" refers to the WV PE Board as well as NCEES. Most state licensing boards require licensed professional engineers and surveyors to meet a continuing professional competency (CPC) requirement to renew their license. The WV PE Board recently unveiled their year-round continuing education online activity log. You may report your continuing education activity participation at any time by logging into your personal WV database record, 365 days a year, 24 hours a day. You no longer have to wait and type all entries during the processing of your online WV PE renewal transaction. This will be a great benefit as we move to the multi-year renewal which requires a minimum of 30 qualifying professional development hours (PDH) to successfully renew.

You may also conveniently track and report your CPC requirements for free through your MyNCEES account.

How to track your CPC courses and requirements

1. Identify the state licensing board(s) for which you would like to track CPC requirements. Log into your MyNCEES account and select CPC Tracking to select the appropriate state licensing boards and enter renewal period information for each.
2. Enter CPC course information when you complete a continuing education course by adding the course information and corresponding PDHs. Supporting documentation can be uploaded to your account and the course and PDHs will be applied to the appropriate states.
3. Track your progress and view a side-by-side comparison of the state's requirements and your completed CPC courses.
4. Transmit your completed CPC report to the relevant state licensing board(s) at the appropriate time. Check with the various state licensing boards for specific requirements.

Where Do You Fit In?

NCEES is made up of 70 engineering and surveying licensing boards that represent all U.S. states, the District of Columbia, Guam, Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands. These boards are divided into four zones: Central, Northeast, Southern, and Western.

The zones generally meet twice a year—at the annual meeting in August and at the zone interim meeting in the spring. The 2017 zone interim meeting dates are as follows:

- **April 27–29, 2017:** Joint Northeast/Southern Zone, St. Thomas, Virgin Islands
- **May 18–20, 2017:** Joint Central/Western Zone, Denver, Colorado

CALENDAR of events - 2017

JAN	21	**PE Application Deadline** for April 2017 Exam Administration
JAN	24	**Board Meeting**, WV PE Board Office, Charleston, WV PE Exam Candidate Interviews, Charleston, WV
FEB	19-25	**National Engineers Week** – various Board activities/speaking engagements
MAR	21	**Board Meeting**, WV PE Board Office, Charleston, WV
MAR	22-23	**38th Annual WV EXPO + Continuing Education Seminars**, Charleston, WV
APR	21-22	**NCEES PE and Structural Exams**, Charleston and Morgantown, WV
APR	27-29	**NCEES Joint Northeast/Southern Zone Meeting**, St. Martin, U.S. Virgin Islands
MAY	16	**Board Meeting**, WV PE Board Office, Charleston, WV
JUL	18	**Board Meeting**, WV PE Board Office, Charleston, WV
JUL	29	**PE Application Deadline** for October 2017 Exam Administrations
AUG	7	**PE Exam Candidate Interviews**, Charleston, WV
AUG	23-26	**NCEES Annual Meeting**, Miami, FL
SEPT	19	**Board Meeting**, WV PE Board Office, Charleston, WV
OCT	27-28	**NCEES PE and Structural Exam**, Charleston and Morgantown, WV

TEL 304-558-3554, 800-324-6170, FAX 304-558-6232, WWW.WVPEBD.ORG

Red Flags

Watch out for these issues:

- Architectural sheets sealed by an engineer
- Engineering sheets sealed by an architect
- Plans sealed by an unlicensed person, architect or engineer
- Plans sealed by an engineer of an unauthorized firm (one without a COA)
- Incomplete documents sealed without a disclaimer
- Plans that have not been sealed, signed (dated) by the licensee(s)
- Prototypical, standard plans that do not bear the seal of the WV licensee and disclaimer
- Seals that appear to be cut and pasted
- Contact person is not the licensee or it is difficult to contact the licensee
- Plans, details, letters, reports, etc. do not appear to apply to the project
- Plans have numerous or serious code violations
- Non-dated revisions
- Revisions or changes missing seal, signature (date)
- Plans which do not list the name of the architect or engineer involved and the name of his/her firm.

What to do?

- Question the professional as to circumstances and qualifications
- Get the issue corrected
- Reject the documents
- Contact the appropriate licensing board
- File a complaint with the appropriate licensing board

Engineering Addendum:

Are the services of a registered professional engineer required for single family residential structures?

Single family residences do not normally require the design services of professional (structural) engineers except for some large custom designed homes where the owner requests the services or the spans are too large for typical code-specified framing to work. Generally the only times a structural engineer will become involved in a single family residence are as follows:

- Where there is a problem with the foundation or framing of the house, such as storm damage, soil movements, or unusual deflections and damages in the architectural finishes.
- When an existing house is being sold and the mortgage company is looking for someone to identify and describe the various structural movements and damages that have occurred in the structure, as well as provide some recommendations of what should be done to eliminate the problems.
- When the design of the house involves a structural system which is outside of the typical structural framing and foundation systems specified in the residential building code or when the building code requires engineering services.

Whom may I contact?

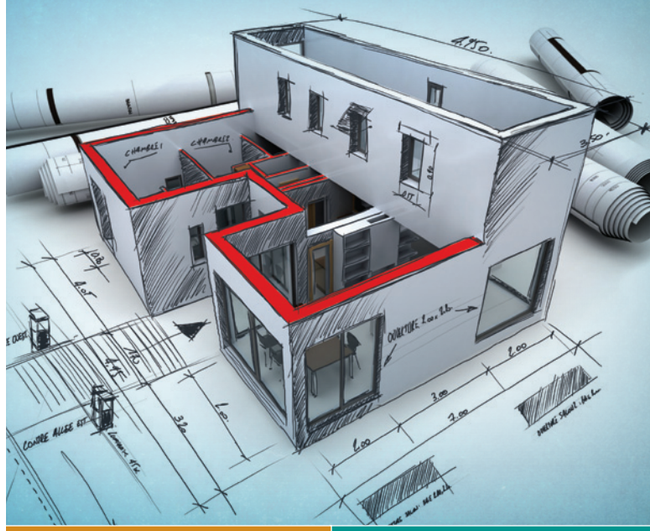
THE PROFESSIONAL USE OF SEALS

2013 ARCHITECTURE & ENGINEERING PRACTICE

Requirements regarding the practice of architecture and engineering in West Virginia



www.wvbrdarch.org a | www.wvpebd.org e

Which type of licensee must prepare and seal plans?

Can architects prepare and seal engineering plans?

a e Although incidental engineering is allowed, architects generally should not seal electrical, mechanical, plumbing, civil or structural engineering drawings.

Can engineers prepare and seal architectural plans?

a e Although incidental architecture is allowed, engineers should not represent their work as architecture and should not seal drawings identified as architectural.

Are companies employing these licensed professionals required to be registered by their respective Boards prior to providing, or even offering, professional services on projects in WV?

a No, but an individual architect is required to be registered in WV before soliciting work in WV

e Yes, a valid Certificate of Authorization (COA) must be obtained from the PE Board.

How can one verify that an architect, engineer, or engineering company is currently licensed and eligible to offer professional services in WV?

a e Both Boards have websites which allow online licensure verification.West Virginia engineers are not licensed by discipline but as professional engineers. Seals shall not reference an engineer's branch or discipline.

a Visit www.wvbrdarch.org or call 304-528-5825

e Visit www.wvpebd.org or call 304-558-3554

Are there special requirements regarding the seals?

Can a licensee use an electronic seal?

a Electronic seals are permitted, but electronic signatures are not permitted. The signature must be an original, handwritten signature.

e Electronic seals and signatures are allowed. Facsimile signatures are not allowed.

Can a licensee seal another licensed designer's standard (prototypical) plans?

a e No, they must be sealed by a West Virginia licensed architect or engineer who is in responsible charge of the preparation of the documents.

Can an individual licensed in another jurisdiction engage in temporary practice before obtaining a license here?

a e No.

Security of seal – can someone else use an individual's seal?

a e No.

Must professional corporations use corporate seals on plans?

a e No.

Must the licensee seal, sign and date each sheet of original drawings issued for bidding, permitting or construction?

a They must sign and seal the index page or each individual sheet that was prepared under the architect's responsible control. The date is not required.

e They must sign, seal and date the first sheet or title sheet of the appropriate sections.

Must the licensee seal, sign and date the index page identifying each set of specifications or technical submissions?

a The architect is required to sign and seal all technical work prepared by him/her. No date is required.

e The engineer is required to sign, seal and date all technical work prepared by him/her.

What structures may be exempt in the licensing laws from the architect's and engineer's requirements and/or may be prepared by others?

a There are limited exemptions in the architect's law to permit a person who is not registered as an architect to design and supervise the erection or alteration of the following:

1. A detached single family dwelling and any incidental sheds, storage buildings and garages;
2. A multifamily residential structure not in excess of three stories excluding any basement area;
3. Farm buildings, including barns, silos, sheds or housing for farm equipment and machinery, livestock, poultry or storage, if such structures are designed to be occupied by no more than ten persons;
4. Any alteration, renovation or remodeling of a building, if such alteration, renovation or remodeling does not affect the structural or other safety features of the building or if the work contemplated by the design does not require the issuance of a permit under any applicable code;
5. Pre-engineered buildings, including mobile classrooms purchased by county school boards, and;
6. A commercial structure which contains not more than 7,600 square feet and is only one story, excluding any basement area.

e No specific types of structures are exempt from engineer licensing laws.

Plans for changes to previously exempt structures?

a Exempt, if finished structure would still qualify for its original exemption.

e Not exempt.

Plans for changes to nonexempt structures?

a Exempt if changes:

- Do not alter or affect the structural system.
- Do not change access or exit patterns.
- Do not change live or dead loads.
- Do not change safety features.
- Do not require the issuance of a permit under any applicable code.

e Not exempt.

Plans for alterations or up-fitting of a shell or unfinished structure?

a e Not exempt.

Shop drawings?

a Exempt e Not exempt.

Are church plans exempt?

a e No.

What types of documents require a seal?

Must a licensee seal all plans prepared for bidding, permitting or construction?

a Yes. e Yes.

Are specifications required to be sealed?

a Yes. e Yes.

If a project is exempt but a licensee does the work, must the licensee seal the plans?

a Yes e Yes, generally.

Are change orders, technical submissions or drawings accompanying or related to change orders required to be sealed?

a e Yes, if the changes, technical submissions or drawings were of a type that must be prepared by a licensee.

Are addenda and field changes required to be sealed?

a e Yes, if the documents, addenda or field changes can only be lawfully prepared by a licensee.

Are "record drawings (as builts)" required to be sealed?

a e Yes, when prepared by an architect or engineer.

What kinds of documents do not require a seal?

Must licensees seal presentation documents (renderings used to communicate conceptual information only) not a part of a set of drawings?

a e Not required to be sealed or signed.

Can a licensee seal sheets or pages prepared by others?

a Yes, in certain cases where portions of the work were prepared by others under the direct supervision of the architect. The architect may also sign or seal those portions of professional work if the architect has reviewed them and coordinated their preparation.

e Yes, if the licensee was in responsible charge of the work or completely checked it.

Under what circumstances are licensees limited from sealing certain documents?

Can a licensee seal a professional opinion letter or report concerning whether plans that he/she did not prepare comply with the building code?

a e Yes.

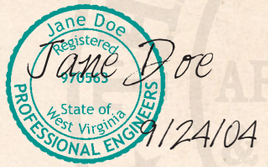
Can a licensee seal a document that was not prepared by the licensee or under his/her direct control?

a e No.

Proper architectural and engineering seals

Architect and engineer seals properly signed, sealed and dated:

Architect



Engineer

Acceptable disclaimers include:

- Preliminary – Do Not Use for Construction
- Progress Drawings – Do Not Use for Construction
- Final Drawing – For Review Purposes Only

Engineer's Creed

As a professional engineer, I dedicate my professional knowledge and skill to the advancement and betterment of human welfare. I pledge to give the utmost of performance, to participate in none but honest enterprise, to live and work according to the laws of man and the highest standards of professional conduct, to place service before profit, honor and understanding of the profession before personal advantage, and the public welfare above all other considerations. In humility and with need for divine guidance, I make this pledge.

Term Expires June 30, 2018

Introduction

The licensing of Professional Engineers began in the State of Wyoming in 1907. The West Virginia State Board of Registration for Professional Engineers (WV PE Board) was formed to oversee the licensing of engineers in West Virginia in 1921. Article 13 – the part of the professional licensing chapter of the code (Chapter 30) that regulates Professional Engineers – was first enacted in 1992. The statutes in W.Va. Code 30-13-1 et seq. and Series 7 of the Code of State Rules are the primary components of what is referred to as "West Virginia Engineering Law."

