The Honorable Jim Justice
Governor, State of West Virginia
State Capitol Building
1900 Kanawha Boulevard, East
Charleston, WV 25305

Dear Governor Justice:

On behalf of the West Virginia State Board of Registration for Professional Engineers, we are pleased to provide you with our FY2022 Annual Report. This report is hereby submitted in compliance with mandates of the statutory requirements of W.Va. Code §30-1-12(b).

In order to safeguard life, health and property and to promote the public welfare, the practice of engineering in this state is declared to be subject to regulation in the public interest. The WV PE Board is charged with the administration and enforcement of the provisions of W.Va. Code §30-13 governing the practice of professional engineering. Enclosed is the Board's certified Annual Report covering fiscal years 2021-2022, including required documentation of agendas, minutes, receipts, disbursements, rosters and a listing of filed complaints. As always, all information contained within this report, as well as other relevant applicant and examinee information, is accessible 24 hours a day, 7 days a week, via our website at www.wvpebd.org.

As you are aware, FY2022 was one of centennial celebration for our agency. The Board appreciates your acknowledgement of this remarkable milestone and proudly displays your gubernatorial proclamation marking 100 years of outstanding service of protecting the health, safety and welfare of the citizens of our state.

In closing, please know the WV State Board of Registration for Professional Engineers and their staff will continue to strive to provide superior service to the engineering students, the engineering professionals, and the citizens of our great state! Should you have any comments or questions regarding the content of this report, please do not hesitate to contact our office.

Sincerely,

Lesley L. Rosier-Tabor, P.E.

# BOARD MEMBERS

It is the responsibility of the West Virginia State Board of Registration for Professional Engineers to administer the provisions of the West Virginia Engineering Law, and corresponding Legislative Rules and Regulations, governing the practice of the profession of engineering in such a manner as to protect the public's health, safety and welfare. The West Virginia State Board of Registration for Professional Engineers consists of five registered professional engineers, each Board Member being appointed by the Governor of the State of West Virginia with the consent of the Senate of the West Virginia Legislature. The Board members serve for terms of five years or until they are reappointed or their successors are named. The following persons have served as members of the Board for the period covered by this report, with their office designations held during FY2022:

# RECEIPTS & DISBURSEMENTS

The West Virginia Board of Registration for Professional Engineers is self-supporting, and operates on the collection of license application fees and renewals rather than appropriated funds. Receipts collected by the WV PE Board are deposited into a Special Revenue Fund at the Office of the Treasurer, and the expenses of the Board are disbursed from this fund. A statement of the total receipts and disbursements of the Board for FY2021 and FY2022 are shown on the following pages. All civil penalties (fines) paid as a result of a disciplinary action are not retained by the Board but rather deposited directly into the General Fund for the State of West Virginia.

All revenue received by the WV State Board of Registration for Professional Engineers is generated in accordance with WV Engineering Law (WV Code Chapter 30-13 and Legislative Rule 7-1-13.4) as outlined in the Fee Table provided below. Additional monies deposited by this agency that could appear in the revenue total from year to year include nominal FOIA copy charges and directly reimbursed Administrative Costs resulting from resolution of a complaint. Daily itemized deposits by revenue type are available for review and all expense disbursements are processed by Object Code in WVOASIS.

The West Virginia State Board of Registration for Professional Engineers and the West Virginia Board of Architects met on the 11th floor of the Kanawha Valley Building located at 300 Capitol Street, Charleston, WV, on Wednesday, July 14, 2021. Those present for all or part of the meeting were:

| | |
|---|---|
| Bhajan Saluja | Adam Krason |
| Garth Thomas | Ed Tucker |
| Larry Nottingham | Todd Boggess |
| Edward Robinson | Edsel Smith |
| L.A. Gates | Jan Fox |
| Lesley Rosier-Tabor | Emily Papadopoulos |
| Aaron Armstrong | |
| Edward Eagloski | |

The meeting was called to order at 10:00 am. Garth Thomas, PE Board President, opened the meeting and requested all present to introduce themselves. Mr. Eagloski then reminded everyone that this was an open meeting and there were to be no discussions specific to any complaint or investigation relevant to either of the Boards. No motions were made and neither Board took official action during the course of the meeting.

The purpose of the meeting was to expand the lines of communications between the Boards, discuss common issues of both Boards such as education, examinations, legislation, and practice matters.

At the request of Adam Krason, the important issues of practice overlap and incidental practice were moved to the top of the agenda. Discussion followed regarding these matters, including specific practice definitions, relevant project responsibilities of the different professions and related exemptions, in hopes of bringing clarity to practice-specific matters. In particular, differences in each Board's practice definitions regarding the design of buildings were highlighted. Members also reviewed the outdated Handbook for Building Officials that was jointly created in 1995 and the most recent version of the updated Joint Professional Use of Seals Brochure, both publications jointly developed by the WV Architects and Professional Engineers Boards. All agreed that the Handbook for Building Officials could be condensed, with the most relevant and important information possibly merged into a future version of the Joint Professional Use of Seals publication. Staff and Board members agreed to begin the process of reviewing the material of both and develop a list of important items for consideration to be discussed at a future meeting.

The Board members discussed the successful lines of communications between the Boards throughout the years and specifically during the recent Legislative session. All agreed to keep the lines of communications open going forward.

There was also detailed discussion of the legislative issues from the 2021 WV Legislative Session and how to move forward. The Boards agreed to work together through their respective national counterparts (NCARB, NCEES, ARPL, etc.) to monitor future legislation and consider offering draft legislation in preparation for the upcoming 2022 WV Legislative Session.

Being that 2021 is the 100th year of existence for both Boards, the members agreed that a future event could be jointly coordinated to commemorate this achievement. All agreed that a press release could be created and circulated to announce this 100th celebration and other ideas were discussed to honor and memorialize the occasion.

Education and examination issues concerning both Boards were briefly discussed. Both Boards presented an overview of their respective education and examination requirements specific to their profession.

Upon completion of the discussion and review of all agenda items, the members agreed to adjourn the meeting at 12:00 pm. The PE Board announced their next regular meeting will take place on July 20, 2021 and the Architects Board announced their next quarterly meeting will take place on September 16, 2021. The Board members will be compensated one day per diem plus travel expenses.

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Tuesday, July 20, 2021. Those present for all or part of the meeting were:

| | |
|---|---|
| Garth E. Thomas | President |
| Larry C. Nottingham | Vice-President |
| L.A. Gates | Secretary |
| Bhajan S. Saluja | Member |
| Edward L. Robinson | Member |
| Lesley L. Rosier-Tabor | Executive Director |
| Aaron M. Armstrong | Board Investigator |
| Edward Eagloski | Board Counsel |

The meeting was called to order at 9:05am. Mr. Thomas, as the Board's new President, welcomed all present and introduced the FY 2022 Board Officers. The Board meeting minutes for May 18, 2021 were reviewed. A motion to approve the minutes was made by Mr. Gates, seconded by Mr. Saluja. Motion carried.

The Board budget summaries for May and June 2021 were received and reviewed, and the Board reviewed the Pcard transactions for the months of May and June. Ms. Rosier reported a $1.58M balance for the end of June 2021, also marking the beginning balance for FY2022. Ms. Rosier also discussed the 19-year Revenue / Expense Comparison and year end balance, noting that the year-end balance should remain relatively steady now that the Board has fully transitioned to biennial PE and COA and license renewals and the COA renewal fee reductions are now in place.

A motion to approve the budget, current expenditures, and purchasing card transactions was made by Dr. Nottingham, seconded by Mr. Robinson. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments:

- Ms. Rosier reported that there are currently 30 registered as WV applicants with NCEES for the October 2021 PE exam and that the deadline to register is August 26, 2021.
- Ms. Rosier reported that staff as well as Mr. Thomas and Mr. Saluja attended the virtual NCEES NE Zone meeting and were the voting members for the meeting.
- Mr. Saluja requested Ms. Rosier to continue to report the WV passage rates for the FE and PE exams on a quarterly basis, as a minimum. Ms. Rosier acknowledged this request and reported that she will continue to monitor and report the WV applicant passage rates.

- Ms. Rosier discussed the upcoming NCEES annual meeting forums (Engineers, Surveyors, Member Board Administrators) and noted that staff will plan to attend these 3 virtual forums next week and will have the presentations available in the Board room for any Board member who would like to participate. Mr. Thomas indicated he had signed up to participate in the Engineer's Forum as well.
- Ms. Rosier reported that she and Mr. Thomas will attend the NCEES annual meeting in New Orleans in August and that the Board has received official approval from the Governor's office to attend.
- Ms. Rosier discussed the upcoming meeting and training participation needs to include the required State Purchasing Card Coordinators Seminar and the 2021 Chapter 30 State Licensing Board Seminar.

A motion was made by Dr. Nottingham, seconded by Mr. Robinson, to approve attendance and travel for Board members, staff and counsel to the activities as discussed and outlined in the Executive Director's report and the updated calendar. Motion carried.

Prior to entering into Executive Session, the Board Investigator provided the details of the settlement of complaints C2021-14, C2021-16, C2021-18, C2021-19, C2021-21, and C2021-03. The consent orders will be posted on the Board's website within a reasonable timeframe.

Mr. Robinson made a motion to enter into Executive Session at 9:32am, seconded by Dr. Nottingham. Motion carried.

At 11:05am, the Board held an informal conference with the Respondent concerning C2021-11. After the informal conference, the Board recessed the Executive Session at 12:10pm for lunch and resumed the Executive Session at 12:45pm.

At 1:20pm, Dr. Nottingham made a motion, seconded by Mr. Robinson, to move into General Session. The motion carried, and the Board took the following action:

- Dr. Nottingham made a motion, seconded by Mr. Saluja, to dismiss C2021-11. Motion carried.
- Mr. Saluja made a motion, seconded by Dr. Nottingham, to move I2022-01 to complaint. Motion carried. Furthermore, Mr. Saluja made a motion, seconded by Dr. Nottingham, to receive and file complaint C2022-01, and set said complaint for a hearing on 1/19/2022. Motion carried.
- Dr. Nottingham made a motion, seconded by Mr. Gates, to move I2022-04 to complaint. Motion carried. Furthermore, Dr. Nottingham made a motion, seconded by Mr. Gates, to receive and file complaints C2022-02 and C2022-03, and set said complaints for a hearing on 1/19/2022. Motion carried.
- Mr. Saluja made a motion, seconded by Dr. Nottingham, to move I2022-02 to complaint. Motion carried. Furthermore, Mr. Saluja made a motion, seconded by Dr. Nottingham, to receive and file complaint C2022-04, and set said complaint for a hearing on 1/19/2022. Motion carried.

The Board acted upon the special case files as follows:

- Mr. Robinson made a motion, seconded by Dr. Nottingham, to approve the PE reinstatement application for Darin Simpson. Motion carried.

The Board reviewed the COVID-19 agency update and the message to State Employees regarding the Statewide Indoor Face Covering Requirement No Longer in Effect, as well as a memo regarding restrictions on out-of-state and international travel.

The Board reviewed a summary of both the NCEES Zone Meeting and the NCEES State of the Council meetings which were held virtually.

Ms. Rosier discussed the NCEES Resolution of Cooperation. The Board requested this matter remain on its agenda for the September meeting.

The Board reviewed the 2021 NCEES Annual Meeting information and summary of motions as well as the NCEES Memoriam correspondence. Ms. Rosier provided an update on the NCEES Annual Meeting consent agenda items and the Board discussed the proposed items for removal from the consent agenda.

The Board reviewed details on the 3 upcoming NCEES Annual Meeting forums, professional development webinars as well as 2021-2022 NCEES committee appointments. Ms. Rosier announced that she will serve on the MBA committee this year and Mr. Thomas reported he was asked to chair the Education committee.

The Board reviewed the updated CBT PE exam transition schedule. Ms. Rosier noted that October 2021 will be the last paper Civil Exam administered and that the Structural PE exams will be the only remaining paper and pencil exams until their anticipated transition date of 2024.

The Board reviewed correspondence from ARPL and NCEES representatives relative to the Executive Order related to competition and banning excessive occupational licensure restrictions.

The Board reviewed the required BRIM Loss Control Questionnaire and the annual Safety Committee meeting documentation in accordance with BRIM's Standards of Participation letter received May 28, 2021. In addition, the Board participated in viewing the WV Insurance Commission's Safe Driving video and provided staff with their signed confidentiality statements for inclusion in the annual BRIM submission.

The Board reviewed the 2021 ABET visit dates and program review schedule for the WV schools. Dr. Nottingham agreed to serve as a Board observer for the American Public University visit, Mr. Thomas will serve as the Board observer for the Fairmont State University visit, and Mr. Saluja will serve as the Board observer for the Marshall University visit.

The Board reviewed the most recent Professional Licensing Report (PLR).

Ms. Rosier discussed the plan for staff to begin the COA renewal preparations and that the Board's annual newsletter will be mailed with the COA renewal notices as well as to all active and retired registrants in late November. She requested the Board President and staff members begin work on their articles and provide submissions no later than September 1, 2021.

The Board discussed the 100th Anniversary of the WV State Board of Registration for Professional Engineers and requested Ms. Rosier to work with the WV Architects Board to disseminate a press release to honor and memorialize the following occasions:

- On July 27, 2021, the WV State Board of Registration for Professional Engineers celebrates their 100th Anniversary of existence. Per WV Legislative Act effective July 27, 1921, under Governor Ephraim Franklin Morgan, the WV PE Board was formed.
- On November 21, 2021, the WV State Board of Registration for Professional Engineers celebrates the 100th Anniversary of their first meeting. The WV PE Board first convened an official meeting on November 21, 1921 at 10am in the Coyle and Richardson Building, Charleston, WV.

The Board discussed the on-going Board appointment needs and reviewed the upcoming 2021 Calendar of Events, noting the many changes due to COVID-19 cancellations and restrictions.

Upon motion by Dr. Nottingham, seconded by Mr. Saluja, the Board voted to adjourn the meeting at 2:20pm. The next Board meeting will be September 21, 2021, in Charleston. The Board members will be compensated one day per diem plus travel expenses.

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Wednesday, September 15, 2021. Those present for all or part of the meeting were:

| | |
|---|---|
| Garth E. Thomas | President |
| Larry C. Nottingham | Vice-President |
| L.A. Gates | Secretary |
| Bhajan S. Saluja | Member |
| Edward L. Robinson | Member |
| Lesley L. Rosier-Tabor | Executive Director |
| Edward Eagloski | Board Counsel |

The meeting was called to order at 9:02am. Mr. Robinson participated remotely via teleconference. Mr. Gates participated initially by teleconference, and appeared in person at 9:50am. The Board meeting minutes for the Joint Board meeting with the WV Virginia Board of Architects held on July 14, 2021 were reviewed. A motion to approve the minutes was made by Dr. Nottingham, seconded by Mr. Saluja. Motion carried. The Board meeting minutes for the July 20, 2021 meeting were reviewed. A motion to approve the minutes was made by Dr. Nottingham, seconded by Mr. Saluja. Motion carried.

The Board budget summaries for July and August 2021 were received and reviewed, and the Board reviewed the Pcard transactions for the months of July and August. Ms. Rosier reported a $1.46M balance for the end of August 2021. Ms. Rosier discussed the FY2022 budget report, noting anticipation of lower COA-related revenue in FY 2022 than during recent years due to full implementation of the 2020 legislative rule changes reducing the COA renewal and reinstatement fees.

In addition, Ms. Rosier discussed the FY2023 Appropriations Request submission, noting the agency request contained the exact budget figures as presented for the FY2022 Expenditure Schedule submission and approved by the Board at its May 2021 Board meeting.