Laws requiring professional licensure and regulating the practice of that profession are enacted under the police powers of the State. The primary purpose is to protect the public. Through its statutes and rules, the WV PE Board works to safeguard life, health and property and promote the public welfare. This is done, in part, by requiring professional engineers to meet specified minimum standards, follow certain procedures, and practice in accordance with their rules of professional responsibility.

Those licensure standards, and the procedures and rules that govern those who have been granted the privilege to practice engineering in West Virginia, can be found in these pages. It is hoped that the information provided here helps you understand the substantive and procedural aspects of West Virginia Engineering Law. The staff and its counsel are always available in the event you need more information or have questions regarding the Board's implementation and application of West Virginia Engineering Law.

The Board and staff work diligently to carry out our responsibilities to the public, the State of West Virginia, and to the professional engineers licensed in West Virginia. The more that these entities know, understand and comply with West Virginia Engineering Law, the easier our job will be, and we can all work together to ensure that West Virginia's professional engineers are providing good service to the State and its people.

CHANGES TO STATUTE OR RULES AFTER 2016:

Please be advised this booklet contains only legislative action prior to September 2016. It is unpredictable when the West Virginia Legislature may consider and possibly pass legislation amending Article 13, and there is always the possibility that the Board may choose to seek statutory changes through the legislative process in future years. The Board, on its website, will attempt to keep the engineering community and citizens of West Virginia apprised of legislative developments and will always post legislation amending Article 13 that is enacted into law.

Similarly, the Board may pursue changes to its rules in future years although no changes to its legislative rules (Series 1) are proposed for rule-making review by the WV Legislature in 2017. You will always be able to find the rules in effect and any proposed rules on the Board's website at ***www.wvpebd.org*** *and on the WV Secretary of State's website at* ***www.sos.wv.gov****.*

WEST VIRGINIA CODE
CHAPTER 30 – PROFESSIONS AND OCCUPATIONS
ARTICLE 13 - ENGINEERS

§30-13-1. Legislative findings; intent.

The Legislature hereby determines the need to regulate the practice of engineering; to provide for the registration of qualified persons as professional engineers and the certification of engineer interns; to define the terms "engineer," "professional engineer," "engineer intern" and "practice of engineering"; to create a state board of registration for professional engineers and provide for the appointment and compensation of its members; to fix the term of members of the board and define its powers and duties; to set forth the minimum qualifications and other requirements for registration as an engineer and certification as an engineer intern; to establish registration fees with expiration and renewal requirements; to impose certain duties upon the state and political subdivisions thereof in connection with public works; and to provide for the enforcement of this article and penalties for its violation.

§30-13-2. General provisions.

In order to safeguard life, health and property and to promote the public welfare, the practice of engineering in this state is hereby declared to be subject to regulation in the public interest. It is unlawful for any person to practice or to offer to practice engineering in this state, as defined in the provisions of this article, or to use in connection with his or her name or otherwise assume or advertise any title or description tending to convey the impression that he or she is a registered or licensed engineer, unless the person has been duly registered or exempted under the provisions of this article. Engineering is hereby declared a learned profession and its practitioners are held accountable to the state and the public by professional standards in keeping with the ethics and practice of other learned professions in this state. The practice of engineering is a privilege granted by the state.

§30-13-3. Definitions.

Unless the context in which used clearly requires a different meaning as used in this article:

(a) **"Board"** means the West Virginia state board of registration for professional engineers as provided for in this article.

(b) **"Consulting engineer"** means a professional engineer whose principal occupation is the independent practice of engineering; whose livelihood is obtained by offering engineering services to the public; who serves clients as an independent fiduciary; who is devoid of public, commercial and product affiliation that might tend to infer a conflict of interest; and who is cognizant of their public and legal responsibilities and is capable of discharging them.

(c) **"Engineer"** means a person who is qualified to practice engineering by reason of special knowledge and use of the mathematical, physical and engineering sciences and the principles and methods of engineering analysis and design, acquired by engineering education and engineering experience.

(d) **"Engineer intern"** means a person who has qualified for, taken and has passed an examination in the fundamental engineering subjects, as provided in this article.

(e) **"Practice of engineering"** means any service or creative work, the adequate performance of which requires engineering education, training and experience in the application of special knowledge of the mathematical, physical and engineering sciences to such services or creative work as consultation, investigation, evaluation, planning and design of engineering works and systems; planning the use of land and water; teaching of advanced engineering subjects, engineering surveys and studies; and the review of construction for the purpose of assuring compliance with drawings and specifications any of which embraces such services or work, either public or private, in connection with any utilities, structures, buildings, machines, equipment, processes, work systems, projects and industrial or consumer products or equipment of a mechanical, electrical, hydraulic, pneumatic or thermal nature, insofar as they involve safeguarding life, health or property, and including such other professional services as may be necessary to the planning, progress and completion of any engineering services. Engineering surveys include all survey activities required to support the sound conception, planning, design, construction, maintenance and operation of engineered projects.

Any person who practices any branch of the profession of engineering or who, by verbal claim, sign, advertisement, letterhead, card or in any other way represents himself or herself to be a professional engineer, or by using another title implies that he or she is a professional engineer or that he or she is registered under this article or who holds himself or herself out as able to perform, or who performs any engineering service or work or any other service designated by the practitioner which is recognized as engineering, is considered to practice or offer to practice engineering within the meaning and intent of this article.

(f) **"Professional engineer"** means a person who has been duly registered or licensed as a professional engineer by the board. The board may designate a professional engineer, on the basis of education, experience and examination, as being licensed in a specific discipline or branch of engineering signifying the area in which the engineer has demonstrated competence.

(g) **"Responsible charge"** means direct control and personal supervision of engineering work.

(h) **"Rules of professional responsibility for professional engineers"** means those rules, if any, promulgated by the West Virginia state board of registration for professional engineers as authorized by this article.

§30-13-4. Board of registration for professional engineers; appointment and term.

There is hereby created the board of registration for professional engineers which shall hereafter be referred to as the board. The board shall be composed of five members appointed by the governor, by and with the consent of the Senate, preferably from a list of names submitted by the West Virginia society of professional engineers. The members of the board shall be qualified and shall meet the requirements of section five of this article. The governor shall present each board member with a certificate of appointment. Each board member shall make and file an oath or affirmation with the secretary of state to faithfully execute the duties of a member of the board. Members of the board shall serve a term of five years. Of the members first appointed, one shall serve a term of one year,

one shall serve a term of two years, one shall serve a term of three years, one shall serve a term of four years and one shall serve a term of five years. Members are eligible for reappointment but no member may be appointed for more than three full consecutive terms. Each member shall hold office until the expiration of the term for which appointed or until a successor has been duly appointed and has qualified. In the event of a vacancy on the board due to resignation, death or for any cause resulting in an unexpired term and if not filled within three months by the governor, the board may appoint a member to serve in the vacancy until the governor makes the appointment. Members of the former board whose terms have not expired shall fill the term on this board which corresponds with the length of the unexpired term of that member.

§30-13-5. Board qualifications.

Each member of the board must be a citizen of the United States and a resident of this state. Each member shall have been engaged in the lawful practice of engineering as a professional engineer for at least twelve years; shall have been in responsible charge of engineering projects for at least five years; and shall be a registered professional engineer in this state.

§30-13-6. Compensation and expenses.

Each member of the board shall receive compensation for time spent, and reimbursement for reasonable and necessary expenses incurred, in the performance of board-related duties pursuant to section eleven, article one of this chapter.

§30-13-7. Removal of members and vacancies.

The governor may remove any member of the board for misconduct, incompetency, neglect of duty or for any reason prescribed by law for removal of state officials. Vacancies in the membership of the board shall be filled for the unexpired term.

§30-13-8. Organization and meetings.

The board shall hold at least one regular meeting each year. Special meetings may be held as the bylaws of the board provide. Each year the board shall elect the following officers: A president, a vice president and a secretary, who shall serve at the will and pleasure of the board. A quorum of the board shall consist of not less than three professional engineer members.

§30-13-9. Board powers.

(a) The board may adopt and amend bylaws not inconsistent with the constitution and laws of this state. The board may promulgate and shall adopt "rules of professional responsibility for professional engineers." These rules are binding to any person registered with the board under the provisions of this article. These rules are also applicable to firms holding a certificate of authorization as provided in section seventeen of this article.

(b) The board may subpoena witnesses and compel their attendance and it may also subpoena books, papers, documents or other pertinent data in any disciplinary matters or in any case involving an allegation of a violation of the provisions of this article. The board may apply to the circuit court of Kanawha county to enforce compliance with any subpoena it issues.

(c) The board may seek an injunction in circuit court to enforce the provisions of this article or to restrain a person or entity from violating a provision of this article. In pursuing injunctive relief under this section, the board shall not be required to prove that an adequate remedy at law does not exist or that substantial or irreparable damage would result from the continued violation. The members of the board may not be personally liable for any decisions made in good faith in pursuing injunctive relief.

(d) The board may require all applicants for registration to take and successfully pass an examination of their fitness and qualifications to become registered.

(e) The board may require that a registered professional engineer demonstrate continuing professional competency in engineering as a condition of renewal or reregistration.

(f) Board members are exempt from civil liability for any decision made or any act done in good faith in the performance of any duty or the exercise of any power granted under this article.

§30-13-10. Receipt of fees, fund established, disbursements.

There is hereby established within the state treasury a "board of professional engineers fund." The board shall deposit all fees and other moneys received by the board into the fund. The moneys in the fund shall be used for expenses of the board and shall be requisitioned on the signatures of the president and secretary of the board. The secretary of the board shall annually furnish an accounting of all funds received and expended by the board to the governor and to each house of the Legislature. The board may use the moneys in the fund to employ necessary staff, pay for membership fees to the national council of examiners for engineering and surveying and for any other necessary and reasonable expense of the board: Provided, That the board may not issue warrants in excess of moneys in the fund.

§30-13-11. Records and reports.

(a) The board shall keep a record of its proceedings and of all applications for registration. The record shall show: (1) The name, age and last known address of each applicant; (2) the date of application; (3) place of business of such applicant; (4) education, experience and other qualifications; (5) type of examination required; (6) whether or not the applicant was rejected; (7) whether or not a certificate of registration was granted; (8) the date of the action by the board; and (9) such information as may be deemed necessary by the board.

(b) The record of the board is prima facie evidence of the proceedings of the board and a transcript duly certified by the secretary shall be admissible as evidence with the same force and effect as if the original were produced.

(c) On the first day of July of each year, the board shall submit to the governor a report of its transactions of the preceding year and shall transmit to the governor a complete statement of the receipts and expenditures of the board, attested to by affidavits of its chairman and secretary.

(d) Board records and papers of the following class are of a confidential nature and are not public records: Examination material for examinations not yet given, file records of examination problem solutions, letters of inquiry and reference concerning applicants, board inquiry forms concerning applicants, investigation files where any investigation is still pending and all other materials of like confidential nature.

§30-13-12. Roster.

A complete roster with the names and the last known addresses of all registered professional engineers shall be published by the secretary of the board at intervals established by the board. Copies of this roster may be mailed to each person registered and shall be placed on file with the secretary of state and may be distributed or sold to county and city officials and to the public.

§30-13-13. Requirements for registration of professional engineers and certification of engineer interns.

(a) General requirements. - Every person who desires to be certified as an engineer intern or to be registered as a professional engineer in this state must comply with the following requirements:

(1) Submission of a completed application specified by the board and payment of the application fee specified by rule of the board;

(2) Be at least eighteen years of age;

(3) Be of good moral character;

(4) Submit statements of reference as specified by rule of the board;

(5) Graduate from a four-year engineering curriculum accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (EAC/ABET), or an equivalent as approved by the board as being of satisfactory standing; and

(6) Be free of any grounds for disqualification as set forth in subsection of (a) of section twenty-one of this article.

(b) Certification of an engineer intern. - In addition to the foregoing general requirements, an applicant must meet the following requirements to be certified as an engineer intern in this state:

(1) Satisfactorily complete the required examination on the fundamentals of engineering; and

(2) Complete each additional requirement that the board may specify by legislative rule.

(c) Registration of a professional engineer. - In addition to the general requirements specified in subsection (a) of this section, an applicant must meet the following requirements to be certified as a professional engineer in this state:

(1) Meet all the requirements for certification as an engineer intern;

(2) Submit a record of four years or more of progressive experience in engineering work of a grade and a character that indicates to the board that the applicant may be competent to practice engineering;

(3) Satisfactorily complete the required examination on the principles and practice of engineering;

(4) Complete each additional requirement that the board may specify by legislative rule.