A motion to approve the budget, current expenditures, and purchasing card transactions was made by Mr. Saluja, seconded by Mr. Robinson. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments:

- Ms. Rosier reported that a total of 61 examinees registered with NCEES as WV applicants for the October 2021 Civil PE exam. She reported this will be the last paper-and-pencil administration with the exception of the Structural PE exams.

- Ms. Rosier reported that she and Sue Rubenstein participated in the annual WV Agency Purchasing Conference, as well as the required State Purchasing Card Coordinators Seminar.
- Ms. Rosier reported she participated virtually in all 3 of the 2021 NCEES Annual Meeting Forums (Engineers, Surveyors, Member Board Administrators).
- Ms. Rosier reported that both she and President Thomas participated in the virtual NCEES State of the Council Meeting last week to discuss items removed from the consent agenda and to test the virtual voting platforms.
- Ms. Rosier reported that the 2021 NCEES Annual Meeting previously scheduled to take place in New Orleans, Louisiana, will take place virtually beginning at 12:00pm. All Board members and staff present are signed up to participate from the Board's conference room.
- Ms. Rosier reported that the required 2021 Annual Licensing Board Seminar conducted by the WV State Auditor will be held on Tuesday, October 26th. The Board President, Ms. Rosier, Ms. Rubenstein, and Board Counsel are scheduled to participate and all other Board members were encouraged to check their calendars and plan to attend if possible.
- Ms. Rosier shared receipt of two invitations for face-to-face Board presentations at Marshall University, one is scheduled for October 22nd and the other is TBD. In addition, last week, President Thomas indicated that he held a presentation on the WVU-Beckley campus relating to the importance of PE licensure, and the methodology to achieve this goal through education, work experience and examination.

A motion was made by Dr. Nottingham, seconded by Mr. Saluja, to approve attendance and travel for Board members, staff and counsel to the activities as discussed and outlined in the Executive Director's report and the updated calendar. Motion carried.

Ms. Rosier had no additional COVID-19 updates to report since the last meeting. There continues to be a number of protocols still in effect that are impacting various state trainings as well as NCEES travel, meetings and exams.

Ms. Rosier discussed her virtual participation in all 3 of the 2021 NCEES Annual Meeting Forums (Engineers, Surveyors, Member Board Administrators) which took place over 3 days in late July 2021. President Thomas also updated the Board with his participation in the Engineers Forum as well. Ms. Rosier, Ms. Rubenstein and Mr. Armstrong also participated in the Professional Development Workshop offered by NCEES. NCEES indicated the forums and professional development session recordings would be available for Board member and staff review via the NCEES website.

Ms. Rosier reported that with NCEES's COVID social distancing guidelines, there will be two Charleston, WV test administration sites on Thursday, October 21st, for this last paper-and-pencil Civil PE exam. The second site was added by NCEES at the request of the WV PE Board after receiving multiple calls that WV-based applicants were unable to register and would be required to drive great distances to out-of-state sites. To assist in the logistics of this second site, Ms. Rosier and Ms. Rubenstein volunteered to serve

as site proctors at the added site. Ms. Rosier and Ms. Rubenstein will also be required to participate in an NCEES Proctor Training refresher later this month.

The Board reviewed the updated CBT PE exam transition schedule noting 2022 will have all PE exams being delivered via CBT with the exception of the 16-hour Structural Engineering exam in paper-and-pencil format. The Structural Engineering exams are on schedule to move to CBT no later than 2024.

Ms. Rosier reported that the WV Legislature recently completed an interim session. She also noted that ARPL and NCEES representatives, along with other WV Board staff, are currently planning a fall meeting in preparation for the 2022 WV Legislative Session.

Ms. Rosier reported that one of the three scheduled ABET visits for the Fall of 2021 had been cancelled. President Thomas and Mr. Saluja reported that on-campus visits are still suspended and the ABET reviews will be conducted virtually. Both Board members have been contacted by their team chairs and will proceed accordingly.

Ms. Rosier reported she had received questions regarding registration needs of engineering faculty on both the WVU and WVU-Tech campuses. Ms. Rosier contacted the Board President, as he is a former faculty member at WVU-Tech campus, who in turn contacted the faculty members to discuss their questions. President Thomas requested Counsel to review the current NCEES Model Law and WV Engineering Law regarding teaching of engineering courses prior to the next meeting.

Ms. Rosier discussed the staff efforts to date in preparing for the biennial Certificate of Authorization (COA) renewal. All current COAs are set to expire on December 31, 2021 and will be required to be renewed. All COAs processed and activated on October 1 and after will expire on December 31, 2023.

The Board reviewed the Purchasing Division request to conduct their scheduled review. Ms. Rosier reported she and Ms. Rubenstein had provided the Purchasing staff with the requested documentation on July 22nd and also answered subsequent follow-up questions in August.

The Board reviewed the most recent Professional Licensing Report (PLR).

Ms. Rosier updated the Board on the agency's joint press release disseminated in late July 2021, in cooperation with the WV Architects Board, commemorating the centennial celebration of 100 years of service to the state and highlighting the following dates:

- On July 27, 2021, the WV State Board of Registration for Professional Engineers celebrated their 100th Anniversary of existence. Per WV Legislative Act effective July 27, 1921, under Governor Ephraim Franklin Morgan, the WV PE Board was formed.
- On November 21, 2021, the WV State Board of Registration for Professional Engineers celebrates the 100th Anniversary of their first meeting. The WV PE

Board first convened an official meeting on November 21, 1921 at 10am in the Coyle and Richardson Building, Charleston, WV.

Ms. Rosier also incorporated this press release, as well as a cover page reference to this milestone, in the Fall 2021 InterChange newsletter publication. The Board's website has also been updated to include a number of scrolling page headers to memorialize the occasion and serve as recognition of this momentous year.

The Board was presented with a draft version of the Fall 2021 InterChange newsletter publication. Ms. Rosier requested all staff and Board members submit final proofing comments no later than Friday, September 20th. The newsletter is scheduled to be printed in October and disseminated in late November. A copy of the newsletter will be sent to all licensed firms as an enclosure within their COA renewal notification mailings, followed by individual copies to be disseminated to all Active and Retired PEs via a subsequent mailing.

Prior to entering into Executive Session, the Board Counsel provided the details of the resolution of complaints C2021-11, C2021-17, and C2022-02. The consent orders will be posted on the Board's website within a reasonable timeframe.

Mr. Robinson made a motion to enter into Executive Session at 10:30am, seconded by Mr. Saluja. Motion carried.

Dr. Nottingham excused himself and left the board room as to not be part of any discussion or decision making regarding C2021-20.

At 12:00pm, Dr. Nottingham made a motion, seconded by Mr. Robinson, to move into General Session. The motion carried. At that time, the Board had a working lunch while logging in to officially join the 2021 NCEES Annual Meeting virtually. Mr. Robinson left the teleconference at that time.

The NCEES Meeting recessed shortly after 1:00pm. At 1:08pm, Mr. Robinson rejoined the meeting by teleconference, and he made a motion, seconded by Mr. Gates to re-enter Executive Session. The motion carried.

At 1:25pm, Mr. Eagloski was excused and absented himself from the Executive session while the Board met with the Executive Director to discuss personnel matters, including the resignation of the Board Investigator. Thereafter, Ms. Rosier excused and absented herself from the Executive Session. Ms. Rosier was called back before the Board for further discussion. Thereafter, Mr. Eagloski was invited back before the Board.

At 1:40pm, Dr. Nottingham made a motion, seconded by Mr. Robinson, to move into General Session. The motion carried, and the Board took the following action:

- Mr. Saluja made a motion, seconded by Mr. Robinson to dismiss C2022-01. Motion Carried.

- Dr. Nottingham made a motion, seconded by Mr. Gates to move I2022-05 to complaint. Motion carried. Furthermore, Dr. Nottingham made a motion, seconded by Mr. Gates, to receive and file complaint C2022-06, and set said complaint for a hearing on 3/15/2022. Motion carried.
- Mr. Gates made a motion, seconded by Dr. Nottingham, to move I2022-06 to complaint. Motion carried. Furthermore, Mr. Gates made a motion, seconded by Dr. Nottingham, to receive and file complaint C2022-07, and set said complaint for a hearing on 3/15/2022. Motion carried.
- Mr. Saluja made a motion, seconded by Mr. Gates, to dismiss C2021-20. Motion carried.
- Mr. Robinson made a motion, seconded by Dr. Nottingham, to dismiss C2022-04. Motion carried.
- Mr. Saluja made a motion, seconded by Mr. Gates, to receive and file complaint C2022-05, and set said complaint for hearing on 1/18/2022.

The Board acted upon the special case files as follows:

- Dr. Nottingham made a motion, seconded by Mr. Saluja, to approve the PE comity application for Jeremy R. Fry. Motion carried.
- Dr. Nottingham made a motion, seconded by Mr. Saluja, to approve the PE comity application for Peter R. Seckinger. Motion carried.
- Mr. Saluja made a motion, seconded by Mr. Gates, to approve the DBA Waiver application for Whelen Engineering Company. Motion carried.

The Board reviewed personnel matters related to the resignation of the Board Investigator, the employment of his replacement and the distribution of his responsibilities and duties among Board Staff and Counsel. The Board acted upon personnel matters as follows:

- Dr. Nottingham made a motion to approve the 5% merit increase for Ms. Coleman, effective September 25, 2021. Mr. Saluja seconded, and the motion carried.
- Mr. Robinson made a motion to authorize the Executive Director to extend an offer of full-time employment with a specified salary to the Board's Counsel effective September 25, 2021. Mr. Gates seconded, and the motion carried.
- The Board Investigator position will remain vacant, until such time as the Board determines the needs of that position to be filled.

Thereafter, Mr. Robinson and Board Counsel exited the meeting. The remaining Board Members and Ms. Rosier continued their participation in the virtual 2021 NCEES Annual meeting throughout the afternoon.

At the conclusion of the 2021 NCEES Annual Meeting and the Board's virtual participation, a motion was made by Dr. Nottingham, seconded by Mr. Gates, and the Board voted to adjourn the meeting at 3:45pm. The next Board meeting will be November

16, 2021, in Charleston. The Board members will be compensated one day per diem plus travel expenses.

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Tuesday, November 16, 2021. Those present for all or part of the meeting were:

| | |
|---|---|
| Garth E. Thomas | President |
| Larry C. Nottingham | Vice-President |
| L.A. Gates | Secretary |
| Bhajan S. Saluja | Member |
| Edward L. Robinson | Member |
| Lesley L. Rosier-Tabor | Executive Director |
| Edward Eagloski | Board Counsel |

The meeting was called to order at 9:05am. Mr. Robinson participated remotely via teleconference. The Board meeting minutes for the September 15, 2021 meeting were reviewed. A motion to approve the minutes was made by Mr. Gates, seconded by Dr. Nottingham. Motion carried.

The Board budget summaries for September and October 2021 were received and reviewed, and the Board reviewed the Pcard transactions for the months of September and October. Ms. Rosier reported a $1.35M balance at the end of October 2021 and prior to the launch of the Certificate of Authorization (COA) renewal season.

A motion to approve the budget, current expenditures, and purchasing card transactions was made by Mr. Saluja, seconded by Dr. Nottingham. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments:

- Ms. Rosier reported that there were 61 examinees registered with NCEES as WV applicants for the October 2021 Civil PE exam, which was the last paper and pencil offering of this exam. A total of 54 examinees appeared within the 3 WV exam sites and results should be made available by NCEES in early December.
- Ms. Rosier reported that she conducted two successful face-to-face Board presentations at Marshall University, one on September 28th and the other on October 22nd. Mr. Eagloski, Board Counsel, joined Ms. Rosier for the October 22nd presentation to share background and insight on the Board's complaint and investigative procedures. A combined total of over 200 students and faculty were present and benefited from the Board sessions.
- Ms. Rosier provided the Board with updates on staff's on-going projects and answered questions.

- Ms. Rosier discussed the various meetings and trainings completed since the last Board meeting, including two NCEES Law Enforcement Trainings, NCEES PE Exam Proctor Training, and the 2021 Required State Purchasing Card Coordinator's Seminar. Ms. Rosier also shared upcoming meeting and training dates that will take place prior to the end of the 2021 calendar year.

A motion was made by Dr. Nottingham, seconded by Mr. Robinson, to approve attendance and travel for Board members, staff and counsel to the activities as discussed and outlined in the Executive Director's report and the updated calendar. Motion carried. Prior to entering into Executive Session, the Board's Counsel provided the details of the settlement of complaints C2021-20, C2021-22, C2022-01, C2022-03, C2022-04, and C2022-06. The consent orders will be posted on the Board's website within a reasonable timeframe.

Dr. Nottingham made a motion to enter into Executive Session at 9:20am, seconded by Mr. Gates. Motion carried.

Mr. Robinson excused himself and disconnected his phone call with the Board, as to not be part of any discussion or decision making regarding C2022-05.

The Board recessed the Executive Session at 11:55am for lunch and resumed the Executive Session at 12:25pm.

At 12:40pm, Dr. Nottingham made a motion, seconded by Mr. Saluja, to move into General Session. The motion carried, and the Board took the following action:

- Mr. Saluja made a motion, seconded by Dr. Nottingham, to move I2022-08 to complaint. Motion carried. Furthermore, Mr. Saluja made a motion, seconded by Dr. Nottingham, to receive and file complaint C2022-08, and set said complaint for a hearing on 3/16/2022. Motion carried.
- Dr. Nottingham made a motion, seconded by Mr. Gates, to move I2022-09 to complaint. Motion carried. Furthermore, Dr. Nottingham made a motion, seconded by Mr. Gates, to receive and file complaint C2022-09, and set said complaint for a hearing on 3/16/2022. Motion carried.
- Mr. Saluja made a motion, seconded by Mr. Gates, to move I2022-10 to complaint. Motion carried. Furthermore, Mr. Saluja made a motion, seconded by Mr. Gates, to receive and file complaint C2022-10, and set said complaint for a hearing on 3/16/2022. Motion carried.
- Dr. Nottingham made a motion, seconded by Mr. Gates, to move I2022-11 to complaint. Motion carried. Furthermore, Dr. Nottingham made a motion, seconded by Mr. Gates, to receive and file complaint C2022-11, and set said complaint for a hearing on 3/16/2022. Motion carried.

The Board acted upon the special case files as follows:

- Mr. Robinson made a motion, seconded by Dr. Nottingham, to approve the PE reinstatement application for James Travis Miller. Motion carried.

- Dr. Larry Nottingham made a motion, seconded by Mr. Gates, to approve the DBA Waiver application for Construction Management & Engineering Corporation d.b.a. CME Corp. Motion carried.

Ms. Rosier had no additional COVID-19 updates to report since the last meeting. There continues to be a number of protocols still in effect that are impacting various state trainings as well as NCEES travel, meetings and exams.

Ms. Rosier provided a summary of the 2021 NCEES Annual Meeting and the Board reviewed the summary of actions on motions voted upon during the Business Session at the meeting. She also discussed staff participation in the virtual offerings of the 2021 NCEES Law Enforcement Forums.

The Board reviewed the 2021-2022 NCEES National Service Awards call for nominations and the Executive Director reminded the Board that their nomination of President Garth Thomas for the NCEES Distinguished Exam Services Award is due by January 31, 2021. Ms. Rosier will compile the nomination information and supporting documentation for Board approval during their January 2022 Board meeting.

Mr. Saluja made a motion, seconded by Dr. Nottingham, to approve and nominate Edward Eagloski, Board Counsel, for Associate Membership with NCEES. Ms. Rosier will prepare the necessary paperwork and submit to NCEES for consideration during their February 2022 Board of Directors meeting.

The Board reviewed the most recent Alliance for Responsible Professional Licensing (ARPL) publications and Ms. Rosier provided an update from the latest ARPL-WV teleconference that she participated in as they prepare for the upcoming 2022 Legislative Session.

President Thomas and Ms. Rosier provided updates on their 2021-2022 NCEES Committee work to date. President Thomas serves as the Chairman of the NCEES Education Committee and Ms. Rosier serves as a member of the Member Board Administrators Committee. Both Committees have been extremely busy with various virtual meetings to tackle a myriad of charges assigned to them by NCEES President Robertson.

The Board reviewed a summary of responses to the NCEES MBA listserve regarding faculty licensure, which highlighted the differences in engineering practice definitions, as well as relevant laws and rules pertaining to exemptions and incentives offered from state to state.

The Board reviewed the summary of NCEES 2021 PE exam changes, including the final stages of the CBT transition. Ms. Rosier reported on her and Board Administrator Rubenstein's proctoring experience at the most recent October 2021 Civil PE exam, which was also the final offering of a paper-and-pencil Civil PE exam. The only remaining

exams to be offered via paper is the 16-hour Structural PE exam, with a projected transition to CBT by 2024.

The Board reviewed staff correspondence with the WV Legislative Auditor's Office concerning data collection as it relates to Chapter 30 Licensing Boards and the frequency and cost of Administrative Law Hearings conducted during the 2018-2019 timeframe.

Board members congratulated Mr. L.A. Gates for receiving his re-appointment letter from Governor Justice. Mr. Gates's re-appointment is effective through the term ending June 30, 2025. Ms. Rosier provided the Board with the most recent information regarding the remaining Board appointment needs.

President Thomas and Mr. Saluja discussed their ABET observer activities conducted by a series of lengthy teleconferences over the last several months, culminating in 3-day virtual team visits in October 2021. They both indicated this was a challenging, yet rewarding, experience and the final ABET reports have yet to be released.

Ms. Rosier reported successful beta testing of updates made to the COA online renewal system. Additionally, Ms. Rosier discussed the 2021–2022 COA renewal game plan, highlighting the online renewal link will be activated no later than November 20th and staff will be dropping the large mass mailing of required renewal notices to USPS on Friday, November 26, 2021.

Ms. Rosier presented the Board with the final draft of the Purchasing Inspection report and Corrective Action Plan, addressing three technology-related oversights in the past two years. Ms. Rosier and Ms. Rubenstein, who serve as the Board's Agency Procurement Officers, will be requesting a meeting with staff of the WV Office of Technology to request assistance in assessing our current technology and to review our expenditures to clarify which ones require WVOT approval in the future.

The Board reviewed the latest edition of the Professional Licensure Report (PLR).

The Board reviewed the Fall 2021 InterChange newsletter publication final copy. The newsletter is scheduled to be mailed to firms on November 26, 2021, accompanying the COA renewal notification mailing and a copy of the latest WV Engineering Law booklet, reflecting legislative changes effective April 1, 2020. All Active and Retired PEs will simply receive a copy of the Interchange via a separate mailing to be sent on December 1, 2021.

The Board was presented with dates for the 2022 WV Construction and Design Exposition (EXPO) to be held at the Charleston Civic Center on March 23-24, 2022. After a 2-year hiatus due to COVID, the Board once again plans to have an agency booth and program ad (to serve as a Professional Development documentation page for attendees), in addition to conducting a 2-hour continuing education seminar to be offered free to all attendees. Ms. Rosier will contact both the OH PE/PS Board, as well as the WV PS Board, to determine if a joint session can be offered as was in 2019, to be counted toward both WV and OH PE and PS renewal requirements.

Ms. Rosier presented the FY2021 Annual Report for Board review and comment. President Thomas and Secretary Gates were asked to stay after the meeting to complete the Officer Affidavits with notarizations in order to finalize the report for submission to the Governor's Office.

The Board was presented with a Proclamation Certificate of Recognition received from Governor Jim Justice in recognition of the centennial celebration of existence of the WV State Board of Registration for Professional Engineers. The proclamation highlighted the significance of the upcoming November 21st date when the Board celebrates the 100th Anniversary of their first official meeting convened 10am in the Coyle and Richardson Building, Charleston, WV. Ms. Rosier indicated she will be including this proclamation, as well as other historical and celebratory information in the Fall 2022 edition of the InterChange.

The Board reviewed the upcoming 2022 Calendar of Events, noting the anticipated return of many face-to-face planned meetings and events that have been cancelled or taken virtual due to COVID-19 since March 2020.

Upon motion by Mr. Saluja, seconded by Dr. Nottingham, the Board voted to adjourn the meeting at 1:45pm. The next Board meeting will be January 18, 2022, in Charleston. The Board members will be compensated one day per diem plus travel expenses.

| Lesley L. Rosier-Tabor | Executive Director |
| Edward Eagloski | Board Counsel |

The meeting was called to order at 9:20am. Mr. Gates participated remotely via teleconference. The Board meeting minutes for the November 16, 2021 meeting were reviewed. A motion to approve the minutes was made by Dr. Nottingham, seconded by Mr. Saluja. Motion carried.

The Board budget summaries for November and December 2021 were received and reviewed, and the Board reviewed the Pcard transactions for the months of November and December 2021 as well. Ms. Rosier reported a $1.99M balance at the end of the 2021 calendar year, with over $750k in firm license renewal revenue since the launch of the Certificate of Authorization (COA) renewal season in late November 2021.

A motion to approve the budget, current expenditures, and purchasing card transactions was made by Dr. Nottingham, seconded by Mr. Saluja. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments:

- Ms. Rosier reported an exact 50% pass rate for WV examinees sitting for the final paper-and pencil Civil PE exam in October 2021.
- Ms. Rosier provided the Board with updates on staff's on-going projects and answered questions.
- Ms. Rosier discussed the various meetings and trainings completed since the last Board meeting, including the final segment in the 3-part NCEES Law Enforcement Training, as well as the WV State Auditor's Required training for Chapter 30 Licensing Boards. The Board also reviewed the upcoming meeting participation schedule, which included the 2022 NCEES MBA meeting (now to be held virtually), the 2022 WV Design and Construction Exposition (EXPO) and the 2022 NCEES Northeast Zone meeting.
- Ms. Rosier reminded all Board members that they must file the Ethics Commission Financial Disclosure Statement (FDS) by February 1, 2021.

Dr. Nottingham made a motion to enter into Executive Session at 9:50am, seconded by Mr. Saluja. Motion carried.

Mr. Robinson excused himself and left the board room so as to not be part of any discussion or decision making regarding C2022-05.

At 11:25am, Mr. Saluja made a motion, seconded by Dr. Nottingham, to move into General Session. The motion carried, and the Board took the following action:

- Dr. Nottingham made a motion, seconded by Mr. Saluja to dismiss C2022-05. Motion Carried.

The Board acted upon the special case files as follows:

- Dr. Nottingham made a motion, seconded by Mr. Robinson, to approve the PE comity application for Robert C. Heady. Motion carried.
- Mr. Saluja made a motion, seconded by Dr. Nottingham, to approve the PE comity application for Ryan L. Logan. Motion carried.
- Mr. Robinson made a motion, seconded by Dr. Nottingham, to approve the PE comity application for Peter O. Nussbacher. Motion carried.

Ms. Rosier had no new COVID-19 updates to report since the last meeting. There continues to be a number of protocols still in effect that are impacting various state trainings as well as NCEES meetings and travel.

Ms. Rosier provided an update to the 2022 NCEES Member Board Administrator's (MBA) Meeting, noting that due to continued concerns related to the high level of new COVID-19 cases throughout the United States, and many states still under restricted travel mandates, NCEES made the decision to move the MBA meeting and MBA Committee meeting to a virtual format. This decision was made to help ensure the health and safety of our meeting attendees and NCEES staff. A shorter virtual MBA meeting is now scheduled for Thursday, February 3, 2022.

Ms. Rosier provided an update on the 2022 NCEES NE Zone meeting, noting it is still scheduled to be held April 28-30, 2022 in Newport, Rhode Island. Ms. Rosier reminded the Board that NCEES delegate registration for this meeting is due tomorrow. President Thomas, Dr. Nottingham and Mr. Eagloski confirmed their interested in attending.

The Board reviewed the nomination package for President Thomas for the 2021-2022 NCEES National Distinguished Exam Services Award. Mr. Robinson thanked Ms. Rosier for preparation of the application package, and Ms. Rosier stated she would be submitting the nomination on behalf of Mr. Robinson and the WV PE Board later this week.

Both President Thomas and Ms. Rosier provided an update on their 2021-2022 NCEES Committee work to date. President Thomas continues to serve as the Chairman of the NCEES Education Committee and Ms. Rosier serves as a member of the Member Board

Administrators Committee. Both Committees continue to review the NCEES position statements assigned to their respective Committees for review, address the other assigned charges of the NCEES President, and begin to prepare presentations to ensure the significant issues of the committees are presented to the Council at each Zone meeting, allowing for discussion prior to the Annual Meeting in August.

Ms. Rosier updated the Board on the list of bills potentially impacting Chapter 30 Boards as introduced to date during the 2022 WV Legislative Session. The Board reviewed the most recent Alliance for Responsible Professional Licensing (ARPL) tools and publications and Ms. Rosier provided an update from the latest ARPL-WV teleconferences she has been participating in. The Board also reviewed draft correspondence prepared in response to a request by the WV Director of Legislative Rule-Making to identify rules concerning non-specified, criminal liability language within legislative rules.

The Board reviewed email correspondence from the Huntington Engineers Club regarding a recommendation sent to Governor Justice regarding one of their member's interest for future Board member consideration.

The Board was presented in-person plans for the 2022 WV Construction and Design Exposition (EXPO) at the Charleston Civic Center on March 23-24, 2022. After a 2-year hiatus due to COVID, the Board will have their regular agency booth and program ad (which serves as a Professional Development reporting document for PE attendees), in addition to conducting a continuing education seminar to be offered free to all attendees. Ms. Rosier received confirmation from both the OH PE/PS Board, as well as the WV PS Board, to conduct another 2-hour joint session that will count toward both WV and OH PE and PS renewal requirements.

Ms. Rosier reported approximately 15,000 InterChange newsletters were mailed out to all active PEs, Retired PEs and COA holders the last week of November. The newsletters mailed to firms with a COA, were accompanied by their biennial 2022-2023 COA renewal notification.

Ms. Rosier reported 3472 active COAs received their renewal notice prior to December 1, 2022. Approximately 95% of all COAs were renewed prior to the deadline for regular renewal submissions, which was midnight on December 31, 2021. The additional 192 COAs yet to be renewed were mailed second notices on January 6, 2022. Multiple courtesy email reminders were also sent throughout December 2021 and January 2022. All COA renewals received during the January 1, 2022 to January 31, 2022 grace period are required to pay late fees.

The Board reviewed the upcoming 2022 Calendar of Events and Ms. Rosier requested members notify her with any anticipated conflicts.

Upon motion by Mr. Saluja, seconded by Dr. Nottingham, the Board voted to adjourn the meeting at 12:10pm. The next Board meeting will be March 22, 2022, in Charleston. The Board members will be compensated one day per diem plus travel expenses.

**March 22, 2022**

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Tuesday, March 22, 2022. Those present for all or part of the meeting were:

| | |
|---|---|
| Garth E. Thomas | President |
| Larry C. Nottingham | Vice-President |
| L.A. Gates | Secretary |
| Bhajan S. Saluja | Member |
| Edward L. Robinson | Member |
| Lesley L. Rosier-Tabor | Executive Director |
| Edward Eagloski | Board Counsel |

The meeting was called to order at 9:05am. Mr. Robinson participated initially by teleconference, and appeared in person at 9:20am. The Board meeting minutes for the January 18, 2022 meeting were reviewed. A motion to approve the minutes was made by Dr. Nottingham, seconded by Mr. Gates. Motion carried.

A motion to approve the budget, current expenditures, and purchasing card transactions was made by Dr. Nottingham, seconded by Mr. Robinson. Motion carried.

A motion was made by Mr. Gates, seconded by Dr. Nottingham, to approve the execution of the lease with KVB Partners, for another 5-year term beginning October 2022 through September 2027, for the Board's office space at 300 Capitol Street, Suite 910, Charleston, WV. Ms. Rosier will sign the lease documents and send them back to the WV Department of Administration, Real Estate Division, so they can process, sign and send off to obtain the required signatures from the Lessor and the WV Attorney General's Office.

Ms. Rosier updated the Board on her recent meeting with the WV Office of Technology team regarding logistics and cost associated with transitioning IT services providers. The Board reviewed responses to staff questions and cost estimates required for a conversion to the state network, as well as ongoing support costs thereafter. Ms. Rosier is to schedule a follow-up meeting to review the following: updated expense projections, address additional questions and confirm physical needs, back-up services available, ability to continue to use recently purchased software, and the timeframe required for such a transition.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments, including:

- Ms. Rosier reported on the successful completion of numerous virtual meetings and trainings in the last 2 months, including NCEES, ARPL, ASCE, PEIA open enrollment, etc.

- Ms. Rosier shared her involvement with several 2022 National Engineers Week activities, as well as a few that took place after E-week due to scheduling needs of the various participants.
- Ms. Rosier provided a status report on a number of special projects that she and staff have been working on and are wrapping up now that the COA renewal season has ended.
- Ms. Rosier reminded the Board to begin thinking about any newsletter article topics and to submit any ideas to her prior to the next Board meeting.

A motion was made by Mr. Saluja, seconded by Dr. Nottingham, to approve attendance and travel for Board members, staff and counsel to the upcoming activities as discussed and outlined in the Executive Director's report and the updated calendar. Motion carried.

Prior to entering into Executive Session, the Board's Counsel provided the details of the resolution of Complaints C2022-05, C2022-07, C2022-08, and C2022-09. The consent orders have been posted on the Board's website.

Mr. Saluja made a motion to enter into Executive Session at 9:45am, seconded by Dr. Nottingham. Motion carried.

Mr. Robinson excused himself and exited the room, as to not be part of any discussion or decision making regarding C2022-12 and C2022-13.

At 11:15am, Mr. Saluja made a motion, seconded by Dr. Nottingham, to move into General Session. The motion carried, and the Board took the following action:

The Board acted upon the special case files as follows:

- Mr. Robinson made a motion, seconded by Mr. Saluja, to deny Etzel Engineer and Build, Inc. a Business Entity – DBA Waiver. Motion carried.

The Board recessed the General Session at 12:05pm for lunch and resumed the General Session at 12:35pm.

Ms. Rosier had no significant COVID-19 updates to report since the last meeting. While most state government meetings and training sessions are still being held virtually, there are plans for face-to-face conferences returning for both state and NCEES meetings.

Ms. Rosier reported that Edward Eagloski, Board Counsel, has been approved by the NCEES Board of Directors for Associate Membership with NCEES. The Board congratulated Mr. Eagloski, noting he will now be eligible to serve on NCEES Committees and attend NCEES functions as an official delegate as needed.

Ms. Rosier presented the Board with the 2021 NCEES Annual Report, Squared publication, as well as the 2021 Annual Meeting minutes, all of which were received at the Board office since the January Board meeting. Ms. Rosier also reviewed the 2022 NCEES Annual Meeting information, noting the deadline for NCEES funded-delegates is May 2nd and prior to the Board's next meeting. For this reason, she is asking any Board member interested in attending August 23-26, 2022, in Carlsbad, CA, to contact her in April.

Ms. Rosier provided a summary of the 2022 NCEES Member Board Administrator's (MBA) Meeting, held virtually on February 3, 2022. President Thomas, who is also chair of the NCEES Education Committee, provided the Board with an update on their work and that he would be presenting their report at both the NE Zone Meeting as well as the 2022 NCEES Annual Meeting in August. He also reported on attending his first face-ta-face NCEES meeting which took place at the new NCEES Headquarters building in Greenville, SC. Ms. Rosier reminded Board members to respond to the 2022-2023 NCEES standing committee interest survey email if they were interested in future committee participation.