(d) Registration of a professional engineer through comity or reciprocal registration. - Notwithstanding the requirements of the foregoing subsection of this section, the board may issue a license to an applicant who holds a valid license or other authorization to practice engineering from another state, if the applicant satisfies the general requirements of subsection (a) of this section, satisfies the additional requirements specified by rule of the board and meets one of the following requirements:

(1) Holds a license or other authorization to engage in the practice of engineering issued by a proper authority of any jurisdiction, based on requirements that do not conflict with the provisions of this article and possesses credentials that are, in the judgment of the board, of a standard equivalent to or not lower than that specified in the applicable licensure act and rules in effect in this state at the time such license was issued, upon application, which may include a council record with NCEES; or

(2) Holds a valid council record with NCEES, which is the compilation of documents maintained by NCEES of an applicant's qualifications as a professional engineer, including official transcripts, engineering examination results, employment verifications and references, which indicates that the applicant meets the requirements of this article.

(e) Certification or registration of qualified applicants. - The board shall issue a certification to a qualified applicant who meets the requirements for certification as an engineer intern and shall issue a professional engineer registration to a qualified applicant who meets the requirements for registration as a professional engineer.

(f) Continuation of existing registrations and certificates. - A registration or certificate issued by the board prior to July 1, 2013, shall for all purposes be considered a registration or certificate issued under this article: Provided, That a person registered or certified prior to July 1, 2013, must renew the registration or certification pursuant to the provisions of this article and the rules of the board.

§30-13-13a. Designations of nonpracticing status.

The board may designate a professional engineer as ineligible to practice or offer to practice engineering in this state using one of the following terms:

(1) **Professional engineer-retired.** - A registrant may apply for retired status upon certification that he or she is no longer practicing or offering to practice engineering in this state for remuneration.

(2) **Professional engineer-inactive.** - A registrant may request inactive status upon affirmation that he or she is no longer practicing or offering to practice engineering in this state.

(3) **Professional engineer-lapsed.** - A registrant's license is lapsed when the registrant does not respond to renewal notices or pay the required fees.

(4) **Professional engineer-invalidated.** - A registrant's license is invalidated when he or she is unable to provide sufficient proof that any condition of renewal set forth in this article or by board rule has been met.

§30-13-14. Application and registration fee.

Every person seeking to become registered as a professional engineer or seeking to become certified as an engineer intern shall file an application on forms provided by the board. The application shall be made under oath and shall include:

(a) The level of education of the applicant;

(b) A summary of the applicant's technical experience; and

(c) The names and complete mailing addresses of any references.

Applicants may not use the names of board members as references.

In lieu of information required on the board's application forms, the board may accept the verified information contained in a valid council record issued by the national council of examiners for engineering and surveying for professional engineer applicants.

The board shall set fees for all applicants for registration and certification by promulgating legislative rules under the provisions of article three, chapter twenty-nine-a of this code.

Fees of unsuccessful applicants and the fees of applicants who have been refused registration or certification for any purpose shall be retained by the board to cover administrative costs.

§30-13-15. Examinations.

(a) The board has the power to establish, by legislative rule, the requirements for examination for registration as a professional engineer and certification as an engineer intern including, but not limited to, the following criteria: subject matter, prerequisites for testing, passing score, examination sites and schedules, entities authorized to administer examinations, prerequisites for testing and form of testing, including examination by electronic or other means.

(b) The board's rules for examination shall include the following minimum requirements:

(1) An examination to qualify to be an engineer intern, to test the applicant's knowledge and understanding of the fundamentals of engineering; and

(2) An examination to qualify as a professional engineer, to test the applicant's knowledge and understanding of the principles and practice of engineering.

(c) If the board determines that the safe and ethical practice of engineering in this state requires examination of matters specific to the law and practice in this state, the board may also establish criteria, by legislative rule, for an examination of the applicant's knowledge and understanding of this state's statutes, rules, professional ethics and design requirements.

(d) A candidate for registration as a professional engineer who fails the examination of the principles and practice of engineering may retake the examination one time upon payment of the fee established by the board. In the event of a second failure, the candidate may not repeat the examination unless the examinee demonstrates to the board that he or she has pursued additional instruction or training to correct the candidate's deficit areas of knowledge.

(e) In the event that examination requirements, test administration procedures, scoring or testing methods are modified by a board-approved testing entity providing standard tests for use by the board, the board has the authority to promulgate emergency rules to adopt and reflect those changes.

§30-13-16. Certificates and seals.

(a) The board shall issue a certificate of registration to any applicant who, in the opinion of the board, has met the requirements of this article. The certificate of registration shall carry the designation "professional engineer." It shall give the full name of the registrant with their registration number and shall be signed by the chairman and the secretary under the seal of the board. The certificate of registration grants the recipient authority to practice in this state.

(b) An unexpired and unrevoked certificate is prima facie evidence that the person named on it is entitled to all rights, privileges and responsibilities of a professional engineer.

(c) Every registrant shall obtain a seal for use in identifying his or her official professional work. The design of the seal shall be determined by the board and shall bear the registrant's name, registrant's registration number, the legend "registered professional engineer, state of West Virginia" and such other words or figures as the board may prescribe. The seal may be a rubber stamp. Whenever the seal is applied, the registrant's written signature shall be adjacent to or across the seal. No further words or wording are required. A facsimile signature is not acceptable. Whenever presented to a client or any public or governmental agency, the seal, signature and date shall be placed on all specifications, reports, drawings, plans, design information and calculations in accordance with rules promulgated by the board. The seal and signature shall be used by registrants only when the work being stamped was under the registrant's complete direction and control.

In the case of a registrant of another state using a temporary permit issued by this state, the registrant shall use the state of permanent registration seal and shall affix his or her signature and temporary permit number to all work. In the case of a registrant checking the work of an out-of-state registrant, the state registrant shall completely check and have complete dominion and control of the design. The complete dominion and control includes possession of the sealed and signed reproducible construction drawings with complete signed and sealed design calculations indicating all changes in design.

(d) The board shall issue to any applicant who, in the opinion of the board, has met the requirements of this article, an enrollment card as engineer intern, which indicates that his or her name has been recorded in the board office. The engineer intern enrollment card does not authorize the holder to practice as a professional engineer. It is unlawful for a registrant to affix or to permit his or her seal and signature to be affixed to any document after the expiration of his or her certificate or for the purpose of aiding or abetting any other person to evade or attempt to evade any provisions of this article.

§30-13-17. Certificates of authorization required; naming of engineering firms.

(a) No person or firm is authorized to practice or offer to practice engineering in this state until the person or firm has been issued a certificate of authorization by the board.

(b) A person or firm desiring a certificate of authorization must file all the required information with the board on an application form specified by the board. The required information shall include the sworn statement of the engineer in responsible charge who is a professional engineer registered in this state. The board shall issue a certificate of authorization to an applicant who has met all the requirements and paid the fees set forth in board rules.

(c) No person or firm is relieved of responsibility for the conduct or acts of its agents, employees, officers or partners due to compliance with the provisions of this article. No individual practicing engineering under the provisions of this article is relieved of responsibility for engineering services performed due to his or her employment or other relationship with a person or firm holding a certificate of authorization.

(d) An engineer who renders occasional, part-time or contract engineering services to or for a firm may not be designated as being in responsible charge for the professional activities of the firm unless that engineer is an owner or principal of the firm.

(e) The Secretary of State shall not issue a certificate of authority or business registration or license to an applicant whose business includes, among the objectives for which it is established, the words engineer, engineering or any modification or derivation thereof unless the board of registration for this profession has issued to the applicant a certificate of authorization or a letter indicating eligibility to receive the certificate. The certificate or letter from the board shall be filed with the application filed with the Secretary of State to do business in West Virginia.

(f) The Secretary of State shall decline to register a trade name or service mark which includes the words engineer, engineering or modifications or derivatives thereof in its business name or logotype except those businesses holding a certificate of authorization issued under the provisions of this article.

(g) The certificate of authorization may be renewed or reinstated in accordance with board rule and upon payment of the required fees.

(h) Every holder of a certificate of authorization has a duty to notify the board promptly of any change in information previously submitted to the board in an application for a certificate of authorization.

§30-13-18. Renewals and reinstatement.

(a) Certificates of registration and certificates of authorization expire on the last day of December of the year indicated on the certificate, and the holder of any certificate that is not timely renewed is ineligible to practice or offer to practice engineering in this state until the certificate has been reinstated in accordance with rules promulgated by the board.

(b) Certificates may be renewed only in accordance with board rule, which may include payment of a late fee for renewals not postmarked by December 31 of the year in which renewal is required. The board shall notify every person or firm holding an active certificate under this article of the certificate renewal requirements at least one month prior to the renewal date. The notice shall be made by mail or electronic means using the contact information provided to the board.

(c) A certificate that was not timely renewed or for other reason was given a nonpracticing status may be reinstated under rules promulgated by the board and may require reexamination and payment of fees set forth in board rules.

(d) Effective July 1, 2015, the board may renew certificates on a biennial basis.

(e) The board shall promulgate emergency rules pursuant to section fifteen, article three, chapter twenty-nine-a of this code to implement the provisions of this section.

§30-13-19. Reissuance of certificates.

A new certificate of registration or certificate of authorization to replace any certificate lost, destroyed or mutilated may be issued subject to the rules of the board. A charge established by rule shall be made for each new certificate.

§30-13-20. Public works.

Government agencies, authorities, officials and employees may not engage in the practice of engineering involving either public or private property unless the provisions of this article are met.

§30-13-21. Disciplinary action — Revocation, suspension, refusal to issue, restore or renew, probation, civil penalty, reprimand.

(a) The board may suspend or revoke or refuse to issue, restore or renew a certificate of registration of, or place on probation, impose a civil penalty or reprimand any professional engineer who has:

(1) Perpetrated any fraud or deceit in obtaining or attempting to obtain or renew a certificate of registration or certificate of authorization;

(2) Been negligent, incompetent or committed an act of misconduct in the practice of engineering;

(3) Been convicted of or has entered a plea of nolo contendere to any crime under the laws of the United States or any state or territory thereof, which is a felony whether related to practice or not; and conviction of or entry of a plea of nolo contendere to any crime, whether a felony, misdemeanor or otherwise, an essential element of which is dishonesty, or which is directly related to the practice of engineering;

(4) Failed to comply with any of the provisions of this article or any of the rules promulgated under it;

(5) Been disciplined by another state, territory, the District of Columbia, foreign country, the United States government or any other governmental agency, if at least one of the grounds for discipline is the same or substantially equivalent to those grounds for discipline contained in this article;

(6) Failed within thirty days to provide information requested by the board as a result of a formal or informal complaint to the board which would indicate a violation of this article;

(7) Knowingly made false statements or signed false statements, certificates or affidavits to induce payment;

(8) Aided or assisted another person in violating any provision of this article or the rules promulgated;

(9) Violated any terms of probation imposed by the board or using a seal or practicing engineering while the professional engineer's license is suspended, revoked, nonrenewed or inactive;

(10) Signed or affixed the professional engineer's seal or permitted the professional engineer's seal or signature to be affixed to any specifications, reports, drawings, plans, design information, construction documents or calculations or revisions which have not been prepared or completely checked by the professional engineer or under the professional engineer's direct supervision or control;

(11) Engaged in dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud or harm the public;

(12) Provided false testimony or information to the board; and

(13) Been habitually intoxicated or addicted to or by the use of drugs or alcohol.

(b) In addition to any other penalty provided in this article, the board may assess civil penalties against any person who violates any provision of this article or any rule promulgated by the board for each offense in an amount determined by the board.

(c) The board shall prepare and shall adopt "rules of professional responsibility for professional engineers." The board may revise and amend these "rules of professional responsibility for professional engineers" from time to time and shall notify each registrant in writing of any revisions or amendments.

(d) The board may:

(1) Revoke a certificate of authorization;

(2) Suspend a certificate of authorization of any firm for a period of time not exceeding two years where one or more of its officers or directors of the firm have been found guilty of any conduct which would authorize a revocation or suspension of his or her certificate of registration under the provisions of this article;

(3) Place the person or firm on probation for a period of time and make the person or firm subject to conditions as the board may specify;

(4) Assess a civil penalty and related costs for each count or separate offense in an amount set by the board.

§30-13-22. Disciplinary action — Procedures.

(a) Any person may file a complaint with the board that a person or firm subject to the provisions of this article has committed a fraud, been deceitful, been grossly negligent, incompetent, guilty of misconduct or has violated the "rules of professional responsibility for professional engineers."

(b) All complaints, unless dismissed by the board as unfounded, trivial or unless settled informally, shall be heard by the board within six months after the date each complaint was received by the board.