Ms. Rosier provided an update on the 2022 NCEES NE Zone meeting, noting it is still scheduled to be held in person and on April 28-30, 2022 in Newport, Rhode Island. She reminded those attending (President Thomas, Dr. Nottingham and Mr. Eagloski) to be sure to secure their travel arrangements as soon as possible.

Ms. Rosier provided the Board with an update on the close of the 2022 WV Legislative Session. Despite the Board not submitting any legislative rule changes for consideration, during the last week of session, SB334 was amended in committee with a full strike and insert to include an unexpected 10% reduction in all fees charged by the WV PE Board as well as a number of other Chapter 30 Boards. This amendment came as a surprise to Board members and staff given they had just reduced and removed a number of fees in 2020. Ms. Rosier, along with several other Chapter 30 Board representatives, appeared before the House Government Organization Committee later that week to provide testimony and answer a number of questions posed by Committee members. However, the amended bill was passed on the last night of the regular 2022 WV Legislative Session. A motion was made by Mr. Robinson, seconded by Mr. Saluja, to file the necessary documents to amend Legislative Rule W.Va. §7 C.S.R. 1, as it appears in SB334, once signed into law and further instruction is provided by the WV Secretary of State's Office regarding this unique circumstance. Based on Ms. Rosier's understanding of the final filing process and required timelines, the Board's new fee structure will likely go into effect no later than August 1, 2022.

Mr. Robinson provided the Board with a concern that was brought to his attention regarding WVSU and their non-accredited Civil and Chemical Engineering programs currently being offered in Institute, WV. Ms. Rosier provided some additional insight and historic documentation on what appeared to initially be a 2+2 program in cooperation with WVU. President Thomas indicated he had been in contact with the program chair at WVSU and has a meeting scheduled with him later this week.

Ms. Rosier provided the Board with a response regarding engineering surveys for their review and discussion. No changes were recommended.

The Board reviewed the latest edition of the Professional Licensure Report (PLR).

Ms. Rosier provided the Board with details regarding plans for the next 2 days to be spent at the 2022 WV Equipment and Design Exposition (EXPO), including staffing our WV PE licensure information booth and conducting a 2-hour continuing education seminar. The Board reviewed the content of the 2022 WV EXPO presentation slides, which will be presented by Ms. Rosier, Mr. Eagloski, as well as Amber Legg of the WV Professional Surveyors Board. It should be noted that all WV PE Board members plan to be in attendance for this session.

Ms. Rosier provided a final COA Renewal Season summary. All COAs not renewed before February 1, 2022 were updated to “Lapsed” status and the firms (and named Engineers In Responsible Charge of said firms) were contacted via certified mailings sent out the first week of February. Additionally, eight (8) firms with active COAs that were found to be in default with the WV Worker’s Compensation and/or Unemployment Divisions were contacted via certified mailings as well.

Upon motion by Mr. Robinson, seconded by Dr. Nottingham, the Board voted to adjourn the meeting at 1:30pm. The next Board meeting will be May 17, 2022, in Charleston. The Board members will be compensated one day per diem plus travel expenses.

**State Board of Registration for Professional Engineers**
**May 24, 2022**

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Tuesday, May 24, 2022. Those present for all or part of the meeting were:

| | |
|---|---|
| Garth E. Thomas | President |
| Larry C. Nottingham | Vice-President |
| L.A. Gates | Secretary |
| Bhajan S. Saluja | Member |
| Edward L. Robinson | Member |
| Lesley L. Rosier-Tabor | Executive Director |
| Edward Eagloski | Board Counsel |

The meeting was called to order at 9:30am. The Board meeting minutes for the March 22, 2022 meeting were reviewed. A motion to approve the minutes was made by Mr. Saluja, seconded by Dr. Nottingham. Motion carried.

The Board budget summaries for March and April 2022 were received and reviewed, and the Board reviewed the P-Card transactions for the months of March and April as well. Ms. Rosier reported a $1.8M balance for the ending of April 2022 and noted an estimated $1.6M balance is anticipated at the end of FY22. The Board also reviewed the FY23 Expenditure Schedule Submission that was required to be submitted no later than May 2, 2022. Ms. Rosier noted the agency submission was similar to that of the FY22 Expenditure Schedule and FY23 Appropriations Requests; however, there was a need for some minor adjustments in the specific object code requests to better reflect FY23 expense needs.

The Board also reviewed the specifications and cost for the purchase of a new Konica Minolta copier to replace their current equipment that was purchased nearly a decade ago. In recent months, a series of problems have been encountered with the current copier and replacement parts are no longer available. With the recent awarding of the new DIGICOP statewide copier contract to Komax, LLC, Board staff recently met with Komax representatives to determine the best option for current Board needs.

A motion to approve the budget, current expenditures, purchasing card transactions, and purchase of the Konica Minolta copier was made by Mr. Robinson, seconded by Mr. Gates. Motion carried.

Ms. Rosier updated the Board on her recent follow-up meeting with staff from the WV Office of Technology (WVOT) regarding detailed costs and logistical considerations associated with transitioning to the state domain and using the WVOT for future IT services. In summary, the immediate and upfront cost estimates for the first year,

including unexpected, required equipment and cabling upgrades, software needs, backup storage fees, etc., totaled approximately $40K and were well above original estimates and budgeted allocations. In addition, unanticipated equipment upgrades required to meet WVOT needs, along with many unknowns shared by WVOT staff regarding current orders being unfulfilled and/or unknown delivery timelines for receiving this new equipment in light of current supply chain issues were also concerning. Lastly, unknown costs and business impact on daily operations due to the required switch from Microsoft Office to the Google platform, including email address changes, etc., were also reviewed. After careful and thoughtful consideration, the Board was unable to justify the move at this time.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments.

- Ms. Rosier provided the Board with a summary report for the past year regarding both NCEES FE and PE exam data, including the following:
    - number of examinees who registered
    - number of exams delivered
    - number of exams cancelled
    - number of exams currently scheduled
    - number of exams currently rescheduled
    - number of exams currently unscheduled
    - number of no shows
    - number of passing candidates
    - number of failing candidates (including the number of times taken)
    - number of exams currently delivered and awaiting results

- The Board reviewed the list of recent and upcoming presentations, conferences, and meeting participation. Ms. Rosier discussed registration needs for the upcoming 2022 NCEES Annual Meeting in Carlsbad, CA. Board members Thomas and Saluja, as well as staff members Rosier and Eagloski, plan to attend.

A motion was made by Mr. Nottingham, seconded by Mr. Robinson, to approve attendance and travel for Board members, staff and counsel to the activities as discussed and outlined in the Executive Director's report and the updated calendar. Motion carried.

Prior to entering into Executive Session, the Board's Counsel provided the details of the resolution of Complaints C2022-10, C2022-11, C2022-14, C2022-15, C2022-16, C2022-17, C2022-18, C2022-19, C2022-20, C2022-21, C2022-22, C2022-23, C2022-24, C2022-25, C2022-27, C2022-30, C2022-31, C2022-32, and C2022-33. The consent orders have been posted on the Board's website.

Dr. Nottingham made a motion to enter into Executive Session at 10:15am, seconded by Mr. Saluja. Motion carried.

Mr. Robinson excused himself and exited the room, as to not be part of any discussion or decision making regarding C2022-12 and C2022-13.

At 12:05pm, Dr. Nottingham made a motion, seconded by Mr. Gates, to move into General Session. The motion carried, and the Board took the following action:

- Dr. Nottingham made a motion, seconded by Mr. Saluja, to dismiss Complaint C2022-36. Motion carried.
- Dr. Nottingham made a motion, seconded by Mr. Gates, to move I2022-34 to Complaint. Motion carried. Furthermore, Dr. Nottingham made a motion, seconded by Mr. Gates, to "Receive and File" Complaint C2022-38, and set said Complaint for a hearing on 11/16/2022. Motion carried.
- Dr. Nottingham made a motion, seconded by Mr. Robinson to initiate legal action to reduce the outstanding balance in C2014-16 and C2015-10 to a judgement and to take such efforts to collect upon said judgement. Motion carried.

Regarding personnel issues, Dr. Nottingham made a motion, seconded by Mr. Saluja, to provide all staff with a total merit increase of 6.5%, which is to include the Governor's ATB raise for all state employees of $2550 annualized and effective July 1, 2022. Motion carried. Ms. Rosier is to prepare the required merit raise payroll documentation to submit to the agency payroll administrator and the WV State Budget Office, including a copy of draft meeting minutes indicating the official Board action taken outside of the Executive Session and recorded in the General Session Meeting Minutes.

The Board recessed the General Session at 12:15pm for lunch and resumed the General Session at 12:45pm.

President Thomas and Ms. Rosier provided the Board with a recap of the NCEES Northeast Zone meeting in Newport, Rhode Island. They attended along with Dr. Nottingham and Mr. Eagloski. Ms. Rosier provided an update on the NCEES MBA Committee, as well as the MBA Forum that she led at the Zone meeting. President Thomas provided an update on the NCEES Education Committee, as well as the Engineers Forum that the remaining attendees participated in at the Zone meeting. Ms. Rosier noted that NCEES Committee appointments for 2022-2023 have yet to be announced.

The Board reviewed the 2022 NCEES Annual Meeting agenda and supporting documentation, noting the deadline for NCEES funded-delegates to register and book travel is July 8th and prior to the Board's next meeting. She requested all those planning to attend to respond to the latest NCEES registration email, and book travel, as soon as possible.

Ms. Rosier shared that registration is now open for the June and July NCEES State of the Council Meetings. Just like the April and May meetings, these virtual events will be conducted via Zoom and feature timely announcements and updates on NCEES initiatives, including the upcoming annual meeting and headquarters updates. These virtual webinars are to be conducted on June 8th and July 13th. Ms. Rosier reminded

Board members who are unable to participate on the dates noted that they can log into their MyNCEES account and view the recording as well.

The Board reviewed information from NCEES and the Alliance for Responsible Professional Licensing (ARPL) regarding legislative updates, Universal Licensure and overlapping practice issues. A variety of upcoming webinars will be offered to address member board needs.

Mr. Saluja made a motion to re-enter into Executive Session at 1:10pm, seconded by Dr. Nottingham. Motion carried.

At 1:15pm, Dr. Nottingham, made a motion, seconded by Mr. Robinson, to move into General Session. Motion carried.

Ms. Rosier shared recent correspondence sent to the Chapter 30 Boards by the Post Audit Division, at the direction of the Legislative Auditor, to conduct an analysis and assess the Board's utilization of IT services and web functionalities. Ms. Rosier provided the agency response for the Board's review.

Ms. Rosier reminded the Board of the outcome of the 2022 WV Legislative Session. Despite the Board not submitting any legislative rule changes for consideration, during the last week of session, SB334 was amended in committee with a full strike and insert to include an unexpected 10% reduction in all fees charged by the WV PE Board as well as a number of other Chapter 30 Boards. While this amendment came as a surprise to Board members and staff, it gave them reason to once again revisit fees in 2022. Ms. Rosier reported that she submitted the Final Filing documents to the WV Secretary of State's Office on May 5, 2022. This Final Filing was accepted as submitted to amend Legislative Rule W.Va. §7 C.S.R. 1, exactly as it appears in SB334, and the Board's new fee structure will go into effect on August 1, 2022.

Ms. Rosier then presented the board with a draft version of proposed changes to Title 7, Series 1 Legislative Rule updates. These updates included a number of fee changes that ultimately reduced the Board's revenue even further. Ms. Rosier presented the Board with this new financial scenario and estimated impact over the next several years. After discussion, the Board directed the Executive Director to file said rules with the WV Secretary of State's Office for public comment.

The Board reviewed the Professional Licensing Report and received an update from the Board's Counsel regarding a 2020 case before the WV Supreme Court of Appeals regarding expert testimony.

President Thomas provided the Board with an update regarding a concern that was brought to the Board's attention regarding WVSU and their non-accredited Civil and Chemical Engineering programs currently being offered in Institute, WV. President Thomas and Ms. Rosier met with Dr. Mohammad Bhuiyan, the lead faculty member/ chair in charge of these new WVSU programs, who indicated they were on track to request

ABET-accreditation immediately following their first program participant graduates. Dr. Bjuiyan indicated he will also be sitting for the NCEES exams and pursuing PE licensure in the near future and promised to keep the Board apprised of progress with both.

Ms. Rosier recapped another successful WV/OH PE/PS professional development seminar held at the WV Construction and Design Exposition (EXPO) with over 150+ participants attending the Boards' seminar in March 2022. Ms. Rosier thanked all Board members for their participation in this valuable continued education opportunity.

Ms. Rosier provided a quick summary for the 2022 PE renewal plans, noting that preparations and beta testing for new fee changes will begin in late summer.

Ms. Rosier discussed plans regarding the Board's 2022 INTERchange newsletter. Ms. Rosier requested all newsletter articles be submitted in draft format at or before the Board's July 2022 meeting.

The Board discussed the FY2023 officer elections and Mr. Robinson made a motion, seconded by Mr. Saluja, to retain the same Board officers for the upcoming fiscal year. The motion passed unanimously and therefore Mr. Thomas will remain as Board President, Dr. Nottingham as Board Vice-President, and Mr. Gates as Board Secretary from July 1, 2022 to June 30, 2023.

Ms. Rosier discussed the remaining items found on the Board's 2022 Calendar of Events and requested Board members provide her with any foreseeable conflicts. The Board discussed the option of pushing back the start time of future regularly-scheduled Board meetings to 10:00am. All Board members agreed this would help those traveling from a distance and would not negatively impact their returns home in the afternoon/evenings. Ms. Rosier indicated she would immediately contact the WV Secretary of State's Office to make the necessary time change to the remaining 2022 public meeting notices she already has posted on their website.

Upon motion by Dr. Nottingham, seconded by Mr. Robinson, the Board voted to adjourn the meeting at 1:30pm. The next Board meeting will be July 19, 2022, in Charleston. The Board members will be compensated one day per diem plus travel expenses.

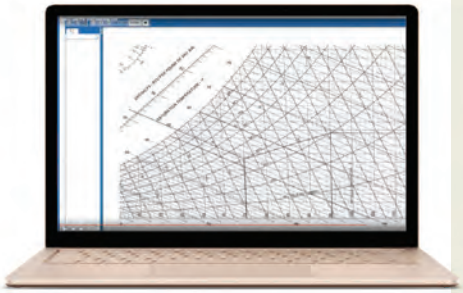
# Nearing the Finish Line

**LESLEY L. ROSIER-TABOR, PE, EXECUTIVE DIRECTOR**



*CBT uses traditional multiple-choice questions and alternative item types (AITs). AITs assess technical knowledge of examinees using methods not available via pencil-and-paper testing. All questions are scored as either correct or incorrect with no partial credit. AITs include:*

- **Multiple correct** – select multiple answers
- **Point and click** – click on part of a graphic to answer
- **Drag and drop** – click on and drag items to match, sort, rank, or label
- **Fill in the blank** – type out a response to the question

After a decade of transition, NCEES is about to cross the finish line in grand fashion! In preparation for this article, I began searching back through my files to refresh my memory of when I first was asked to join the NCEES Computer-Based Testing Task Force. Little did I know I would play a small part in a monumental movement ... nearly a century of testing via paper-and-pencil exams transitioning to this "new-fangled" computer-based testing concept. We certainly weren't the first profession to take the leap ... in fact, we were nowhere close. Although we are professional engineers who are immersed each and every day in solving highly complex problems and using the latest technology to do so, we are also typically ultra-conservative by nature. Perhaps I should qualify that statement by saying this has certainly been my experience being involved with NCEES and the work of the hundreds of Board members and staff leaders from jurisdictions who serve on NCEES Committees and/or attend annual meetings to cast their votes on moving this organization forward. We are known to study issues in depth, discuss, think, rethink, deliberate, study some more (to a point of ad nauseam at times), before making a decision. But I realize that is ok ... we want good, solid answers, we need the safety factor, we set the highest of expectations and do not want to settle for less ... after all, that's how we were trained when completing our rigorous engineering curricula, right?