(c) The board shall fix the time and place for hearings on complaints and a copy of all charges, together with a notice of the time and place of hearing on the complaint the person or firm complained against or mailed to the last known address of the person or firm at least thirty days prior to the hearing. At the hearing, the person or firm shall have the right to appear in person or by counsel, or both, to cross-examine witnesses and to produce evidence and witnesses in his, her or its defense. If the accused person or firm fails or refuses to appear, the board may proceed to hear the complaint and determine the validity of the charges.

(d) If after the hearing a majority of the board votes in favor of sustaining the charges, the board shall reprimand or assess a civil penalty against the person or firm complained against. The board may also suspend, revoke, refuse to issue or refuse to restore or renew an individual's certificate of registration or a firm's certificate of authorization. In addition, the board may place a registrant on probation.

(e) Any person or firm aggrieved by any action of the board in assessing a civil penalty, denying, suspending, refusing to issue, refusing to restore or renew or revoking a certificate of registration or a certificate of authorization, may appeal the board's decision to the circuit court.

(f) Any civil penalty assessed as a result of a hearing shall be paid within fifty days after the decision becomes final.

(g) The board may, upon petition of a person or firm, reissue a certificate of registration or authorization, provided that a majority of the members of the board votes in favor of such issuance.

§30-13-23. Criminal offenses.

Any person who practices or offers to practice engineering in this state without being registered in accordance with the provisions of this article, or any person, firm, partnership, organization, association, corporation or other entity using or employing the words engineer, engineering or any modification or derivative thereof in its name or form of business activity except as authorized in this article, or any person presenting or attempting to use the certificate of registration or the seal of another, or any person who gives any false or forged evidence of any kind to the board or to any member thereof in obtaining or attempting to obtain a certificate of registration, or any person who falsely impersonates any other registrant of like or different name, or any person who attempts to use an expired, suspended or revoked or nonexistent certificate of registration, or who practices or offers to practice when not qualified, or any person who falsely claims that he or she is registered or authorized under this article, or any person who violates any of the provisions of this article is guilty of a misdemeanor, and, upon conviction thereof, shall be fined not more than five hundred dollars, or imprisoned in the county jail not more than six months, or both fined and imprisoned.

Any person who commits a second or subsequent offense under this section is guilty of a felony, and, upon conviction thereof, shall be imprisoned in the penitentiary not less than ten nor more than twenty years.

The attorney general may act as legal adviser to the board and render any legal assistance as may be necessary in carrying out the provisions of this article. The board may employ counsel and necessary assistance to aid in the enforcement of this article and the compensation and expenses of the council shall be paid from the funds of the board.

§30-13-24. Exemptions.

This article may not be construed to prevent the practice by:

(a) **Other professions.** – The practice of any other legally recognized profession;

(b) **Temporary permits.** – The practice or offer to practice engineering by a person not a resident of or having no established place of business in this state, provided the person is legally qualified by registration to practice engineering, as defined in this article, in their own state or country. The person shall make application to the board in writing and after payment of a fee established by the board may be granted a written permit for a definite period of time not to exceed one year to do a specific job: Provided, That no right to practice engineering shall accrue to the applicant with respect to any other works not set forth in the permit; and

(c) Employees and subordinates. – The work of an employee or a subordinate of a person holding a certificate of registration under this article, or an employee of a person practicing lawfully: Provided, That the work does not include final engineering designs or decisions and is done under the direct supervision of and verified by a person holding a certificate of registration under this article or a person practicing lawfully. Any regular full-time employee of a person, partnership, corporation or other business entity who is engaged solely and exclusively in performing services for such person, partnership, corporation or other business entity, who is not required by any provision of the law other than this article to be a registered professional engineer and whose services are performed on, or in connection with, property owned or leased by such person, partnership, corporation or other business entity, or in which such person, partnership, corporation or other business entity has an interest, estate or possessory right, and are not offered or made available to the public. This exemption includes the use of job title and personal classification by such person, but no name, title or words may be used which tend to convey the impression that an unlicensed person is offering professional engineering services to the public.

Title 7
Series 1
Examination, Licensure and Practice of Professional Engineers

§7-1-1. General.

1.1. Scope. – This rule sets forth standards for the regulation and conduct of members, records, applications and examinations. This rule is binding upon persons applying and registered under W. Va. Code §30-13-1 et seq. and is applicable to individuals or firms providing engineering services.

1.2. Authority. – W. Va. Code §§30-13-9(a), 13, 14, 15, 16(c) 17, 18, 19, 21.

1.3. Filing Date. – July 18, 2016

1.4. Effective Date. – July 18, 2016

1.5. Amendment of Former Rules. – This legislative rule amends West Virginia 7CSR1 "Rules Governing The West Virginia Board of Registration for Professional Engineers" filed and effective July 1, 2004.

§7-1-2. Definitions.

2.1. "ABET" means ABET, Inc., formally known as the Accreditation Board for Engineering and Technology.

2.2. "ABET/TAC" means the Technology Accreditation Commission of ABET, Inc., formally known as the Accreditation Board for Engineering and Technology.

2.3. "Board" means the West Virginia State Board of Registration for Professional Engineers.

2.4. "COA" means Certificate of Authorization, which is a document required and issued in accordance with §7-1-11of these rules.

2.5. "College/Unit Semester/Quarter Hour" means the credit given for courses in an ABET approved program or other Board-approved courses approved in accordance with §7-1-10 of these rules.

2.6. "Comity Applicant" means a person who is applying to become a registered PE in West Virginia and is currently in possession of a PE registration or certificate of licensure issued by a proper authority of a jurisdiction other than West Virginia.

2.7. "EI" means a certified Engineer Intern, who is a person who has been certified as such by this Board after having met the qualifications set forth in W. Va. Code §30-13-13 and these rules.

2.8. "FE" means the Fundamentals of Engineering Examination.

2.9. "Foreign Degree Applicant" means a person applying for certification or registration who received a Baccalaureate degree in Engineering from a non-ABET accredited foreign institution outside of the United States.

2.10. "Firm" means a firm, corporation, partnership, joint stock association, private practitioner employing others, or sole proprietor employing no one but himself/herself which practices or offers to practice engineering.

2.11. "NCEES" means the National Council of Examiners for Engineering and Surveying.

2.12. "PDH" means a Professional Development Hour, which is one contact hour of instruction or presentation designed to keep a professional engineer current in his or her branch/discipline.

2.13. "PE" means a registrant or registered Professional Engineer, who is a person who has passed the PE exam and is an acronym used after an engineer's name to indicate he or she is a registered engineer with the Board.

2.14. "PE exam" means the Principles and Practice of Engineering Examination.

2.15. "Registrant" means a PE.

2.16. "Satisfactory" means that which a reasonable person would find acceptable for purposes of applying to the Board for licensure.

2.17. "Status" refers to the designation of a current or former registrant, including the designations of nonpracticing status set forth in W. Va. Code §30-13-13a.

§7-1-3. EI and PE Applications.

3.1. Types of Applications.

(a) PE Application. A person applying to the Board for examination and registration as a Professional Engineer shall submit to the Board a completed application on forms prescribed by the Board. In order to allow sufficient time for processing and for securing PE examinations, PE applications must be submitted at least 90 days prior to the desired PE exam date, which dates are available from the Board or NCEES.

(b) EI Application. A person applying to the Board for certification as an Engineer Intern shall pass the FE examination in accordance with §7-1-5.3 of these rules and submit to the Board a completed application on forms prescribed by the Board.

3.2. Criteria for Applications.

(a) The Board shall only consider applications completed in accordance with §7-1-3.4 of these rules.

(b) EI Certification. The Board shall accept applications for EI certification from persons who meet all of the requirements of W. Va. Code §30-13-13.

(1) A person with a baccalaureate degree from a Board-approved curriculum as defined in §7-1-3.5(a) of these rules who has passed the FE examination may apply for certification as an EI.

(2) An EI applicant who graduated from a four-year engineering technology program accredited by the TAC/ABET may only be certified as an EI after the applicant has presented evidence of two (2) years of work experience in accordance with §7-1-3.6 of this rule.

3.3. Applications Generally.

(a) Form of Applications. Applications shall be completely filled out on forms prescribed and provided by the Board. It is the responsibility of the applicant to submit to the Board a completed application package as set forth in this section.

(b) Translations. All foreign language documentation shall be accompanied by translations certified to be accurate by a competent authority recognized by the Board.

(c) Submission under Oath. All applications made to this Board shall be subscribed and sworn to before a Notary Public or other persons qualified to administer oaths on the forms used by the applicant.

(d) Staff Review of Applications. The Board staff shall review the submitted application package and shall notify the applicant if the package is not complete as set forth in §7-1-3.4 below. The Board shall not act upon an application until the applicant has submitted a completed application package. Upon such submission, the Board shall act in accordance with §7-1-4.

(e) Confidentiality of Applications. References and transcripts received in accordance with §7-1-3.7 of these rules shall be kept confidential, and the Board shall place all such confidential records regarding the qualifications of an applicant in files that are considered non-public records. The Board shall not divulge the source and character of the information except in special cases when required by law.

(f) Retention of Applications. The Board shall make copies of all approved applications which show the name, date of birth, the date of application, education, experience and other qualifications of the applicant, the examination required of the applicant, and the Board granted registration or certification notice. The Board shall store the duplicate copies of these records and one copy shall be stored in fireproof and secure facilities.

3.4. Completed Application Package.

(a) Definition. A completed application package shall include the following:

(1) The requisite education as set forth in §7-1-3.5 of these rules, which education shall be obtained prior to the time of submitting the application;

(2) The requisite work experience as set forth in §7-1-3.6 of these rules, which experience shall be obtained prior to the time of submitting the application;

(3) The references required in §7-1-3.7 of these rules;

(4) One (1) passport-like photo taken within six (6) months of the date of application;

(5) Such fee(s) as are required in §7-1-13.4 of these rules, including the non-refundable application fee.

(b) The Board shall accept an application for PE registration that includes the documented NCEES Record properly executed and issued with verification by NCEES in lieu of that portion of the application form prescribed by the Board.

(c) Specific application requirements.

(1) **Comity Applicant.** In addition to the requirements set forth in this section, comity applicants shall also meet the following requirements:

(A) passage of the FE and PE exam; and

(B) verification of current registration in a jurisdiction where they currently live and/or work.

(2) **Foreign Degree Applicants.** In addition to the requirements set forth in this section, applicants with degrees from foreign schools shall also meet the requirements set forth in subsection 3.5.c.

3.5 Education.

(a) Board-approved curricula. The term "a graduate of a curriculum of four years or more approved by the Board as being of satisfactory standing" used in W. Va. Code §30-13-13(a)(2) is interpreted by this Board to mean a person who has:

(1) a Baccalaureate Degree in Engineering from a school whose curricula are accredited by ABET at the time of the awarding of the degree;

(2) a Baccalaureate Degree in Engineering Technology from a school whose curricula is accredited by ABET/TAC at the time of the awarding of the degree;

(3) a Baccalaureate Degree in Engineering from a school whose curricula is evaluated by the Board and found to be of a high quality essentially equal to those curricula which are accredited by ABET;

(4) a Baccalaureate Degree from a school whose curricula is evaluated by the Board and found to be of a high quality essentially equal to those curricula which are accredited by ABET, in addition to a Master's and/or Ph.D. in Engineering from a school whose undergraduate program in that engineering area is accredited by ABET.

(b) Transcripts. Upon graduation, it is the responsibility of the applicant to have transcripts of all college grades sent directly from the school or college to the Board with the signature of the proper school officer and the official seal of the school.

(c) Degrees from Non-ABET-Accredited Foreign Institutions. All applicants with an undergraduate degree from a non-ABET-accredited foreign institution shall comply with one of the following:

(1) If an applicant receives only a Baccalaureate degree in Engineering from a foreign institution not accredited by ABET, he or she shall submit a foreign degree evaluation. An applicant who is required to submit a foreign degree evaluation shall use NCEES or such other evaluation service as may be approved by the Board.

(2) If an applicant receives a Baccalaureate degree in Engineering or related curricula from a foreign institution not accredited by ABET, and Master's and/or Ph.D. degree in Engineering from an institution whose undergraduate program is ABET accredited, the Board may review the applicant's transcripts and waive the requirement to submit a foreign degree evaluation.

3.6. Employment; work experience. Employment and work experience verifications are the responsibility of the applicant and shall be submitted on forms supplied by the Board as part of the completed application package.

(a) Requirements.

(1) **Number of Years.** A PE applicant who has earned the degree described in §7-1-3.5(a)(1) or §7-1-3.5(a)(3) shall demonstrate that he or she has obtained a minimum of four (4) years of experience satisfactory to the Board. A PE applicant who has earned the degree described in §7-1-3.5(a)(2) shall demonstrate that he or she has obtained a minimum of six (6) years of experience satisfactory to the Board.

(b) Satisfactory Experience.

(1) The applicant's experience on engineering projects shall be broad in scope in his or her branch/discipline and progressive in that it was of increasing quality and required greater responsibility.

(2) The experience shall be under the supervision of a registered Professional Engineer. If not, the applicant shall explain why the Board should consider the experience acceptable.

(3) Upon review of the completed application package, the Board may credit experience based on the following:

(A) Armed Services. Experience gained in the Armed Services shall be of a character equivalent to that which would have been gained in the civilian sector doing similar work. A good indicator of equivalence is that the applicant while in the Armed Services served in an engineering or engineering-related group.

(B) Sales or supervision. For sales experience or construction supervision experience to be satisfactory, the applicant shall prove that engineering principles were required and used while gaining this experience.

(C) Teaching. The Board may classify the teaching of courses in ABET-approved programs as satisfactory experience.

(D) Research. The Board may credit experience gained in the performing of engineering research or projects if the applicant at the time was a member of an engineering faculty or higher at an institution with a Board approved curricula as defined in §7-1-3.5(a).

(E) Graduate Studies. The Board may credit an applicant who has followed Board-approved curricula as defined in §7-1-3.5(a) with a Master's degree in engineering with one year's experience. If such applicant follows the Master's degree in engineering with a Doctor of Philosophy degree in engineering, the Board may credit the applicant with an additional year of experience. If the Doctor of Philosophy degree is obtained without the Master's degree, the applicant may be credited with two years of experience.

(c) Verifications. The verifications shall include the following:

(1) **Time Period.** The Board shall consider only the experience an applicant obtains after he or she graduates from a Board-approved curriculum.

(2) **Documentation.** An applicant shall provide a detailed description of the nature of the work and duties he or she has performed on forms supplied by the Board. The applicant shall account for all employment or work experience for the period of time that has elapsed since graduation from the Board-approved curriculum. If the applicant was not employed or was employed in other kinds of work, he or she should indicate this in the experience record.

3.7. References.

(a) It is the responsibility of the applicant to supply all references on forms supplied by the Board. A PE applicant shall submit satisfactory references from five individuals, three of whom shall be professional engineers having personal knowledge of the applicant's engineering experience and ability. Also, the applicant should preferably include in the references individuals familiar with the applicant's experience noted in the employment section of the application. An EI applicant shall submit at least three satisfactory character references.

(b) An applicant may not use a relative or a current Board member as a reference.

(c) An applicant shall provide each individual being used as a reference with the Board-approved reference form. The reference form shall be returned to the applicant in a signed, sealed envelope to be included in the applicant's completed application package.

§7-1-4. Board Actions on Applications.

4.1. The Board shall take action on all submitted applications.

(a) The application must be complete as set forth in §7-1-3.4 of these rules before the Board considers the application.

(b) The Board may approve, defer, or deny an application.

(1) **Approval.** When an application is approved by the Board, it indicates that the applicant has met all the requirements for registration or certification required by the statutes of this state, and the Board shall grant the applicant a registration or certification. The Board shall notify the applicant of the approval.

(2) **Deferral.** When an application is deferred by the Board, it indicates that the applicant must take further steps to meet the requirements for registration or certification required by the statutes of this state, and the Board shall retain the deferred application until the applicant submits the additional information required by the Board. The Board shall notify the applicant of the deficiencies.

(3) **Denial.** When an application is denied by the Board, it indicates that the applicant has not met the requirements for registration or certification required by the statutes of this state, and the Board shall retain the denied application for one year and then may dispose of it. The Board shall notify the applicant of the denial.

4.2 The Board may defer or deny any application of an applicant who has not provided or withheld information, provided statements that are untrue or misrepresented the facts.

4.3 Reconsideration of Applications. An applicant may request that the Board reconsider an application that has been denied when the request is based on additional information and/or evidence that could affect the original decision. An applicant shall make the request for reconsideration within one year after the decision was made to deny the original application.

§7-1-5. Examinations.

5.1 Examinations Generally.

(a) **Examination Dates and Locations.** Examinations are offered on dates and at locations set by NCEES, and information regarding the schedule and locations of examinations is available from the Board and NCEES.

(b) **Language of the Examination.** The language used in the examination is English.

(c) **Study Information.** The Board or NCEES shall make available NCEES-published specifications for examinations, which shall not include copies of questions used on prior examinations. The Board may provide such other information available to examinees as may be lawful and helpful to the examinee.

(d) **Instructions for Examinees.** Instructions provided prior to each examination shall declare an examination to be open or closed book. Materials permitted in the examination room shall be listed in the instruction information provided to each applicant by the Board or NCEES upon confirmation of their approval to take an examination.

(e) **Fees.** Application and examination fees are listed in §7-1-13.4 of this rule. All fees are non-refundable. The Board in accordance with Board policy may waive fees.

5.2 PE Examinations.

(a) **Applications and Approval.** Applications shall be submitted pursuant to §7-1-3 at least 90 days prior to the desired PE exam date. Each applicant shall be notified by the Board whether he or she has been approved to take the examination at least 30 days before the examination date. Approved applicants shall also receive further instruction for registering with NCEES to take the PE examination.

(b) **Eligibility.** A PE applicant may not take the PE examination until the Board has established that the applicant is eligible to take the PE examination, which includes passing the FE examination.

(c) **Dates and Locations.** PE examinations are offered on dates and at locations set by NCEES. Information regarding examination dates and locations is available from the Board or NCEES.

(d) **Branches/Disciplines.** PE examinations are offered only in those branches/disciplines of engineering in which examinations are prepared and furnished by NCEES. Examinations in all engineering branches/disciplines may not be available at both the spring and fall examinations.

Successful examinees shall be registered as a professional engineer without reference to engineering branch/discipline in either his or her certificate or seal.

(e) Examination Results. The Board or NCEES shall notify the examinee that he or she passed or failed the PE examination.

(f) Re-examination. An applicant who fails to pass the PE examination or is absent from the PE examination may take further offerings of the examination upon notification and payment of the appropriate fees. Any applicant whose application is less than 2 years old may elect to re-apply using the shortened form supplied by the Board. Any applicant whose application is greater than 2 years old shall submit a new, completed application packet in accordance with §7-1-3.4 of this rule.

(1) An applicant who fails to attend the PE examination for which he or she has been scheduled and the Board has ordered the examination forfeits all fees paid.

(2) An applicant who fails to attend the PE examination for which he or she has been scheduled to attend is not considered by the Board to have failed the examination.

(g) Additional Branches/Disciplines.

(1) Upon payment of the prescribed fees listed in §7-1-13.4 of this rule, a PE currently registered by this Board may take examinations in additional branches/disciplines of the PE examination offered by NCEES. The Board shall record the passing of the examination.

(2) If an applicant fails to pass the examination in an additional branch/discipline, he or she retains his or her current registration status.

(3) As with the initial registration, there shall be no reference to additional engineering branches/disciplines in the successful examinee's certificate or seal.

5.3. FE Examinations.

(a) NCEES is wholly responsible for all matters related to administration of the FE examination and sets all policies, practices and procedures for the FE examination, including the dates and locations.

(b) Information regarding NCEES administration of the FE examination including times, dates and locations is available from both the Board and NCEES.

(c) Persons wanting to take the FE examination shall apply for the FE directly with NCEES without prior approval of the Board.

(d) The Board recommends that persons seeking EI certification apply to NCEES to take the FE during his or her senior year of a Board-approved curricula or as soon thereafter as possible.

(e) FE examinees will be notified by NCEES whether the examinee passed or failed the examination.

§7-1-6. Engineering Registration and Certification; Designations of Nonpracticing Status of Former Registrants.

6.1. Classifications of Registration. The Board shall register or certify a qualified applicant under one of the following classifications, of which only a professional engineer is qualified to practice or offer to practice engineering in West Virginia:

(a) Professional Engineer;

(b) Engineer Intern; or

(c) Professional Engineer-Retired.

6.2. Professional Engineer.

(a) PE Registration Numbers. The Board shall assign each successful applicant a registration number. Numbers are issued consecutively in the order in which an applicant is authorized to obtain a seal. The Board shall advise the successful applicant of his or her number.

(b) The Board shall grant an applicant authorization to obtain a seal who has met all the requirements of the W. Va. Code §30-13 and rules promulgated under this Code as they pertain to education, experience, and upon passing the required FE and PE examinations.

(c) Certificates of Registration. The Board shall issue a certificate of registration and similar wallet card to an applicant who has met the requirements of this state and who has submitted a copy of a satisfactory West Virginia PE seal and has paid the certificate fee prescribed in §7-1-13.4. The certificate signed by the Board members shall show the registrant's registration number and seal of the Board.

(d) Replacement of Certificate. The registrant shall notify the Board when a certificate of registration is lost, destroyed or mutilated, and, if the registrant is in good standing, the Board shall replace it, upon presentation of a statement of the loss and the prescribed fee in §7-1-13.4.

6.3. Engineer Intern.

(a) EI Certification Numbers. The Board shall assign each EI a certification number at the time certification is granted by the Board. Numbers are issued consecutively in the order in which an applicant is granted certification. The Board shall advise the EI of his or her number.

(b) The Board shall grant an applicant who has met all the requirements of the W. Va. Code §30-13 and rules promulgated under this Code as they pertain to education, experience, and upon passing the required FE examination, a certificate of certification to serve as an EI in West Virginia.

(c) Certificates of Certification. The Board shall issue a certificate of certification and similar wallet card to an applicant who has met the requirements of this state and who has paid all fees. The certificate signed by the Board members shall show the EI's certification number and seal of the Board.

(d) **Replacement of Certificate.** The EI shall notify the Board when a certificate of certification is lost, destroyed or mutilated, and, if the EI is in good standing, the Board shall replace it, upon presentation of a statement of the loss and the prescribed fee in §7-1-13.4.

6.4. **Professional Engineer-Retired.**

(a) **Registration Numbers.** The Board shall reserve the original assigned registration number for any PE who elects to convert to Professional Engineer-Retired status. This number will remain on file in the event that the retired engineer should chose to reinstate his or her PE registration in accordance with §7-1-9.3 and §7-1-10.10 of these rules.

(b) **Documentation of Retired Status.** The Board shall issue an appropriate wallet card to an applicant who has met the requirements of this state and who has paid appropriate fees.

(c) **PE-Retired status is a nonpracticing status.** Registrants who elect PE-Retired status must retire their seal and certify that they are no longer receiving remuneration from providing professional engineering services.

6.5. **Updated Information.** It is the EI's or PE's responsibility to notify the Board of any change in information previously submitted to the Board, such as name change, change of address, change of employer, or similar matter requiring current information.

6.6 **Other designations of nonpracticing status.** In addition to a retired status or revoked status, the Board recognizes the following additional designations, all of which describe a type of nonpracticing status which does not qualify the former registrant to practice or offer to practice engineering in the state of West Virginia:

(a) **Professional Engineer - Inactive.** An active PE or PE-Retired may elect to re-designate his or her status to Professional Engineer-Inactive upon application for inactive status which states that he or she is no longer practicing or offering to practice engineering in this state for remuneration and may seek reinstatement to active status only in accordance with §7-1-9.3 and §7-1-10.10 of these rules.

(b) **Professional Engineer - Lapsed.** A PE who has not renewed his or her active status in accordance with §7-1-9.2 of these rules or has not applied for a re-designation to retired or inactive status shall be re-designated by the Board to Professional Engineer-Lapsed without further action by the Board and may seek reinstatement to active status only in accordance with §7-1-9.3 and §7-1-10.10 of these rules.

(c) **Professional Engineer - Invalidated.** A PE who is unable to provide sufficient proof that any condition of renewal set forth in W. Va. Code §30-13-1 et seq. or these rules has been met shall be re-designated by the Board to Professional Engineer-Invalidated without further action by the Board and may seek reinstatement to active status only in accordance with §7-1-9.3 and §7-1-10.10 of these rules.

§7-1-7. Seals.

7.1. Seal of the Board. The seal of the Board shall be affixed to each certificate of registration.

7.2. Seal of Registrant. When an applicant is granted registration he or she shall obtain an official seal of the size and design prescribed by the Board. The seal shall contain the following information:

(a) The words "State of West Virginia";

(b) The registrant's name;

(c) The registrant's registration number; and

(d) The words "Registered Professional Engineer."

(e) The seal may be a rubber stamp, or one that embosses.

(f) The seal shall not reference any engineering branch/discipline. The following is a sample of the suggested format:

Official Seal Sample

7.3. Seal on Documents.

(a) A registrant's seal and signature and the date shall appear on the first or title page of all final and/or record documents of specifications, reports, drawings, plans, design information and calculations presented to a client or any public or government agency to certify that the work was done by the registrant or under the control of the registrant.