This lengthy process was certainly the case when it came to NCEES making the move to computer-based testing (CBT). NCEES had considered moving its exams to CBT for many years. In 2007, a task force was created to revisit the possibility of CBT and to update the previous 1999-2000 study. I was proud to be asked to serve as a member of this group. After several years of intense research, our task force made a motion at the 2010 annual meeting to convert the Fundamentals of Engineering (FE) and Fundamentals of Surveying (FS) exams from pencil-and-paper exams to computerized exams; the motion passed. NCEES began the process of transitioning exams to CBT the following year in 2011. Two years later, the Council also approved transitioning the Principles and Practice of Engineering (PE) and Principles and Practice of Surveying (PS) exams as soon as feasible. On January 2, 2014, the FE and FS exams were first administered via CBT.

CBT offers many benefits, such as enhanced security for exam content and more uniformity in testing conditions. For most exams, it also provides greater scheduling flexibility. All FE exam disciplines, all FS and PS exams, and most PE exam disciplines are now administered via CBT at Pearson VUE test centers. The 2 remaining NCEES PE exam disciplines are now in the conversion process and scheduled to launch via CBT between now and 2024.

- **PE Civil Exam** – Last paper administration was October 2021. Beginning November 1, 2021, examinees now register and schedule CBT appointments directly with NCEES, which will be available year-round starting on April 1, 2022.
- **PE 16-hour Structural** – The PE 16-hour Structural exam will be offered in paper-and-pencil format regionally beginning with the April 2022 administration.

To obtain the most up-to-date information regarding the transition, exam specifications and exam administration/registration, visit the NCEES website at **www.ncees.org.** For those reading this article who are already licensed, you may find it interesting to view the Pearson VUE CBT testing demo on the NCEES website. I know I did! The opportunities are vast when it comes to how we can now test for minimum competency of our upcoming licensees and the future of our profession. I am proud to have played a small part early on in this CBT movement and decision-making process. However, over the last decade I have stood in awe of the drive and tenacity displayed by NCEES leadership, staff and the hundreds of volunteers (who continue to spend countless late nights and weekends of their own time to write sample exam questions for consideration by the experts) to make it happen. I offer my heartfelt-thanks and congratulations to all involved as it is certainly an accomplishment for our profession to be proud of.

# Celebrating 100 Years!

1921 – 2021

## The WV Board of Professional Engineers and the WV Board of Architects Turns 100!

**THE WEST VIRGINIA STATE BOARD OF REGISTRATION FOR PROFESSIONAL ENGINEERS AND THE WEST VIRGINIA BOARD OF ARCHITECTS CELEBRATED 100 YEARS OF PROTECTING THE PUBLIC ON JULY 27, 2021.**

Both Boards were created by Legislative Acts on July 27, 1921 and have been protecting the health, safety, and welfare of the citizens of West Virginia ever since.

"We are pleased to be celebrating this important milestone," stated Adam Krason, President of the Board of Architects. "For 100 years, we have worked to protect the health, safety, and welfare of West Virginians by ensuring the quality of the built environment through regulations that required registered architects and professional engineers to meet rigorous education, examination, and experience standards."

Garth Thomas, Jr., President of the Board of Professional Engineers added, "A century of service to the public and professions is a notable event. Our Boards are committed to the continued protection of the public through licensure and registration of professionals who are well qualified to design our physical infrastructure."

The West Virginia Board of Architects held its first meeting on October 24, 1921 in the Hotel Kanawha in Charleston. The Board joined the National Council of Architectural Registration Boards (NCARB) in 1942 in order to work with other states focusing on public protection, model law, and uniform standards for architects. Two West Virginia architects have served as the president of NCARB, and one West Virginia architect served as the president of the National Architectural Accrediting Board. Numerous dedicated and distinguished architects and public members have assisted the public by serving on the board at the invitation of the Governor. Currently 1,270 architects are licensed to practice in West Virginia, and the Board is composed of five architects from around the State and two public members. The Board Office is now located at 405 Capitol Street in Charleston in the former Daniel Boone Hotel, where the Board previously met in the 1940s.

The West Virginia State Board of Registration for Professional Engineers called its first meeting to order at 10:00 a.m. on November 21, 1921. This meeting took place in the Coyle and Richardson Building in downtown Charleston. The PE Board joined the National Council of Examiners for Engineering and Surveying (NCEES) in 1921 as well, in order to work with other states to determine ways states could improve uniformity, promote reciprocal interstate relations and develop model law to protect public health, safety and welfare. One West Virginia professional engineer has served as the national president of NCEES during 2010 - 2011, and dozens of other professional engineers from West Virginia have dedicated countless volunteer hours over the years to serve on national NCEES committees and assist with exam development needs. With nearly 9,100 professional engineers licensed to practice in West Virginia, 5 of those distinguished professional engineers comprise the WV PE Board by gubernatorial appointments. The current WV PE Board members have distinguished careers in both engineering education and consulting in the great state of West Virginia, representing over 213 years of combined registered engineering service among them. Originally formed by act of the WV Legislature on July 27, 1921, under then Governor Ephraim Franklin Morgan, the WV PE Board Office is now located in the former Kanawha Valley Bank Building at 300 Capitol Street in Charleston, WV.

*As noted in the 2020 Fall Interchange, NCEES also celebrated 100 years of existence last year. To commemorate their centennial, they developed a webpage dedicated to their rich history at ncees.org/100. With NCEES permission, the WV PE Board is proud to showcase a selection of photos and dates chosen from their virtual timeline throughout the sidebars of this newsletter. For our 2022 Fall Interchange, we will be providing our own historical photos and references for your enjoyment. Stay tuned!*

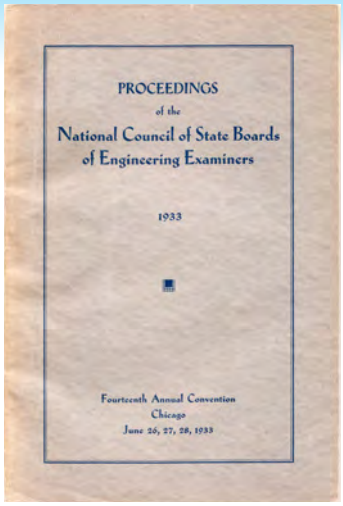
# Licensure Mobility

## PATHWAYS TO ENHANCEMENT

GARTH E. THOMAS, JR., PE, BOARD PRESIDENT



PROCEEDINGS

National Council of State Boards
of Engineering Examiners

1933

Fourteenth Annual Convention
Chicago
June 26, 27, 28, 1933

**1933**

NCSBEE revises the Constitution and Bylaws to create a board of directors, zones, and the position of executive secretary.

**1953**

The four geographic zones hold their first interim meetings, where member boards discuss issues of common interest.

Many licensed engineers work in multiple states and must maintain a current license in each jurisdiction to legally practice their profession. Maintaining multiple licenses creates a burden on the licensee to remain current with the requirements of all controlling licensing authorities, and there is the cost of the fees entailed with renewing multiple licenses. An additional burden is imposed when a professional expands the geographic scope of their practice and must apply for additional licenses. Depending upon the requirements for licensure and documentation required, the application process could be difficult and time consuming. These concerns are all aspects of the overall problem of licensure mobility.

Critics of professional licensure point to the requirement to maintain a license in each jurisdiction of practice as a restriction of trade. The argument is that restrictions on the free mobility of professionals reduce the number of available practitioners, increasing the costs of professional services. This concern has prompted a number of state legislative bodies to consider and in some cases enact modifications to their professional licensing requirements. Legislative actions concerning mobility fall into three broad categories: interstate reciprocity, so-called "universal" licensing laws, and interstate compacts.

Most engineering licensing boards currently implement interstate reciprocity through the process of licensing by comity. If this process met the strict definition of comity, a license issued in one jurisdiction would be valid for practice in another, as is generally the case for drivers and marriage licenses. However, the actual implementation of comity results in the reciprocating board providing an expedited application process for a license. This is the model that is supported by the National Council of Examiners for Engineers and Surveyors (NCEES).

Unfortunately, there are several limitations on this approach. Some states don't permit licensure by comity and require all applicants to follow the same process. For states that do permit licensure by comity, the degree to which the application process is expedited can be quite variable. The best current scenario is that a number of boards can issue a license within a week or two after receiving an application if the applicant meets the standard of the NCEES Model Law Engineer and maintains a current set of credentials with NCEES. The process will be longer for those who don't meet model law requirements or don't have an NCEES record. Some boards also require verification documents to be submitted using their specific format and forms, regardless of whether an applicant has a current NCEES credential file. The American Society of Civil Engineers (ASCE) has advocated in Policy Statement 464 that all states adopt the expedited comity process based on NCEES model law and credentials. The National Society of Professional Engineers (NSPE) also advocates for states to align their PE licensing laws with the NCEES Model Law and Model Rules, including continuing education requirements.

A serious drawback to the current comity approach is that licensing jurisdictions can have differing requirements for licensees. Some examples: licensing graduates of four-year technology programs, waiving the requirement to pass the FE examination for applicants with advanced degrees or enough years of experience, and considering co-op experience as part of the years of experience. A possible result is that a candidate that has a valid license in state A cannot be licensed in state B because of differences in the qualification requirements. While NCEES has advocated that licensing boards should attempt to reduce these differences in requirements, progress on this front is likely to be slow and incomplete.

Some states have attempted to address the limitations of the comity model by implementing a so-called "universal" licensing law. An example is the model legislation developed by the American Legislative Exchange Council (ALEC).

The ALEC model legislation would grant a license to any applicant who meets the following provisions: holds a current license in another state with a similar scope of practice, has held the license in the other state for at least one year; was required by the other state to pass an examination and/or meet education and experience standards, is in good standing with the other state licensing board, does not have a disqualifying criminal record, has not had a professional license revoked or surrendered because of negligence or intentional misconduct, and does not have a complaint, allegation or investigation pending before a board in another state which relates to unprofessional conduct or an alleged crime. Such legislation could be viewed as a streamlined version of licensure by comity.

To date, Montana and Pennsylvania have adopted licensing legislation based on this model. However, the standards for licensure in the applicant's home state must be at least as stringent as those required by Montana and Pennsylvania. Arizona, which has similar legislation, limits its provisions to applicants who are moving to Arizona or are spouses of a military service member stationed in Arizona. Other states have considered or are considering legislation that would at least broadly follow the ALEC model. While this licensing model simplifies the process of obtaining licenses in multiple jurisdictions, it does not eliminate the need to maintain separate licenses, or the expenses involved with multiple licensing fees. There is the issue of determining if the requirements for licensure in the home state are substantially equivalent to those of the state receiving the license application.

A third approach to license mobility is the development of interstate compacts. Under such compacts a licensee in a compact state is considered to have a valid license to practice in all other states that are parties to the compact. This is the model developed by the National Council of State Boards of Nursing. To date, 38 states have joined a compact that permits nursing licensees of a compact member state to use their license in any other member state. A similar model has been adopted by the National Association of State Boards of Accounting, and the majority of states represented by member boards have joined the mobility compact. The NSPE's Future of Professional Engineering Task Force recommended that NSPE consider supporting multistate agreements that provide reciprocity between states if an individual is determined to be eligible for licensure in one of the signatory states. The examples of the nursing and accounting compacts indicate that it would be necessary for a national professional organization to undertake the lobbying effort necessary for state legislatures to enact a similar compact for engineering licensure.

Other ideas related to mobility that were recommended by the NSPE task force were to explore support of temporary licenses for engineers who move to a new jurisdiction (some licensing jurisdictions already provide these) and explore support of project-specific licensure in a jurisdiction where an engineer is not licensed, provided that a local PE is involved in the project. The later idea could address the needs of engineers who occasionally practice within a licensing jurisdiction.

This brief survey shows that there are several pathways that can be taken to enhanced licensure mobility. Improvement of the current comity model is the approach advocated by NCEES, while the current trend in legislative bodies is to consider variants of "universal" licensing laws: although the result may be an enhanced comity process. Other professions have had success with multistate compacts providing license transferability. Licensing boards and the legislatures that grant them authority should be open to considering any approach that improves mobility while maintaining qualifications sufficient for the protection of the public.

# Nearly 20 Years of Enforcement

## INVESTIGATOR'S CORNER

AARON ARMSTRONG, PE, BOARD INVESTIGATOR

**REMINDER:**

*All disciplinary actions, address changes, employer or email updates should be reported to the Board within 30 days. All submissions, new licenses issued, as well as any recent Board action to the status of a licensee will appear immediately unless staff verification is required before posting. Should you have any questions on the status of a WV PE or COA, simply contact our office for assistance.*

### The Importance of the Fourth "E" in Engineering Licensure

It's safe to say that most professional engineers understand the importance of licensure and how one becomes licensed. Commonly referred to as the "3-legged stool", the aspects of Education, Examination, and Experience are required to obtain a PE license. In general, the qualifications necessary in WV to become registered include:

1. **Education** – an ABET accredited engineering degree
2. **Examination** – passage of the NCEES FE and PE exams
3. **Experience** – 4 or 6 years of progressive engineering experience

These 3 "E's" make up the 3-legged stool; however, I submit to you the fourth leg of the stool: Enforcement. With the Board's Executive Director being hired in 2002, the modern era of the Board's enforcement program began and we are now approaching nearly 20 years of active enforcement. While the Board's mission to safeguard life, health and property and to promote the public welfare has not changed, actively enforcing WV Engineering law has increased dramatically over the past 20 years. In 2003 the Board hired its first investigator, and since that time, and more recently, the Board's enforcement program has been one of the most active programs nationwide.

When one becomes initially licensed in WV, one typically has met only a threshold level of minimum competency at that point. In reality, it's merely the beginning of his or her professional career. Everyone will not perform at an appropriate level and the Board is obligated to address these failures by providing protection to those who have every reason to expect it. Thankfully, these failures are a product of a relatively small segment of our professional community. Left unchecked, however, this small segment will cause irreparable harm to the public and cause great harm to the profession.

A number of years ago, the Board began to publish performance measures that summarized some of the Board's work. These measures are updated on a regular basis and can be found on the Board's website at www.wvpebd.org/Performance-Measures-Outcomes-Agency-Stats. Concerning the enforcement statistics, the following is a summary of the performance measures showing increased enforcement of WV Engineering Law over the years:

- The number of opened complaints has progressively increased by approximately 40% in the past 5 years.
- The average time (in days) to resolve a complaint has decreased by approximately 48% in the past 5 years.
- The average percentage of dismissed complaints remained relatively steady in the past 5 years (approximately 23%).
- The number of continuing education (PDH) audits remains steady at approximately 4.4% of all renewals being audited.

As a reminder, any PE renewal can be audited per WV Engineering law, and the law requires a minimum of 3-5% of all renewals to be randomly audited for compliance with the PDH requirements.

To delve further into the summary items above, it should be known that the number of complaints, while increasing, is still a very small percentage of the total registrants. In fact, the percentage of formal complaints filed against total registrants is less than 1%! This goes to show that basically all of the registrants are following WV Engineering law (or unlawful actions are yet to be reported or discovered by the Board). I like to believe the former, but the realist in me knows that there are probably more potential violations out there that go unnoticed. With that said, I point you to a Rule of Professional Responsibility found in WV Code R. §7-1-12.3(h) which states "Registrants having knowledge of possible violations related to the practice of engineering as set forth in statute or these rules, including the Rules of Professional Responsibility, shall provide the Board with information and assistance necessary to the final determination of the violation."