(b) The registrant signing and sealing the first or title page of documents shall be the firm's PE in responsible charge as designated on the firm's COA application or the project engineer.

(c) Revisions shall be numbered, dated, initialed, and sealed by the registrant responsible for the revision.

(d) When copies are to be made, the registrant's seal and signature on all originals, tracings or other documents shall be reproducible.

(e) Each registrant is solely responsible for the use of his or her seal.

(f) When a registrant examines and verifies the engineering work of another, the registrant must take complete dominion and control of the design, which includes possession of the sealed and signed reproducible construction drawings with complete signed and sealed design calculations indicating all changes in design.

(g) The Board authorizes the electronic reproduction of a seal when the resulting reproduction meets the specifications of 7.2. The registrant is responsible for the improper use of the seal on work not prepared either by the registrant or under his or her direct supervision.

(h) It is the responsibility of each registrant to report the loss or theft of his or her seal to the Board as soon as practical after the loss or theft.

§7-1-8. Temporary Permits.

Any application for a temporary permit as authorized by W. Va. Code §30-13-24(b) will be processed as a comity application as set forth in §7-1-3.4(c)(1).

§7-1-9. Expirations, Renewals and Reinstatements to Active Status.

9.1. **Expiration.** PE registrations expire on December 31st of each even-numbered year and shall be re-designated as lapsed without further action by the Board after that date unless renewed in accordance with subsection 9.2 below.

9.2. **Renewals.**

(a) The Board shall, during the month of November of every even-numbered year, send a renewal notice by electronic means or by mail to the last known address of every person currently registered by the Board. The notice shall indicate the expiration date of the PE registration and the amount of the renewal fee established by the Board.

(b) The renewal form, which shall be completed and include documentation in compliance with Section 10 and any other applicable provisions of these rules, and the applicable fee, shall be received by the Board on or before the date of expiration appearing on the license being renewed.

(c) Renewals postmarked or submitted online between January 1st to 31st after the expiration date shall render the PE registration valid upon payment of the late fee set forth in §7-1-13.5 of these rules.

(d) Any renewal postmarked or submitted online on or after February 1st after the expiration date will be rejected, any fee returned, and the registration will be re-designated as lapsed without further action by the Board.

9.3. **Reinstatement to active status.** A former PE desiring to reinstate his or her registration to active status from a nonpracticing status as defined in W. Va. Code §30-13-13a shall submit a completed application on forms prescribed by the Board, along with such non-refundable fees as required in §7-1-13.4 of these rules.

7-1-10. Continuing Professional Competency.

10.1. As a condition of registration renewal, every registrant shall show evidence that he or she obtained thirty (30) professional development hours (PDH's) during the previous two years.

10.2. Requirements. A registrant may earn PDH's by providing evidence of:

(a) Successful completion of college courses;

(b) Successful completion of continuing education courses;

(c) Successful completion of on-line, correspondence, televised, videotaped, and other short courses or tutorials;

(d) Actively participating in seminars, in-house courses, workshops, technical committees of professional engineering organizations, and professional conventions;

(e) Teaching or instructing in the activities set forth in subsections 10.2.a. through 10.2.d. if such teaching or instruction is outside of the registrant's regular employment duties or if the registrant can document such teaching activity or instruction was newly developed and presented for the first time; or

(f) Authoring published papers, articles, or books.

10.3. If a registrant exceeds the requirement in any two-year period of licensure, he or she may carry a maximum of fifteen (15) PDH's forward into the subsequent two-year licensure period.

10.4. **Units.** The conversion of other units of credit to PDH units is as follows:

1 College or unit semester hour	15 PDH's
1 College or unit quarter hour	10 PDH's
1 Continuing Education Unit (CEU)	10 PDH's
1 Hour of professional development in course work, seminars, professional conventions, workshops, technical committee work	1 PDH
1 Hour of teaching professional development in course work, seminars, professional conventions, workshops	2 PDH's
Each published paper or article on engineering subjects	10 PDH's

10.5. **Determination of Credit.** The Board has final authority with respect to approval of courses, credit, PDH value for courses, and other methods of earning credit. No pre-approval of offerings will be issued. The Board may deny or invalidate any renewal upon a determination of insufficient or unsatisfactory continuing education.

10.6. **Forms.** All renewal applications require the completion of a continuing education form specified by the Board outlining PDH credit claimed. The registrant shall supply sufficient detail on the form to permit review for approval, shall certify and sign the continuing education form, and shall submit the form with the renewal form and fee.

10.7. **Record keeping.** Each registrant is responsible for his or her own professional development activities. The registrant shall maintain the records to be used to support credits claimed for professional development activities. Records required include, but are not limited to: 1) a log showing the type of activity claimed, the sponsoring organization, the activity's location and duration, the instructor's or speaker's name, and the PDH credits earned; and 2) attendance or participation verification records in the form of completion certificates, paid receipts or other documents supporting evidence of attendance or participation. These records shall be maintained for three renewal periods. Copies of these records and supporting documentation may be requested by the Board for approval and verification purposes.

10.8. **Continuing Education Verification.**

(a) Any registrant may be audited, including Board members and staff.

(b) Three to five percent (3-5%) of renewals will be selected at random and contacted by the Board to verify compliance with continuing education claims.

(c) Any renewal forms submitted with questionable continuing education shall be added to those selected at random for verification.

(d) All verification submissions will be analyzed by the Board who may recommend continued registration, deny or invalidate the renewal, or take such enforcement action as may be appropriate.

(e) Those who are denied renewal will be provided a thirty (30) day probationary period in which to acquire the necessary continuing education and submit documentation to the Board. If the registrant fails to submit satisfactory documentation in the given time period, the registration shall be re-designated as invalidated without further action by the Board.

(f) A registrant may bring a registration invalidated for insufficient continuing education to active status by obtaining the delinquent PDH's, up to a maximum of thirty (30) PDH's, and submitting a PE reinstatement application and appropriate fees as prescribed in §7-1-13.4.

10.9. Exemptions. An active registrant may be exempt from the professional development educational requirements for one of the following reasons:

(a) A new registrant by way of examination or reciprocity is exempt for his or her first renewal period;

(b) A registrant serving on active duty in the armed forces of the United States for a period of time exceeding one hundred twenty (120) consecutive days in a calendar year is exempt from obtaining the professional development hours required during that year. The Board shall follow all other laws regarding continuing education for licensees on active duty and their spouses to the extent applicable and appropriate;

(c) A registrant experiencing physical disability, illness, or other extenuating circumstances may be exempt subject to review and approval by the Board; the registrant shall furnish supporting documentation to the Board; and

(d) Registrants who list their occupation as "Retired" on the Board-approved renewal form and who further certify that they are no longer receiving any remuneration from providing professional engineering services are exempt from the required professional development hours. In the event a retired engineer elects to return to the active practice as a professional engineer, he or she shall comply with the requirements of §7-1-10.10 before returning to active practice.

10.10. Nonpracticing status. A registrant may bring a registration with a nonpracticing status designation to active status by obtaining the delinquent PDH's, up to a maximum of thirty (30) PDH's, and submitting the PE reinstatement application required by §7-1-9.3.

§7-1-11. Certificates of Authorization.

11.1. COA required; issuance. A COA is required to practice or offer to practice engineering in WV. The Board shall issue a COA to firms who have met all the requirements of the W. Va. Code §30-13-17 and these rules promulgated under the Code to practice or offer to practice engineering in West Virginia. The certificate signed by the Board President shall show the firm's COA number and seal of the Board.

11.2. Classifications of Authorization. The Board shall certify a qualified firm under one of the following classifications:

(a) Sole Proprietor with no employees who practices or offers to practice engineering for compensation or other tangible benefit or remuneration;

(b) Firm with three or fewer Professional Engineers (regardless of PE's state of registration or licensure); or

(c) Firm with four or more Professional Engineers (regardless of the PE's state of registration or licensure).

11.3. Application and Fees. A firm desiring to obtain a COA shall submit a completed application on forms prescribed by the Board, along with such non-refundable fees as required in §7-1-13.4 of these rules. Each application, including renewal and reinstatement, requires a sworn statement from the PE in responsible charge as set forth in §30-13-17.

11.4. Expiration, Renewal and Reinstatement.

(a) Expiration. COAs expire on December 31st of each odd-numbered year and are void without further action by the Board after that date unless renewed in accordance with subsection 11.4.b. below.

(b) Renewals.

(1) The Board shall, during the month of November of every odd-number year, send a renewal notice by electronic means or by mail to the last known address of every firm currently holding a COA by the Board. The notice shall indicate the expiration date of the COA and the amount of the renewal fee established by the Board.

(2) The completed renewal form and applicable fees shall be received by the Board on or before the expiration date indicated on the certificate.

(c) Renewals received from January 1st to 31st after the expiration date shall render the COA valid upon payment of the late fee set forth in §7-1-13.5 of these rules.

(d) Any renewal postmarked or submitted online on or after February 1st after the year of expiration will be rejected and any fee returned, and the non-renewed COA will be void without further action by the Board.

11.5. Inactive status. A firm which is no longer doing business in this state may request inactive status. A firm on inactive status is prohibited from practicing or offering to practice engineering in this state until the COA is reinstated.

11.6. Reinstatement. A firm desiring to reinstate a COA shall submit a completed application on forms prescribed by the Board, along with such non-refundable fees as required in §7-1-13.4 of these rules.

11.7. COA Number. The Board shall assign each firm a certificate number at the time a COA is granted by the Board. Numbers are issued consecutively in the order in which a firm is granted a COA. The Board shall advise the firm of this number.

11.8. Replacement of Certificate. The firm shall notify the Board when a COA is lost, destroyed or mutilated, and, if the firm is in good standing, the Board shall replace it, upon presentation of a statement of the loss and the prescribed fee in §7-1-13.4.

11.9. Updated Information. It is the firm's responsibility to notify the Board within thirty days of any change in information previously submitted to the Board, such as name change, change of address, change of PE in responsible charge, or similar matter requiring current information.

11.10. Limited Liability Firms. The PE in responsible charge on the COA is responsible for compliance with W. Va. Code §30-13-1 et seq. and this rule notwithstanding any limitations of liability provided by W. Va. Code §§47B-3-6 and 31B-13-1305.

§7-1-12. Professional Responsibility.

12.1. Knowledge of Rules. All registrants are charged with having knowledge of the Rules of Professional Responsibility. The rules, and all proposed and adopted amendments to the rules, shall be available on the Board website.

12.2. Rules of Professional Responsibility. To comply with the Board's responsibilities, which are to safeguard life, health and property, to promote the public welfare, and to maintain a high standard of integrity and practice, the Board has developed the following Rules of Professional Responsibility set forth in this section. These rules supplement the provisions for professional responsibility prescribed in W. Va. Code §30-13-21 and are binding on every registrant and firm.

(a) All persons registered in West Virginia are required to be familiar with W. Va. Code §30-13-1 et seq., this rule, and all applicable laws relating to the practice of engineering. The Rules of Professional Responsibility delineate specific obligations the registrant shall meet. In addition, each registrant is charged with the responsibility of adhering to standards of highest ethical and moral conduct in all aspects of the practice of engineering.

(b) The practice of engineering is a privilege, as opposed to a right. All registrants shall exercise this privilege by performing services only in the areas of their competence according to current standards of technical competence.

(c) Registrants shall recognize their responsibility to the public and shall represent themselves before the public only in an objective and truthful manner.

(d) Registrants shall avoid conflicts of interest and faithfully serve the legitimate interests of their employers, clients, and customers within the limits defined by this rule. Their professional reputation shall be built on the merit of their services, and they shall not compete unfairly with others.

12.3. Registrant's Obligation to Society.

(a) Registrants, in the performance of their services for clients, employers and customers, shall be cognizant that their first and foremost responsibility is to the public welfare.

(b) Registrants shall approve and seal only those designs, plans or other documents that conform to accepted engineering standards and safeguard the life, health, property and welfare of the public.

(c) Registrants shall notify their employer or client and other appropriate authority when their professional judgment is overruled under circumstances where the life, health, property, or welfare of the public is endangered.

(d) Registrants shall be objective and truthful in professional reports, statements or testimony. They shall include all relevant and pertinent information in the reports, statements or testimony.

(e) Registrants shall express a professional opinion publicly only when it is founded upon an adequate knowledge of the facts and a competent evaluation of the subject matter.

(f) Registrants shall issue no statements, criticisms or arguments on engineering matters which are inspired or paid for by interested parties, unless they explicitly identify the interested parties on whose behalf they are speaking, and reveal any interest they have in the matters.

(g) Registrants shall not permit the use of their name or firm name, nor associate in business ventures with, any person or firm engaging in fraudulent or dishonest business or professional practices.

(h) Registrants having knowledge of possible violations related to the practice of engineering as set forth in statute or these rules, including the Rules of Professional Responsibility, shall provide the Board with information and assistance necessary to the final determination of the violation.

12.4. Registrant's Obligation to Employer and Clients.

(a) Registrants shall undertake assignments only when qualified by education or experience in the specific technical fields of engineering involved.

(b) Registrants shall not affix their signatures or seals to any plans or documents except in accordance with §30-13-1 et seq. and these rules.

(c) Registrants shall not reveal facts, data or information obtained in a professional capacity without the prior consent of the client or employer except as authorized or required by law.

(d) Registrants shall not solicit or accept financial or other valuable consideration, directly or indirectly, from contractors, their agents, suppliers, manufacturers, or other parties in connection with work for employers or clients.

(e) Registrants shall make full prior disclosures to their employers or clients of potential conflicts of interest or other circumstances which could influence or appear to influence their judgment or the quality of their service.

(f) Registrants shall not accept compensation, financial or otherwise, from more than one party for services pertaining to the same project, unless the circumstances are fully disclosed and agreed to by all interested parties.

(g) Registrants shall not solicit or accept a professional contract from a governmental body on which a principal or officer of their organization serves as a member. Conversely, registrants serving as members, advisors, or employees of a governmental body or department, who are the principals or employees of a private concern, shall not participate in decisions with respect to professional services offered or provided by the private concern to the governmental body which they serve unless their participation is approved by the West Virginia Ethics Commission.

12.5. Registrant's Obligation to Other Registrants.

(a) Registrants shall not falsify or permit misrepresentation of their or their associates' academic or professional qualifications. They shall not misrepresent or exaggerate their degree of responsibility in prior assignments or the complexity of the assignments. Presentations incident to the solicitation of employment or business shall not misrepresent pertinent facts concerning employers, employees, associates, joint ventures or past accomplishments.

(b) Registrants shall not offer, give, solicit or receive, either directly or indirectly, any commission, gift, or other valuable consideration in order to secure work, and shall not make any political contribution with the intent to influence the award of a contract by a public authority.

(c) Registrants shall not attempt to injure, maliciously or falsely, directly or indirectly, the professional reputation, prospects, practice or employment of other registrants, nor indiscriminately criticize other registrants' work.

12.6. Actions brought against applicants.

A registered PE who has been fined, received a reprimand, or had his or her registration revoked, suspended or denied in another jurisdiction for reasons or causes which this Board finds would constitute a violation of the law governing the practice of engineering in this state or any rule promulgated by this Board, is sufficient cause for the Board to levy a fine, reprimand, or deny, revoke or suspend a registration to practice engineering by the registrant in this state. Any such actions by other jurisdictions shall be reported on the renewal form. For purposes of this section, "another jurisdiction" means any other governing entity, including a licensing board for another profession.

§7-1-13. Fees Generally.

13.1. The fees listed in this section are payable to the West Virginia State Board of Registration for Professional Engineers unless charged by and payable to NCEES. Fees based upon NCEES charges may be obtained from the Board website or the NCEES website. Fees shall be paid by check, money order, credit card or electronic payment and are non-refundable.

13.2. Timing of Submission of Fees. Any PE registration or COA application fee received prior to October 1 will entitle the approved PE or COA to be placed in good standing through the current renewal period. Registration or COA fees received on or after October 1 shall be effective through the next renewal period.

13.3. Renewal Fees.

(a) The Board shall notify each registrant or firm at least thirty days prior to the expiration date of the amount of the renewal fee for the next renewal period.

(b) A registrant or firm shall pay renewal fees on or before December 31st of the year of expiration.

(c) A renewal postmarked or submitted online between January 1 through 31 after the expiration date is considered late, and the Board shall assess a late fee set forth in subsection 13.4 of this rule.

(d) Any renewal postmarked or submitted online on or after February 1st will be rejected, any fee returned, and the registration or COA will be re-designated as lapsed without further action by the Board.

13.4. Fee Amounts. The fees for various services provided by the Board are:

Engineering Intern	
Application Fee	$25.00
Examination Fee	As charged by NCEES
Professional Engineer	
Application Fee	$80.00
Examination Fee	As charged by NCEES
Re-application Fee	$40.00
Re-examination Fee	As charged by NCEES
Certificate Fee	$25.00
Comity Application Fee	$150.00
Certificate of Authorization	
Application Fee for Sole Proprietor with no employees	$ 0.00
Application Fee for Firm with three or fewer Professional Engineers*	$100.00
Application Fee for Firm with four or more Professional Engineers*	$150.00
Two-Year Renewal Fee	
Professional Engineer	$70.00
Professional Engineer-Retired	$30.00
COA for Sole Proprietor with no employees	$ 0.00
COA for Firm with three or fewer Professional Engineers*	$100.00
COA for Firm with four or more Professional Engineers*	$600.00
Late fee	25% of fee
Reinstatement Applications	
Professional Engineer	$185.00
COA for Sole Proprietor with no employees	$ 0.00
COA for Firm with three or fewer Professional Engineers*	$300.00
COA for Firm with four or more Professional Engineers*	$900.00
PE or COA Roster**	$ 25.00
Replacement Certificates	$ 25.00
Returned Checks	$ 25.00

* *Regardless of the PE's state of registration or licensure*
** *Available for free download on the Board web site*

13.5. Late Fees on Renewals. A renewal postmarked or submitted online after the date of expiration is considered late, and the Board shall assess the registrant a late fee in the amount of twenty-five percent (25%) of the renewal fee.

13.6. Fee Waivers. Fees set forth in this section may be waived in accordance with Board policy.

§7-1-14. Board Enforcement, Investigations, Disciplinary Actions and Costs.

14.1. Enforcement. Any person or entity who violates any of the provisions of W. Va. Code §30-13-1 et seq. or these rules is subject to the provisions of W. Va. Code §§30-13-21 through 23, as well as the penalties outlined in §7-1-15 of these rules. The Board may take disciplinary action against any person or firm subject to the provisions of W. Va. Code §30-13-1 et seq. and these rules for any non-compliance with or violation of same in accordance with the procedures set forth in W. Va. Code §30-13-22 and the procedural rules adopted by the Board and on file with the Secretary of State.

14.2. Investigations. The Board shall have the power to investigate any complaint filed with the Board and any other matter brought to the attention of the Board regarding noncompliance with the provisions of W. Va. Code §30-13-1 et seq. and these rules.

14.3. Disciplinary Action. Upon Board decision that disciplinary action is warranted, the Board may take such action as is provided for in W. Va. Code §§30-13-21 through 23, these rules, and any Board policies not inconsistent with such applicable law, including the imposition of civil penalties as set forth in §7-1-15 below.

14.4. The Board may assess administrative costs incurred in the performance of its enforcement or investigatory activities against any person or entity who violates the provisions referenced in subsection 14.1 of this rule, which shall be paid to the West Virginia State Board of Registration for Professional Engineers by check or money order within the time prescribed or approved by the Board.

§7-1-15. Civil Penalties.

15.1. The Board may enter an order assessing the appropriate civil penalties against any person or firm found by the Board to have violated the provisions of W. Va. Code §30-13-1 et seq. or these rules including but not limited to, the following for each offense:

Action	Penalty Up To
Practicing or offering to practice without a license, including a license designated as nonpracticing status	$5,000
Practicing or offering to practice without a COA, including an expired COA	$5,000
Misuse of seal	$5,000
Illegal advertising of engineering services	$5,000
Fraud, deceit, misrepresentation or misinformation to the Board	$15,000
Violation of condition of probation	$5,000
Misfeasance or malfeasance	$1,000
Professional misconduct, negligence or incompetence	$1,000
Action which is likely to deceive or defraud the public	$15,000
Action which threatens the public health, safety and welfare	$15,000
Failure to timely provide information to Board	$1,000
Non-compliance with Board request or order	$1,000
General (violation of applicable statute & rules, including W.Va. Code §30-13-21 or the Rules of Professional Responsibility set forth in these rules)	$5,000

15.2. The penalty for aiding and assisting any of the above violations shall be no more than the maximum penalty defined above. The penalty for discipline by another jurisdiction shall be no more than the penalty set forth above that is substantially equivalent to the grounds for discipline in the other jurisdiction.

15.3. Each day of continued violation may constitute a separate offense.

15.4. In determining the amount of civil penalty to be assessed pursuant to this section, the Board may consider such factors as the following.

(a) Whether the amount imposed will be a substantial economic deterrent to the violation;

(b) The circumstances leading to the violation;

(c) The nature and severity of the violation and the risk of harm to the public;

(d) The history of previous violations;

(e) The extent to which the cited person or firm has cooperated with the Board and the Board's investigation;

(f) The economic benefits gained by the violator as a result of non-compliance;

(g) The interest of the public;

(h) Other matters as may be appropriate.

15.5. Civil penalties imposed by the Board shall be paid to the West Virginia State Treasurer's Office by check or money order within the time prescribed or approved by the Board.

§7-1-16. Board Policies.

16.1. The Board is authorized to establish policies and procedures not inconsistent with W. Va. Code §30-13-1 et seq. and these rules.

§7-1-17. Severability.

17.1. If this Rule, or any part of this Rule, is found by the courts to be invalid for any reason, the remainder of the Rule continues in full force and effect and each and every part of the Rule is severable.

West Virginia Procedural Rules for Professional Engineers

CONTENTS

§7-2-1. General.

§7-2-2. Complaints.

§7-2-3. Hearing Panel.

§7-2-4. Procedural Rules for Hearings.

§7-2-5. Disposition of Complaints.

TITLE 7 – SERIES 2
ADMINISTRATIVE HEARING PROCEDURES

§7-2-1. General.

1.1. Scope. — This rule specifies the procedure for Resolution of complaints relating to the practice of engineering in this State pursuant to the authority granted to the West Virginia State Board of Registration for Professional Engineers by W. Va. Code §30-13-1 et seq.

1.2. Authority. — W. Va. Code §30-13-1 et seq. and §30-1-1 et seq.

1.3. Filing Date. — June 22, 2004.

1.4. Effective Date. — July 23, 2004.

§7-2-2. Complaints.

2.1. Submission.

(a) Form. The form of complaints shall be determined by the Board. All complaints shall be in writing and verified by the complainant before a notary public.

(b) Who may submit. A complaint may be submitted by any natural person or legal entity, any registered engineer, or any firm holding a certificate of authorization. A complaint may be submitted by the Board, a member of the Board staff, with or without direction from the Board, or a member of the Board. Charges may be based upon information received solely through investigative activities undertaken by the Board.

2.2. Filing.

(a) The applicable statute provides for disposition of a complaint if trivial, unfounded, or settled informally. Unless in the opinion of at least one member of the Board the alleged situation which is the subject of a

complaint presents an imminent danger to health or safety, a complaint will be deemed received and filed only upon the majority vote of the Board members present and meeting in general session. Until such action, the complaint will be on the agenda for each meeting until resolved informally or filed. During the period before a complaint is deemed filed, the Board may take appropriate action, upon motion and consistent with the applicable statutes, to investigate and settle the complaint informally.

(b) A complaint will not be considered by the Board until an original is delivered to and logged in and numbered by the Board Administrator at Charleston during normal business hours. Facsimile and other electronic transmission of complaints will be accepted for filing, provided originals are delivered to the Board Administrator within fourteen (14) days thereafter.

2.3. Notice to Respondent. The Board Administrator shall give notice of the filing of a complaint to any and all respondents named in the complaint. Such notice shall be by certified mail, return receipt requested, to the respondent at his, her, or its last known address or in a manner consistent with the rules for service of process under the West Virginia Rules of Civil Procedure. A return of service shall be completed by the person effecting service and filed with the Board.

2.4. Response to Complaints. The respondent may file, within thirty days after service of the complaint, a responsive pleading which shall state with particularity every defense in law or fact to the allegations in the complaint. Every responsive pleading shall be verified by the respondent.

2.5. Failure to File Response. The failure to file a response to the complaint shall be deemed an admission of the factual allegations contained therein. The failure to file a response shall not be grounds for delaying hearing or other action upon the complaint.

2.6. More Definite Statement. The Board or a respondent may request a clarification or more definite statement of the allegations in the complaint. A respondent's request for a more definite statement shall be filed with the Board not less than fifteen days before the hearing date. The Board's request may be issued to a complainant at any time, and the complainant shall respond within seven days of service of the request by the Board. Failure of a complainant to respond timely to such request may be grounds for dismissal of the complaint.

§7-2-3. Hearing Panel.