Concerning the time it takes to resolve a complaint, it is totally a team effort and as the Board's Investigator I cannot take full credit for the efficiencies gained in complaint resolution. The Board's counsel, Edward Eagloski, has been a key player in complaint resolution and his efforts to resolve these complaints efficiently have not gone unnoticed. While I am certain nobody would enjoy having a complaint filed against them, I can assure you that if you ever find yourself in that situation, the complaint will be resolved as quickly, and professionally, as possible.

There are no nationwide statistics readily available concerning the number of filed complaints, complaint resolution time, number of dismissed complaints, and number of PDH audits conducted by other jurisdictions. However, there is a repository kept at the national level by the National Council of Examiners for Engineering and Surveying (NCEES) called the Enforcement Exchange. Most jurisdictions use this non-public database to enter their disciplinary actions taken against engineers and surveyors. Your WV PE Board is energetically involved in NCEES at the national level and actively participates in the Enforcement Exchange. A quick review of the database shows an astounding statistic: Per capita, WV ranks third nationally in the number of disciplinary actions reported to the Enforcement Exchange. With a state population of only 1.8M people and ranked 31st in population nationwide (2020 Census data), the WV PE Board reports more disciplinary actions per capita than all jurisdictions except for Oklahoma and Colorado. Again, the realist in me realizes this does not mean that WV disciplines more engineers than most states, but it shows that the Board's active enforcement program, and its reporting, is leading the way on a national level. It should also be noted that the majority of our licensees (now 83%), as well as the complainants involved in our enforcement actions since 2003, are individuals that live out-of-state.

**Two (perhaps three) Further Points of Interest**

I know the PDH audit and continuing education requirements are always a topic of great interest to all of the Board's registrants. The latest renewal audit, conducted in February-April 2021 for your 2021-2022 license renewal, resulted in only one license invalidation for not meeting the PDH requirements. To me, this shows the Board's willingness to work with all registrants upon audit notification. Remember that if you should find yourself audited during your next renewal, you will have 30 days to come into compliance with the audit should the Board find any shortcomings.

Furthermore, I know that the cases and investigations the Board conducts are of also interest to most registrants. While pending cases are confidential per WV Engineering law, a resolved case resulting in disciplinary action becomes public record and all of the Board's actions are posted on the Board's website located at **www.wvpebd.org/West-Virginia-Engineering-Law/Enforcement-Disciplinary-Actions.** One case of interest I would like to highlight is posted on the website having to do with an individual claiming to be a PE and going as far as creating and using a fraudulent PE seal. I'll leave the specifics of Case Number 20-C-847 to your perusal on the website, but in short, the Board took swift action upon being notified of this transgression and obtained a court order permanently enjoining this individual and his unlicensed business from offering or practicing engineering in our state.

Last, and maybe least, as of September of this year, I have moved on to another great employment opportunity but hope that my contributions to the enforcement of WV Engineering law were an asset to the Board. I want to sincerely thank the WV PE Board and staff for the opportunity to serve the engineering community for the past 8 years. Your WV PE Board is one of the leaders in the nation, not only in enforcement, but in being active at the national level through NCEES. As you remember the 'three-legged stool' in engineering licensure, don't forget about the Fourth E and the importance of enforcement in any professional setting.

# Board Disciplinary Actions

**Disclaimer:** *Every effort has been made to ensure that the enforcement information is correct; however this information should not be relied upon without verification from the Board office or website. It should be noted that the names of companies and individuals listed may be similar to the names of parties who have not had enforcement actions taken against them. Should you have any specific questions regarding the disciplinary actions noted below, please contact the Board office.*

In meeting its mission of safeguarding life, health and property, and to promote the public welfare, the WV Board actively enforces the statutes and rules that fall within its jurisdiction. Below is a summary of formal complaints that resulted in disciplinary action since the 2020 newsletter. Numerous other investigations were conducted, some resulting in formal complaints which are still pending; some dismissed because the charges were unsubstantiated or considered trivial; and some closed after acceptable corrective action or warning.

Disciplinary actions can be either a result of a formal hearing resulting in a Board Order or settled informally resulting in a Consent Order. These orders are public records. If you are interested in knowing more about the nature of the complaint, you may request a copy pursuant to the State's Freedom of Information Act. All Orders are posted on the Board website.

All civil penalties are deposited in the state's general fund. Administrative costs are made payable to the WV PE Board and are retained by the Board to offset costs incurred in the investigation and complaint resolution efforts. Administrative costs may be waived if the complaint is resolved with a minimum of expense.

## NCEES CENTENNIAL CELEBRATION CUT SHORT AGAIN!

Throughout 2020, NCEES celebrated the 100th anniversary of its founding in 1920. In 2021, the organization continued to celebrate this milestone as it prepared for the 100th Annual Meeting of NCEES in August. Unfortunately, due to concerns related to the dangerous level of new COVID-19 cases in New Orleans, the NCEES Board of Directors once again made the prudent decision to cancel their Annual Meeting. The number of active cases in New Orleans was exponentially increasing due to the widespread nature of the COVID-19 Delta variant, and having an overwhelming impact on local hospital capacities and emergency resources. This decision was made to help ensure the health and safety of all meeting attendees.

In lieu of the planned gatherings, NCEES sent member boards centennial memorabilia and copies of the new fourth edition **History of NCEES**. NCEES also developed a centennial website at ncees.org/100 to recognize engineering and surveying licensure milestones and celebrate the organization's initiatives and achievements over the past 100 years. Please visit the NCEES website to scroll through the interactive timeline and discover some of the organization's unique history. ***Note: Portions of this article were reprinted, with permission, from NCEES*

# Nothing is Permanent, But Change.

## COUNSEL'S COLUMN

N. EDWARD EAGLOSKI, II, BOARD COUNSEL

*Having served with the local council's Boy Scouts of America Board, we learned that the Boy Scouts were changing. It was becoming more inclusive, by allowing girls, young women, to join its ranks, expanding their opportunities in Scouting, including earning the rank of Eagle Scout. This was a hard change for me, but the change was mandated, and the change enviable.*

As I enter my fourth year as the Board's Counsel, I find this particular quote be to most apropos. I came to the Board in 2018, just as Debra Hamilton was retiring after many years as Board Counsel. Unless you had issues before the Board, you missed interacting with a remarkable woman. I had but a few weeks working with her, and found her not only to be the voice of change, but a maker and shaker of that change. She was, and is, in my opinion, a force to be reckoned with. Plus, she mentally challenged each of us through her soliloquies of rational. To me, she embodies Greek philosopher Heraclitus' quote, "Nothing is permanent, but change."

As this year closes, another change in Board Staff has been made. My friend and mentor, Aaron Armstrong, the Board's Investigator, has taken another job. I am thankful for the years we spent together as Board staff. I hope that I expanded his knowledge of the law, whereas, he surely has expanded my understanding of the engineering profession, the need for PEs, and the criteria for recognizing one as a PE. Because of his guidance, I am able to better serve the Board. We were saddened by this change, but elated for him. His new position will allow him to use his penned-up engineering skills, his experience, and his West Point can-do attitude to design, build, and improve our State. We wish him the best, and look forward to his accomplishments.

**Upcoming Certificate of Authorization Renewals**

As we head into December 2021, there will be another ending, followed by new beginnings. Yep, another change. It will not be a "life changing event" like a new job or retirement, but a change nevertheless. It will be time for the biennial renewal of your Company's / Firm's / Sole Proprietor's (Individual's) Certificate of Authorization (COA). This COA is the one issued by the Board, not the business license document of a very similar name (Certificate of Authority), and the same acronym, issued by the WV Secretary of State. However, both individuals and entities (e.g., companies, firms and sole proprietors) need to have valid and active certificates issued from both the Board, and the WV Secretary of State's office in order to offer engineering services and/or practice engineering in the State of West Virginia. Renewals start in late November.

**Am I a Sole Proprietor? Simply Look into a Mirror!**

At COA renewal time, one reoccurring question is "Can I file as a Sole Proprietor?" In answering this question, we do not use the IRS definition that a "A sole proprietor is someone who owns an unincorporated business by himself or herself. However, if you are the sole member of a domestic limited liability company (LLC), you are not a sole proprietor if you elect to treat the LLC as a corporation." **www.irs.gov/businesses/small-businesses-self-employed/sole-proprietorships.**

Did you get that? Well, as stated above, the Board does not employ the IRS test, so it does not matter how you are taxed, nor whether you are an individual or a business entity. The Board utilizes the definition that you have no one in your firm, but 'yourself'. Under WV C.S.R. § 7-1-2.10, a 'sole proprietor' is defined as being a person or entity that employs no one but himself/herself which practices or offers to practice engineering in this state. This has been interpreted to mean 'no employees, except oneself.' So, you cannot have any technicians, designers, drafters, clerical staff, or family on payroll.

If you're having a problem getting your mind wrapped about this concept, simply utilize the Mirror Test. Find a mirror, and look into it. In that reflection, you should see everyone that works for you; it's just you…the single PE and no one else. If you do not see everyone who works for you in that mirror, then you are not a sole proprietor. It's akin to the saying, "I am the chief cook and bottle washer." You do everything for the firm yourself. The next question you are to ask is "Whether you are the firm's Engineer in Responsible Charge (EIRC)? If you are not listed as the firm's EIRC on your COA renewal, then you are not a sole proprietor.

**In closing, please be reminded that if your firm decides not to renew its COA, then the firm should not offer or provide engineering services for projects in the state of West Virginia. To do so would be in violation of West Virginia Engineering Law.** If you have any questions regarding COAs, simply call the Board office to discuss your circumstances.

## 2006

The NCEES Credentials Evaluations Service is established for licensure candidates earning degrees from programs outside the United States and from domestic, non-ABET accredited programs.

## 2014

The FE and FS exams are administered via computer-based testing (CBT) for the first time. The FE exam format changes from a breadth and depth format to seven free standing, discipline-specific exams.

# Renewal Updates and Status Report

## UPCOMING WV COA RENEWAL REMINDER

**It's time to renew your firm's Certificate of Authorization!** All firms or individual sole proprietors in possession of an active WV Certificate of Authorization (COA) will be required to renew their COA by December 31, 2021. As a condition of WV COA renewal, every firm must provide the name of their Engineer In Responsible Charge who must be a WV PE whose license status is active and in good standing.

As required by West Virginia Engineering Law, our agency is required to send notification at least 30 days prior to the expiration of a license, meaning no later than December 1st of odd numbered years for COAs and December 1st of even numbered years for PEs and Retired PEs. Renewal notifications are typically mailed in mid-late November and the WV State Treasurer's Office activates our online license renewal system at the same time. If you have an active COA, renewal instructions were enclosed with this newsletter and a live COA renewal link is posted on our website as well. A number of courtesy email notifications will also be sent to the record email address(es) throughout the renewal season until successfully renewed. Upon successful renewal, one will be able to print receipt confirmation and we will no longer send unnecessary email communication.

If you have any questions regarding the COA renewal process, please do not hesitate to contact Tiffany Coleman as she handles all COA matters for the WV PE Board. You may email her at tiffany@wvpebd.org or call 304-558-3554.

# Red Flags

**Watch out for these issues:**

- Architectural sheets sealed by an engineer
- Engineering sheets sealed by an architect
- Plans sealed by an unlicensed person, architect or engineer
- Plans sealed by an engineer of an unauthorized firm (one without a COA)
- Incomplete documents sealed without a disclaimer
- Plans that have not been sealed, signed (dated) by the licensee(s)
- Prototypical, standard plans that do not bear the seal of the WV licensee and disclaimer
- Seals that appear to be cut and pasted
- Contact person is not the licensee or it is difficult to contact the licensee
- Plans, details, letters, reports, etc. do not appear to apply to the project
- Plans have numerous or serious code violations
- Non-dated revisions
- Revisions or changes missing seal, signature (date)
- Plans which do not list the name of the architect or engineer involved and the name of his/her firm.

# What to do?

- Question the professional as to circumstances and qualifications
- Get the issue corrected
- Reject the documents
- Contact the appropriate licensing board
- File a complaint with the appropriate licensing board

# Engineering Addendum:

**Are the services of a registered professional engineer required for single family residential structures?**

Single family residences do not normally require the design services of professional (structural) engineers except for some large custom designed homes where the owner requests the services or the spans are too large for typical code-specified framing to work. Generally the only times a structural engineer will become involved in a single family residence are as follows:

- Where there is a problem with the foundation or framing of the house, such as storm damage, soil movements, or unusual deflections and damages in the architectural finishes.
- When an existing house is being sold and the mortgage company is looking for someone to identify and describe the various structural movements and damages that have occurred in the structure, as well as provide some recommendations of what should be done to eliminate the problems.
- When the design of the house involves a structural system which is outside of the typical structural framing and foundation systems specified in the residential building code or when the building code requires engineering services.

# THE PROFESSIONAL USE OF SEALS

2019 ARCHITECTURE & ENGINEERING PRACTICE

## Requirements regarding the practice of architecture and engineering in West Virginia

www.brdarch.wv.gov | www.wvpebd.org

## Which type of licensee must prepare and seal plans?

**Can architects prepare and seal engineering plans?**

a e Although incidental engineering is allowed, architects generally should not seal electrical, mechanical, plumbing, civil or structural engineering drawings.

**Can engineers prepare and seal architectural plans?**

a e Although incidental architecture is allowed, engineers should not represent their work as architecture and should not seal drawings identified as architectural.

**Are companies employing these licensed professionals required to be registered by their respective Boards prior to providing, or even offering, professional services on projects in WV?**

a No, but an individual architect is required to be registered in WV before soliciting work in WV.*

e Yes, a valid Certificate of Authorization (COA) must be obtained from the PE Board prior to offering engineering services.*

**Both Licensed Architects and Professional Engineers (and their firms) should check with the WV Secretary of State's Office regarding additional business license requirements once properly registered with their respective Board.*

**How can one verify that an architect, engineer, or engineering company is currently licensed and eligible to offer professional services in WV?**

a e Both Boards have websites which allow online licensure verification.West Virginia engineers are not licensed by discipline but as professional engineers. Seals shall not reference an engineer's branch or discipline.

a Visit www.brdarch.wv.gov or call 304-558-1406

e Visit www.wvpebd.org or call 304-558-3554

## Are there special requirements regarding the seals?

**Can a licensee use an electronic seal?**

a Electronic seals are permitted, but electronic signatures are not permitted. The signature must be an original, handwritten signature.

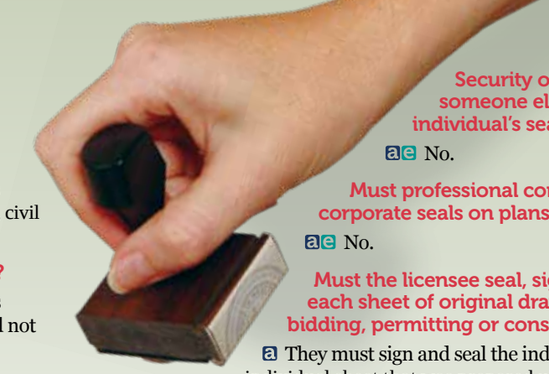
e Electronic seals and signatures are allowed. Facsimile signatures are not allowed.

**Can a licensee seal another licensed designer's standard (prototypical) plans?**

a e No, they must be sealed by a West Virginia licensed architect or engineer who is in responsible charge of the preparation of the documents.

**Can an individual licensed in another jurisdiction engage in temporary practice before obtaining a license here?**

a e No.



**Security of seal – can someone else use an individual's seal?**

a e No.