3.1. Hearing Panel.

(a) Complaints regarding persons licensed by the Board and complaints regarding unlawful practice of engineering in this State or a request for hearing regarding licensure or issuance of a certificate of authorization shall be heard and decided by the Board as a whole sitting as a Hearing Panel, except that any member of the Board who has a conflict of interest with regard to a particular complaint may decline to participate

in such proceedings. Recusal is mandatory in any proceeding in which a judge, similarly situated, would be required to exercise recusal. The filing of a complaint by a Board member will not automatically be grounds for recusal. Recusal shall not prevent a Board member from testifying as a witness.

(b) If recusals result in there being less than a quorum, the remaining unrecused members of the Board shall appoint a registered professional engineer who is not a member of the Board for each recused member to serve solely for the purposes of hearing and deciding such complaint.

(c) The Hearing Panel shall conduct hearings, make findings of fact and conclusions of law, and issue administrative decisions and orders to enforce the provisions of W. Va. Code §30-13-1 et seq.

3.2. Location of Hearing Proceedings. Unless otherwise ordered by a majority vote of the Board, all hearings shall be heard at Charleston.

3.3. Quorum. A quorum shall consist of not less than three members of the Hearing Panel.

3.4. Presiding at Hearings.

(a) The President of the Board shall serve as the presiding officer at hearings. In the event of the President's recusal, the Hearing Panel shall elect a presiding officer from among themselves who will preside for hearings on that complaint.

(b) The presiding officer shall have the power to (1) administer oaths and affirmations, (2) rule upon offers of proof and receive relevant evidence, (3) regulate the course of the hearing, (4) hold conferences for the settlement or simplification of the issues by consent of the parties, and (5) dispose of procedural requests or similar matters.

3.5. Privilege and Immunity. All information provided, including documents and testimony given with respect to any complaint, investigation or proceeding under these rules, shall be privileged in any action for defamation or the like. All members of the Board, its counsel, and their employees shall be absolutely immune from civil suit in the same manner as members of the judiciary in the State for any conduct in the course of their official duties.

§7-2-4. Procedural Rules for Hearings.

4.1. Notice of Hearings.

(a) Within sixty (60) days of filing complaint, the presiding officer shall set a hearing date and time. Notice of the hearing date and time shall be served on respondent and counsel for respondent, if any, by first class mail addressed to the last known mailing address of such person. Such notices shall be mailed not less than thirty (30) days before the hearing date. All complaints, unless dismissed by the Board as unfounded, trivial or settled informally, shall be heard within six months after the date each complaint was received and filed.

(b) Hearings may be rescheduled by the presiding officer and, once begun, continued from time to time, for cause shown as the interests of justice may require.

4.2. Prehearing Matters. The presiding officer, with or without the request of a party, may schedule a prehearing conference to narrow the issues to be heard, to estimate the time which will be required for the hearing, rule upon prehearing motions, and, when appropriate, negotiate informal disposition of the complaint.

4.3. Hearings Generally.

(a) Conduct and Order of Hearing.

(1) Upon calling on for hearing any complaint, the presiding officer may cause the complaint to be read and shall offer the respondent the opportunity to reply. The Hearing Panel may receive evidence from its investigator or staff. Respondent, directly or by counsel, may present evidence in defense against the complaint. All testimony given shall be subject to cross-examination by the opposing party. The Board may receive rebuttal evidence after respondent's presentation. Any member of the Hearing Panel may inquire to any witness at any time.

(2) After the receipt of all evidence, respondent and Board staff, directly or by counsel, may be allowed to make closing arguments.

(3) If the respondent is not a natural person, the respondent shall be represented by counsel. The Board or its staff may be represented by counsel.

(4) Failure of the respondent to appear, without cause, shall not result in delay or postponement of the hearing.

(b) The Record. The record of a hearing shall consist of the testimony and documentary and physical evidence admitted into evidence by the Hearing Panel, all judicially cognizable facts so noticed, and the administrative decision or order ruling upon the complaint. All hearing proceedings on the record shall be recorded by stenographic means. Any party may obtain a transcript of the proceedings at the party's expense.

(c) Testimony. Witnesses shall testify under oath or affirmation.

(d) Evidence.

(1) The West Virginia Rules of Evidence shall apply. Irrelevant, immaterial, or unduly repetitious evidence shall be excluded. When necessary to ascertain facts not reasonably susceptible of proof under those rules, evidence not admissible thereunder may be admitted, except where precluded by statute, if it is of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs. The Hearing Panel shall be bound by the rules of privilege recognized by law. Objections to evidentiary offers and the ruling thereupon shall be noted in the record. Any party to any such hearing may vouch the record as to any excluded testimony or other evidence.

(2) Only the evidence admitted into the record and judicially cognizable facts so noticed shall be considered in the determination of the complaint.

(3) Depositions may be taken and read or otherwise received as evidence in accordance with Rules 30 and 32 of the West Virginia Rules of Civil Procedure.

(e) Conformance. Upon motion of any member of the Hearing Panel or any party assigning error or omission in any part of any transcript, the presiding officer shall settle all differences arising as to whether such transcript truly discloses what occurred at the hearing and shall direct that the transcript be corrected as appropriate so as to make it conform to the truth.

(f) Deliberations. Hearing Panels may deliberate and issue decisions in person, by telephone conference, or by written correspondence, including electronic communications.

(g) Open Meetings and Executive Sessions. Pursuant to W.Va. Code §6-9A-1, the Board may by majority vote hold hearings under these rules in executive session unless the respondent requests an open meeting. In any event, the vote upon the final decision of the Hearing Panel shall be in open session.

4.4. Standard of Proof. To impose any sanction or penalty, the findings of the Hearing Panel in support thereof must be proved by a preponderance of the evidence.

4.5. Subpoena and Contempt Power. The Hearing Panel shall have power to issue subpoenas or any other lawful process through the presiding officer at the request of any party. Subpoenas may be issued for attendance of witnesses or the production of documentary evidence. Subpoenas and other process may be served in accordance with the West Virginia Rules of Civil Procedure. All witnesses shall be entitled to such witness fees and expenses as in any civil proceeding in this State. The Hearing Panel may apply to any circuit court for an order requiring any person to comply with the presiding officer's directions in maintaining order at a hearing or to compel compliance with subpoenas.

4.6. Criminal Convictions.

(a) An engineer who has been convicted of a crime that reflects adversely on the engineer's honesty, trustworthiness or fitness as an engineer, or of any felony, shall, within thirty days of entry of the order or judgment of conviction, forward a copy of the order or judgment to the Board's Administrator. A plea or verdict of guilty or a conviction after a plea of nolo contendere shall be deemed to be a conviction within the meaning of this rule. Any other person may file a copy of the order or judgment with the Board.

(b) Upon receipt of the order or judgment, which shall be conclusive evidence of the guilt of the crime or crimes of which the engineer has been convicted, the Board Administrator shall treat the order or judgment as a complaint for misconduct and violation of professional responsibility.

(c) A respondent may present evidence and argument in support of mitigation based on, but not limited to, the nature of respondent's misconduct, surrounding facts and circumstances, previous ethical violations, the willfulness of the conduct, and the adequacy of respondent's previous opportunity to present evidence.

4.7. Reciprocal Discipline.

(a) A final adjudication in another jurisdiction, whether state or federal, of misconduct constituting grounds for discipline of a registered professional engineer in that jurisdiction or a voluntary surrender of a license to practice engineering in connection with a disciplinary proceeding in that jurisdiction shall, for the purposes of proceedings under these rules, conclusively establish such conduct.

(b) A registrant in this State against whom any form of public discipline has been imposed by the authorities of another jurisdiction, whether state or federal, or who voluntarily surrenders his or an aggravating factor in any subsequent disciplinary proceeding. Any other person may notify the Board of such action by submitting a complaint.

(c) If the registrant intends to challenge the validity of the disciplinary order entered in the foreign jurisdiction or the voluntary surrender of his or her license to practice engineering in connection with a disciplinary proceeding, the registrant must request a formal hearing and file with the Board a full copy of the record of the disciplinary proceedings which resulted in imposition of the disciplinary order or the voluntary surrender of a license to practice engineering.

§7-2-5. Disposition of Complaints.

5.1. Administrative Decisions and Orders.

(a) Any party may submit proposed findings of fact and conclusions of law as permitted in the discretion of the presiding officer.

(b) After a hearing upon a complaint is completed, including an instance in which the respondent defaults, the Hearing Panel may make findings of fact and conclusions of law and shall issue the appropriate administrative decision or order.

(c) The Hearing Panel may make findings of fact and conclusions of law in connection with the hearing and in conformity with applicable law notwithstanding the failure of the complaint to allege the grounds therefor.

(d) Informal disposition may also be made of any complaint by stipulation, agreed settlement, or consent order provided, however, that a hearing upon any pending complaint set pursuant to Rule 4.0 shall not be cancelled other than by a respondent's acceptance of such proposed informal disposition.

(e) All dispositions of complaints shall be signed by the presiding officer. A copy shall be maintained in the permanent records of the Board.

(f) The official determination of the Hearing Board shall be made by majority vote of the Hearing Panel. The presiding officer shall vote in every matter but shall reserve his vote to the last. Any minority of the Hearing Panel may preserve its opinion in written form submitted at or not less than ten days after the entry of the majority's administrative decision or order.

(g) A copy of the administrative decision or order shall be served upon each party and his counsel in person or by registered or certified mail within five days after entry by the presiding officer.

5.2. Unlawful Practice. In addition to disciplinary actions authorized by W. Va. Code §30-13-21, if the administrative decision or order finds that the respondent is engaging in the practice of engineering in this state without being registered, the Board may request the prosecutor of any county to prosecute the respondent pursuant to W. Va. Code §31-13-23 or the Board may file a complaint seeking an injunction to enforce the provisions of W. Va. Code §31-13-1 et seq. Nothing in these rules shall prohibit the Board from requesting prosecution or seeking an injunction without prior notice and opportunity for hearing to the person who is believed to be in violation.

Other Relevant Code Sections and Related Rules

Chapter 5G - Procurement of Architect-Engineer Services by State and Its Subdivisions

§5G-1-1 et seq. – Requires procurement of architectural and/or engineering services on the basis of demonstrated competence and qualifications for the type of professional service required (also known as Qualification-Based Selection or QBS). Applicable to all state agencies, including quasi-public corporations, and all political subdivisions (cities, counties, boards of education and public service districts).

Chapter 6 - Open Governmental Proceedings

§6-9A-1 et seq. – Also known as "**The Sunshine Law,**" the open meetings law applies to the WV PE Board and all governing bodies of public agencies. As required by that act, notices of all meetings of the WV PE Board are published in the State Register at least five days before the meeting and also posted under Meeting Notices on the WV Secretary of State's website.

Chapter 21A - Unemployment Compensation

§21A-2-6(17) – This code section required the Employment Programs Bureau Commissioner to promulgate rules prohibiting state agencies from granting, issuing or renewing a license, certificate or other authority to conduct a trade, profession or business whose unemployment compensation account is in default. See Title 96, Series 1 of the Code of State Rules.

Chapter 23 - Workers' Compensation

§23-1-1b(g)(16) – This code section required [now the Insurance Commissioner] to promulgate rules prohibiting state agencies from granting, issuing or renewing a license, certificate or other authority to conduct a trade, profession or business whose workers' compensation account is in default. See Title 85, Series 32 of the Code of State Rules.

Chapter 29A - State Administrative Procedures Act

Some of the articles of particular relevance to the WV PE Board and its licensees are:

§29A-1-1 et seq. Definitions and Application of Chapter - Applicable to all WV agencies (boards, commissions, departments, offices and officers) of the executive branch of government.

§29A-3-1 et seq. Rule Making – Explains the differences in legislative, emergency, procedural and interpretive rules and sets forth the requirements for adopting each type.

§29A-5-1 et seq. Contested Cases and **§29A-6-1 et seq.** Appeals – The procedures set forth here may be applicable if there are no more specific procedures in WV Engineering Law or in §30-1-8 (procedures applicable to all licensing boards).

Chapter 29B - Freedom of Information Act

West Virginia's open records law requires that public records must be made available upon request. All public bodies are subject to the law, including the WV PE Board. The act defines public records, exempts certain records, and sets forth procedures for requesting and obtaining the records and enforcing the act.

Chapter 30 - Professions and Occupations

§30-1-1 et seq. – These general provisions are applicable to all WV professional licensing boards and address several topics such as meetings, disciplinary proceedings, and other powers and duties of licensing boards.

Chapter 48 - Domestic Relations

§48-15-1 et seq. – Enforcement of Support Order Through Action Against License, including **§48-15-303** – License applicant must certify, under penalty of false swearing, information regarding any child support obligation, and action may be taken against a licensee for failure to pay child support or appear at certain proceedings.