**Must professional corporations use corporate seals on plans?**

a e No.

**Must the licensee seal, sign and date each sheet of original drawings issued for bidding, permitting or construction?**

a They must sign and seal the index page or each individual sheet that was prepared under the architect's responsible control. The date is not required.

e They must sign, seal and date the first sheet or title sheet of the appropriate sections.

**Must the licensee seal, sign and date the index page identifying each set of specifications or technical submissions?**

a The architect is required to sign and seal all technical work prepared by him/her. No date is required.

e The engineer is required to sign, seal and date all technical work prepared by him/her.

**What structures may be exempt in the licensing laws from the architect's and engineer's requirements and/or may be prepared by others?**

a There are limited exemptions in the architect's law to permit a person who is not registered as an architect to design and supervise the erection or alteration of the following:

1. A detached single family dwelling and any incidental sheds, storage buildings and garages;
2. A multifamily residential structure not in excess of three stories excluding any basement area;
3. Farm buildings, including barns, silos, sheds or housing for farm equipment and machinery, livestock, poultry or storage, if such structures are designed to be occupied by no more than ten persons;
4. Any alteration, renovation or remodeling of a building, if such alteration, renovation or remodeling does not affect the structural or other safety features of the building or if the work contemplated by the design does not require the issuance of a permit under any applicable code;
5. Pre-engineered buildings, including mobile classrooms purchased by county school boards, and;
6. A commercial structure which contains not more than 7,600 square feet and is only one story, excluding any basement area.

e No specific types of structures are exempt from engineer licensing laws.

**Plans for changes to previously exempt structures?**

a Exempt, if finished structure would still qualify for its original exemption.

e Not exempt.

**Plans for changes to nonexempt structures?**

a Exempt if changes:

- Do not alter or affect the structural system.
- Do not change access or exit patterns.
- Do not change live or dead loads.
- Do not change safety features.
- Do not require the issuance of a permit under any applicable code.

e Not exempt.

**Plans for alterations or up-fitting of a shell or unfinished structure?**

a e Not exempt.

**Shop drawings?**

a Exempt. e Not exempt.

**Are church plans exempt?**

a e No.

## What types of documents require a seal?

**Must a licensee seal all plans prepared for bidding, permitting or construction?**

a Yes. e Yes.

**Are specifications required to be sealed?**

a Yes. e Yes.

**If a project is exempt but a licensee does the work, must the licensee seal the plans?**

a Yes. e Yes, generally.

**Are change orders, technical submissions or drawings accompanying or related to change orders required to be sealed?**

a e Yes, if the changes, technical submissions or drawings were of a type that must be prepared by a licensee.

**Are addenda and field changes required to be sealed?**

a e Yes, if the documents, addenda or field changes can only be lawfully prepared by a licensee.

**Are "record drawings (as builts)" required to be sealed?**

a e Yes, when prepared by an architect or engineer.

## What kinds of documents do not require a seal?

**Must licensees seal presentation documents (renderings used to communicate conceptual information only) not a part of a set of drawings?**

a e Not required to be sealed or signed.

**Can a licensee seal sheets or pages prepared by others?**

a Yes, in certain cases where portions of the work were prepared by others under the direct supervision of the architect. The architect may also sign or seal those portions of professional work if the architect has reviewed them and coordinated their preparation.

e Yes, if the licensee was in responsible charge of the work or completely checked it.

## Under what circumstances are licensees limited from sealing certain documents?

**Can a licensee seal a professional opinion letter or report concerning whether plans that he/she did not prepare comply with the building code?**

a e Yes.

**Can a licensee seal a document that was not prepared by the licensee or under his/her direct control?**

a e No.

## Proper architectural and engineering seals

**Architect and engineer seals properly signed, sealed and dated:**

**Architect** **Engineer**

Acceptable disclaimers include:

- Preliminary – Do Not Use for Construction
- Progress Drawings – Do Not Use for Construction
- Final Drawing – For Review Purposes Only

# *Introduction*

The licensing of Professional Engineers began in the State of Wyoming in 1907. The West Virginia State Board of Registration for Professional Engineers (WV PE Board) was formed to oversee the licensing of engineers in West Virginia in 1921. Article 13 – the part of the professional licensing chapter of the code (Chapter 30) that regulates Professional Engineers – was first enacted in 1992. The statutes in W.Va. Code 30-13-1 et seq. and Series 7 of the Code of State Rules are the primary components of what is referred to as "West Virginia Engineering Law."

Laws requiring professional licensure and regulating the practice of that profession are enacted under the police powers of the State. The primary purpose is to protect the public. Through its statutes and rules, the WV PE Board works to safeguard life, health and property and promote the public welfare. This is done, in part, by requiring professional engineers to meet specified minimum standards, follow certain procedures, and practice in accordance with their rules of professional responsibility.

Those licensure standards, and the procedures and rules that govern those who have been granted the privilege to practice engineering in West Virginia, can be found in these pages. It is hoped that the information provided here helps you understand the substantive and procedural aspects of West Virginia Engineering Law. The staff and its counsel are always available in the event you need more information or have questions regarding the Board's implementation and application of West Virginia Engineering Law.

The Board and staff work diligently to carry out our responsibilities to the public, the State of West Virginia, and to the professional engineers licensed in West Virginia. The more that these entities know, understand and comply with West Virginia Engineering Law, the easier our job will be, and we can all work together to ensure that West Virginia's professional engineers are providing good service to the State and its people.

## CHANGES TO STATUTE OR RULES AFTER 2020:

*Please be advised this booklet contains only legislative action prior to April 2020. It is unpredictable when the West Virginia Legislature may consider and possibly pass legislation amending Article 13, and there is always the possibility that the Board may choose to seek statutory and/or or legislative rule changes through the legislative process in future years. The Board, on its website, will attempt to keep the engineering community and citizens of West Virginia apprised of legislative developments and will always post legislation amending Article 13 that is enacted into law. In addition, any proposed legislative rule filing will be posted for comment on the Board's website at* ***www.wvpebd.org*** *and on the WV Secretary of State's website at* ***www.sos.wv.gov.***

# ARTICLE 13 - ENGINEERS

## §30-13-1. Legislative findings; intent.

The Legislature hereby determines the need to regulate the practice of engineering; to provide for the registration of qualified persons as professional engineers and the certification of engineer interns; to define the terms "engineer," "professional engineer," "engineer intern" and "practice of engineering"; to create a state board of registration for professional engineers and provide for the appointment and compensation of its members; to fix the term of members of the board and define its powers and duties; to set forth the minimum qualifications and other requirements for registration as an engineer and certification as an engineer intern; to establish registration fees with expiration and renewal requirements; to impose certain duties upon the state and political subdivisions thereof in connection with public works; and to provide for the enforcement of this article and penalties for its violation.

## §30-13-2. General provisions.

In order to safeguard life, health and property and to promote the public welfare, the practice of engineering in this state is hereby declared to be subject to regulation in the public interest. It is unlawful for any person to practice or to offer to practice engineering in this state, as defined in the provisions of this article, or to use in connection with his or her name or otherwise assume or advertise any title or description tending to convey the impression that he or she is a registered or licensed engineer, unless the person has been duly registered or exempted under the provisions of this article. Engineering is hereby declared a learned profession and its practitioners are held accountable to the state and the public by professional standards in keeping with the ethics and practice of other learned professions in this state. The practice of engineering is a privilege granted by the state.

## §30-13-3. Definitions.

Unless the context in which used clearly requires a different meaning as used in this article:

**(a)** **"Board"** means the West Virginia state board of registration for professional engineers as provided for in this article.

**(b)** **"Consulting engineer"** means a professional engineer whose principal occupation is the independent practice of engineering; whose livelihood is obtained by offering engineering services to the public; who serves clients as an independent fiduciary; who is devoid of public, commercial and product affiliation that might tend to infer a conflict of interest; and who is cognizant of their public and legal responsibilities and is capable of discharging them.

(c) **"Engineer"** means a person who is qualified to practice engineering by reason of special knowledge and use of the mathematical, physical and engineering sciences and the principles and methods of engineering analysis and design, acquired by engineering education and engineering experience.

**(d)** **"Engineer intern"** means a person who has qualified for, taken and has passed an examination in the fundamental engineering subjects, as provided in this article.

(e) **"Practice of engineering"** means any service or creative work, the adequate performance of which requires engineering education, training and experience in the application of special knowledge of the mathematical, physical and engineering sciences to such services or creative work as consultation, investigation, evaluation, planning and design of engineering works and systems; planning the use of land and water; teaching of advanced engineering subjects, engineering surveys and studies; and the review of construction for the purpose of assuring compliance with drawings and specifications any of which embraces such services or work, either public or private, in connection with any utilities, structures, buildings, machines, equipment, processes, work systems, projects and industrial or consumer products or equipment of a mechanical, electrical, hydraulic, pneumatic or thermal nature, insofar as they involve safeguarding life, health or property, and including such other professional services as may be necessary to the planning, progress and completion of any engineering services. Engineering surveys include all survey activities required to support the sound conception, planning, design, construction, maintenance and operation of engineered projects.

Any person who practices any branch of the profession of engineering or who, by verbal claim, sign, advertisement, letterhead, card or in any other way represents himself or herself to be a professional engineer, or by using another title implies that he or she is a professional engineer or that he or she is registered under this article or who holds himself or herself out as able to perform, or who performs any engineering service or work or any other service designated by the practitioner which is recognized as engineering, is considered to practice or offer to practice engineering within the meaning and intent of this article.

(f) **"Professional engineer"** means a person who has been duly registered or licensed as a professional engineer by the board. The board may designate a professional engineer, on the basis of education, experience and examination, as being licensed in a specific discipline or branch of engineering signifying the area in which the engineer has demonstrated competence.

(g) **"Responsible charge"** means direct control and personal supervision of engineering work.

(h) **"Rules of professional responsibility for professional engineers"** means those rules, if any, promulgated by the West Virginia state board of registration for professional engineers as authorized by this article.

## §30-13-4. Board of registration for professional engineers; appointment and term.

There is hereby created the board of registration for professional engineers which shall hereafter be referred to as the board. The board shall be composed of five members appointed by the governor, by and with the consent of the Senate, preferably from a list of names submitted by the West Virginia society of professional engineers. The members of the board shall be qualified and shall meet the requirements of section five of this article. The governor shall present each board member with a certificate of appointment. Each board member shall make and file an oath or affirmation with the secretary of state to faithfully execute the duties of a member of the board. Members of the board shall serve a term of five years. Of the members first appointed, one shall serve a term of one year,

one shall serve a term of two years, one shall serve a term of three years, one shall serve a term of four years and one shall serve a term of five years. Members are eligible for reappointment but no member may be appointed for more than three full consecutive terms. Each member shall hold office until the expiration of the term for which appointed or until a successor has been duly appointed and has qualified. In the event of a vacancy on the board due to resignation, death or for any cause resulting in an unexpired term and if not filled within three months by the governor, the board may appoint a member to serve in the vacancy until the governor makes the appointment. Members of the former board whose terms have not expired shall fill the term on this board which corresponds with the length of the unexpired term of that member.

## §30-13-5. Board qualifications.

Each member of the board must be a citizen of the United States and a resident of this state. Each member shall have been engaged in the lawful practice of engineering as a professional engineer for at least twelve years; shall have been in responsible charge of engineering projects for at least five years; and shall be a registered professional engineer in this state.

## §30-13-6. Compensation and expenses.

Each member of the board shall receive compensation for time spent, and reimbursement for reasonable and necessary expenses incurred, in the performance of board-related duties pursuant to section eleven, article one of this chapter.

## §30-13-7. Removal of members and vacancies.

The governor may remove any member of the board for misconduct, incompetency, neglect of duty or for any reason prescribed by law for removal of state officials. Vacancies in the membership of the board shall be filled for the unexpired term.

## §30-13-8. Organization and meetings.

The board shall hold at least one regular meeting each year. Special meetings may be held as the bylaws of the board provide. Each year the board shall elect the following officers: A president, a vice president and a secretary, who shall serve at the will and pleasure of the board. A quorum of the board shall consist of not less than three professional engineer members.

## §30-13-9. Board powers.

**(a)** The board may adopt and amend bylaws not inconsistent with the constitution and laws of this state. The board may promulgate and shall adopt "rules of professional responsibility for professional engineers." These rules are binding to any person registered with the board under the provisions of this article. These rules are also applicable to firms holding a certificate of authorization as provided in section seventeen of this article.

**(b)** The board may subpoena witnesses and compel their attendance and it may also subpoena books, papers, documents or other pertinent data in any disciplinary matters or in any case involving an allegation of a violation of the provisions of this article. The board may apply to the circuit court of Kanawha county to enforce compliance with any subpoena it issues.

**(c)** The board may seek an injunction in circuit court to enforce the provisions of this article or to restrain a person or entity from violating a provision of this article. In pursuing injunctive relief under this section, the board shall not be required to prove that an adequate remedy at law does not exist or that substantial or irreparable damage would result from the continued violation. The members of the board may not be personally liable for any decisions made in good faith in pursuing injunctive relief.

**(d)** The board may require all applicants for registration to take and successfully pass an examination of their fitness and qualifications to become registered.

**(e)** The board may require that a registered professional engineer demonstrate continuing professional competency in engineering as a condition of renewal or reregistration.

**(f)** Board members are exempt from civil liability for any decision made or any act done in good faith in the performance of any duty or the exercise of any power granted under this article.

## §30-13-10. Receipt of fees, fund established, disbursements.

There is hereby established within the state treasury a "board of professional engineers fund." The board shall deposit all fees and other moneys received by the board into the fund. The moneys in the fund shall be used for expenses of the board and shall be requisitioned on the signatures of the president and secretary of the board. The secretary of the board shall annually furnish an accounting of all funds received and expended by the board to the governor and to each house of the Legislature. The board may use the moneys in the fund to employ necessary staff, pay for membership fees to the national council of examiners for engineering and surveying and for any other necessary and reasonable expense of the board: Provided, That the board may not issue warrants in excess of moneys in the fund.

## §30-13-11. Records and reports.

**(a)** The board shall keep a record of its proceedings and of all applications for registration. The record shall show: (1) The name, age and last known address of each applicant; (2) the date of application; (3) place of business of such applicant; (4) education, experience and other qualifications; (5) type of examination required; (6) whether or not the applicant was rejected; (7) whether or not a certificate of registration was granted; (8) the date of the action by the board; and (9) such information as may be deemed necessary by the board.

**(b)** The record of the board is prima facie evidence of the proceedings of the board and a transcript duly certified by the secretary shall be admissible as evidence with the same force and effect as if the original were produced.

**(c)** On the first day of July of each year, the board shall submit to the governor a report of its transactions of the preceding year and shall transmit to the governor a complete statement of the receipts and expenditures of the board, attested to by affidavits of its chairman and secretary.

**(d)** Board records and papers of the following class are of a confidential nature and are not public records: Examination material for examinations not yet given, file records of examination problem solutions, letters of inquiry and reference concerning applicants, board inquiry forms concerning applicants, investigation files where any investigation is still pending and all other materials of like confidential nature.

## §30-13-12. Roster.

A complete roster with the names and the last known addresses of all registered professional engineers shall be published by the secretary of the board at intervals established by the board. Copies of this roster may be mailed to each person registered and shall be placed on file with the secretary of state and may be distributed or sold to county and city officials and to the public.

## §30-13-13. Requirements for registration of professional engineers and certification of engineer interns.

**(a) General requirements.** - Every person who desires to be certified as an engineer intern or to be registered as a professional engineer in this state must comply with the following requirements:

(1) Submission of a completed application specified by the board and payment of the application fee specified by rule of the board;

(2) Be at least eighteen years of age;

(3) Be of good moral character;

(4) Submit statements of reference as specified by rule of the board;

(5) Graduate from a four-year engineering curriculum accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (EAC/ABET), or an equivalent as approved by the board as being of satisfactory standing; and

(6) Be free of any grounds for disqualification as set forth in subsection of (a) of section twenty-one of this article.

**(b) Certification of an engineer intern.** - In addition to the foregoing general requirements, an applicant must meet the following requirements to be certified as an engineer intern in this state:

(1) Satisfactorily complete the required examination on the fundamentals of engineering; and

(2) Complete each additional requirement that the board may specify by legislative rule.

**(c) Registration of a professional engineer.** - In addition to the general requirements specified in subsection (a) of this section, an applicant must meet the following requirements to be certified as a professional engineer in this state:

(1) Meet all the requirements for certification as an engineer intern;

(2) Submit a record of four years or more of progressive experience in engineering work of a grade and a character that indicates to the board that the applicant may be competent to practice engineering;

(3) Satisfactorily complete the required examination on the principles and practice of engineering;

(4) Complete each additional requirement that the board may specify by legislative rule.

**(d) Registration of a professional engineer through comity or reciprocal registration.** - Notwithstanding the requirements of the foregoing subsection of this section, the board may issue a license to an applicant who holds a valid license or other authorization to practice engineering from another state, if the applicant satisfies the general requirements of subsection (a) of this section, satisfies the additional requirements specified by rule of the board and meets one of the following requirements:

(1) Holds a license or other authorization to engage in the practice of engineering issued by a proper authority of any jurisdiction, based on requirements that do not conflict with the provisions of this article and possesses credentials that are, in the judgment of the board, of a standard equivalent to or not lower than that specified in the applicable licensure act and rules in effect in this state at the time such license was issued, upon application, which may include a council record with NCEES; or

(2) Holds a valid council record with NCEES, which is the compilation of documents maintained by NCEES of an applicant's qualifications as a professional engineer, including official transcripts, engineering examination results, employment verifications and references, which indicates that the applicant meets the requirements of this article.

**(e) Certification or registration of qualified applicants.** - The board shall issue a certification to a qualified applicant who meets the requirements for certification as an engineer intern and shall issue a professional engineer registration to a qualified applicant who meets the requirements for registration as a professional engineer.

**(f) Continuation of existing registrations and certificates.** - A registration or certificate issued by the board prior to July 1, 2013, shall for all purposes be considered a registration or certificate issued under this article: Provided, That a person registered or certified prior to July 1, 2013, must renew the registration or certification pursuant to the provisions of this article and the rules of the board.

## §30-13-13a. Designations of nonpracticing status.

The board may designate a professional engineer as ineligible to practice or offer to practice engineering in this state using one of the following terms:

(1) **Professional engineer-retired.** - A registrant may apply for retired status upon certification that he or she is no longer practicing or offering to practice engineering in this state for remuneration.

(2) **Professional engineer-inactive.** - A registrant may request inactive status upon affirmation that he or she is no longer practicing or offering to practice engineering in this state.

(3) **Professional engineer-lapsed.** - A registrant's license is lapsed when the registrant does not respond to renewal notices or pay the required fees.

(4) **Professional engineer-invalidated.** - A registrant's license is invalidated when he or she is unable to provide sufficient proof that any condition of renewal set forth in this article or by board rule has been met.

## §30-13-14. Application and registration fee.

Every person seeking to become registered as a professional engineer or seeking to become certified as an engineer intern shall file an application on forms provided by the board. The application shall be made under oath and shall include:

**(a)** The level of education of the applicant;

**(b)** A summary of the applicant's technical experience; and

**(c)** The names and complete mailing addresses of any references.

Applicants may not use the names of board members as references.

In lieu of information required on the board's application forms, the board may accept the verified information contained in a valid council record issued by the national council of examiners for engineering and surveying for professional engineer applicants.

The board shall set fees for all applicants for registration and certification by promulgating legislative rules under the provisions of article three, chapter twenty-nine-a of this code.

Fees of unsuccessful applicants and the fees of applicants who have been refused registration or certification for any purpose shall be retained by the board to cover administrative costs.

## §30-13-15. Examinations.

**(a)** The board has the power to establish, by legislative rule, the requirements for examination for registration as a professional engineer and certification as an engineer intern including, but not limited to, the following criteria: subject matter, prerequisites for testing, passing score, examination sites and schedules, entities authorized to administer examinations, prerequisites for testing and form of testing, including examination by electronic or other means.

**(b)** The board's rules for examination shall include the following minimum requirements:

(1) An examination to qualify to be an engineer intern, to test the applicant's knowledge and understanding of the fundamentals of engineering; and

(2) An examination to qualify as a professional engineer, to test the applicant's knowledge and understanding of the principles and practice of engineering.

**(c)** If the board determines that the safe and ethical practice of engineering in this state requires examination of matters specific to the law and practice in this state, the board may also establish criteria, by legislative rule, for an examination of the applicant's knowledge and understanding of this state's statutes, rules, professional ethics and design requirements.

**(d)** A candidate for registration as a professional engineer who fails the examination of the principles and practice of engineering may retake the examination one time upon payment of the fee established by the board. In the event of a second failure, the candidate may not repeat the examination unless the examinee demonstrates to the board that he or she has pursued additional instruction or training to correct the candidate's deficit areas of knowledge.

**(e)** In the event that examination requirements, test administration procedures, scoring or testing methods are modified by a board-approved testing entity providing standard tests for use by the board, the board has the authority to promulgate emergency rules to adopt and reflect those changes.

## §30-13-16. Certificates and seals.

**(a)** The board shall issue a certificate of registration to any applicant who, in the opinion of the board, has met the requirements of this article. The certificate of registration shall carry the designation "professional engineer." It shall give the full name of the registrant with their registration number and shall be signed by the chairman and the secretary under the seal of the board. The certificate of registration grants the recipient authority to practice in this state.

**(b)** An unexpired and unrevoked certificate is prima facie evidence that the person named on it is entitled to all rights, privileges and responsibilities of a professional engineer.

**(c)** Every registrant shall obtain a seal for use in identifying his or her official professional work. The design of the seal shall be determined by the board and shall bear the registrant's name, registrant's registration number, the legend "registered professional engineer, state of West Virginia" and such other words or figures as the board may prescribe. The seal may be a rubber stamp. Whenever the seal is applied, the registrant's written signature shall be adjacent to or across the seal. No further words or wording are required. A facsimile signature is not acceptable. Whenever presented to a client or any public or governmental agency, the seal, signature and date shall be placed on all specifications, reports, drawings, plans, design information and calculations in accordance with rules promulgated by the board. The seal and signature shall be used by registrants only when the work being stamped was under the registrant's complete direction and control.

In the case of a registrant of another state using a temporary permit issued by this state, the registrant shall use the state of permanent registration seal and shall affix his or her signature and temporary permit number to all work. In the case of a registrant checking the work of an out-of-state registrant, the state registrant shall completely check and have complete dominion and control of the design. The complete dominion and control includes possession of the sealed and signed reproducible construction drawings with complete signed and sealed design calculations indicating all changes in design.

**(d)** The board shall issue to any applicant who, in the opinion of the board, has met the requirements of this article, an enrollment card as engineer intern, which indicates that his or her name has been recorded in the board office. The engineer intern enrollment card does not authorize the holder to practice as a professional engineer. It is unlawful for a registrant to affix or to permit his or her seal and signature to be affixed to any document after the expiration of his or her certificate or for the purpose of aiding or abetting any other person to evade or attempt to evade any provisions of this article.

## §30-13-17. Certificates of authorization required; naming of engineering firms.

**(a)** No person or firm is authorized to practice or offer to practice engineering in this state until the person or firm has been issued a certificate of authorization by the board.

**(b)** A person or firm desiring a certificate of authorization must file all the required information with the board on an application form specified by the board. The required information shall include the sworn statement of the engineer in responsible charge who is a professional engineer registered in this state. The board shall issue a certificate of authorization to an applicant who has met all the requirements and paid the fees set forth in board rules.

**(c)** No person or firm is relieved of responsibility for the conduct or acts of its agents, employees, officers or partners due to compliance with the provisions of this article. No individual practicing engineering under the provisions of this article is relieved of responsibility for engineering services performed due to his or her employment or other relationship with a person or firm holding a certificate of authorization.

**(d)** An engineer who renders occasional, part-time or contract engineering services to or for a firm may not be designated as being in responsible charge for the professional activities of the firm unless that engineer is an owner or principal of the firm.

**(e)** The Secretary of State shall not issue a certificate of authority or business registration or license to an applicant whose business includes, among the objectives for which it is established, the words engineer, engineering or any modification or derivation thereof unless the board of registration for this profession has issued to the applicant a certificate of authorization or a letter indicating eligibility to receive the certificate. The certificate or letter from the board shall be filed with the application filed with the Secretary of State to do business in West Virginia.

**(f)** The Secretary of State shall decline to register a trade name or service mark which includes the words engineer, engineering or modifications or derivatives thereof in its business name or logotype except those businesses holding a certificate of authorization issued under the provisions of this article.

**(g)** The certificate of authorization may be renewed or reinstated in accordance with board rule and upon payment of the required fees.

**(h)** Every holder of a certificate of authorization has a duty to notify the board promptly of any change in information previously submitted to the board in an application for a certificate of authorization.

## §30-13-18. Renewals and reinstatement.

**(a)** Certificates of registration and certificates of authorization expire on the last day of December of the year indicated on the certificate, and the holder of any certificate that is not timely renewed is ineligible to practice or offer to practice engineering in this state until the certificate has been reinstated in accordance with rules promulgated by the board.

**(b)** Certificates may be renewed only in accordance with board rule, which may include payment of a late fee for renewals not postmarked by December 31 of the year in which renewal is required. The board shall notify every person or firm holding an active certificate under this article of the certificate renewal requirements at least one month prior to the renewal date. The notice shall be made by mail or electronic means using the contact information provided to the board.

**(c)** A certificate that was not timely renewed or for other reason was given a nonpracticing status may be reinstated under rules promulgated by the board and may require reexamination and payment of fees set forth in board rules.

**(d)** Effective July 1, 2015, the board may renew certificates on a biennial basis.

**(e)** The board shall promulgate emergency rules pursuant to section fifteen, article three, chapter twenty-nine-a of this code to implement the provisions of this section.

## §30-13-19. Reissuance of certificates.

A new certificate of registration or certificate of authorization to replace any certificate lost, destroyed or mutilated may be issued subject to the rules of the board. A charge established by rule shall be made for each new certificate.

## §30-13-20. Public works.

Government agencies, authorities, officials and employees may not engage in the practice of engineering involving either public or private property unless the provisions of this article are met.

## §30-13-21. Disciplinary action — Revocation, suspension, refusal to issue, restore or renew, probation, civil penalty, reprimand.

**(a)** The board may suspend or revoke or refuse to issue, restore or renew a certificate of registration of, or place on probation, impose a civil penalty or reprimand any professional engineer who has:

(1) Perpetrated any fraud or deceit in obtaining or attempting to obtain or renew a certificate of registration or certificate of authorization;

(2) Been negligent, incompetent or committed an act of misconduct in the practice of engineering;

(3) Been convicted of or has entered a plea of nolo contendere to any crime under the laws of the United States or any state or territory thereof, which is a felony whether related to practice or not; and conviction of or entry of a plea of nolo contendere to any crime, whether a felony, misdemeanor or otherwise, an essential element of which is dishonesty, or which is directly related to the practice of engineering;

(4) Failed to comply with any of the provisions of this article or any of the rules promulgated under it;

(5) Been disciplined by another state, territory, the District of Columbia, foreign country, the United States government or any other governmental agency, if at least one of the grounds for discipline is the same or substantially equivalent to those grounds for discipline contained in this article;

(6) Failed within thirty days to provide information requested by the board as a result of a formal or informal complaint to the board which would indicate a violation of this article;

(7) Knowingly made false statements or signed false statements, certificates or affidavits to induce payment;

(8) Aided or assisted another person in violating any provision of this article or the rules promulgated;

(9) Violated any terms of probation imposed by the board or using a seal or practicing engineering while the professional engineer's license is suspended, revoked, nonrenewed or inactive;

(10) Signed or affixed the professional engineer's seal or permitted the professional engineer's seal or signature to be affixed to any specifications, reports, drawings, plans, design information, construction documents or calculations or revisions which have not been prepared or completely checked by the professional engineer or under the professional engineer's direct supervision or control;

(11) Engaged in dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud or harm the public;

(12) Provided false testimony or information to the board; and

(13) Been habitually intoxicated or addicted to or by the use of drugs or alcohol.

**(b)** In addition to any other penalty provided in this article, the board may assess civil penalties against any person who violates any provision of this article or any rule promulgated by the board for each offense in an amount determined by the board.

**(c)** The board shall prepare and shall adopt "rules of professional responsibility for professional engineers." The board may revise and amend these "rules of professional responsibility for professional engineers" from time to time and shall notify each registrant in writing of any revisions or amendments.

**(d)** The board may:

(1) Revoke a certificate of authorization;

(2) Suspend a certificate of authorization of any firm for a period of time not exceeding two years where one or more of its officers or directors of the firm have been found guilty of any conduct which would authorize a revocation or suspension of his or her certificate of registration under the provisions of this article;

(3) Place the person or firm on probation for a period of time and make the person or firm subject to conditions as the board may specify;

(4) Assess a civil penalty and related costs for each count or separate offense in an amount set by the board.

## §30-13-22. Disciplinary action — Procedures.

**(a)** Any person may file a complaint with the board that a person or firm subject to the provisions of this article has committed a fraud, been deceitful, been grossly negligent, incompetent, guilty of misconduct or has violated the "rules of professional responsibility for professional engineers."

**(b)** All complaints, unless dismissed by the board as unfounded, trivial or unless settled informally, shall be heard by the board within six months after the date each complaint was received by the board.

**(c)** The board shall fix the time and place for hearings on complaints and a copy of all charges, together with a notice of the time and place of hearing on the complaint the person or firm complained against or mailed to the last known address of the person or firm at least thirty days prior to the hearing. At the hearing, the person or firm shall have the right to appear in person or by counsel, or both, to cross-examine witnesses and to produce evidence and witnesses in his, her or its defense. If the accused person or firm fails or refuses to appear, the board may proceed to hear the complaint and determine the validity of the charges.

**(d)** If after the hearing a majority of the board votes in favor of sustaining the charges, the board shall reprimand or assess a civil penalty against the person or firm complained against. The board may also suspend, revoke, refuse to issue or refuse to restore or renew an individual's certificate of registration or a firm's certificate of authorization. In addition, the board may place a registrant on probation.

**(e)** Any person or firm aggrieved by any action of the board in assessing a civil penalty, denying, suspending, refusing to issue, refusing to restore or renew or revoking a certificate of registration or a certificate of authorization, may appeal the board's decision to the circuit court.

**(f)** Any civil penalty assessed as a result of a hearing shall be paid within fifty days after the decision becomes final.

**(g)** The board may, upon petition of a person or firm, reissue a certificate of registration or authorization, provided that a majority of the members of the board votes in favor of such issuance.

## §30-13-23. Criminal offenses.

Any person who practices or offers to practice engineering in this state without being registered in accordance with the provisions of this article, or any person, firm, partnership, organization, association, corporation or other entity using or employing the words engineer, engineering or any modification or derivative thereof in its name or form of business activity except as authorized in this article, or any person presenting or attempting to use the certificate of registration or the seal of another, or any person who gives any false or forged evidence of any kind to the board or to any member thereof in obtaining or attempting to obtain a certificate of registration, or any person who falsely impersonates any other registrant of like or different name, or any person who attempts to use an expired, suspended or revoked or nonexistent certificate of registration, or who practices or offers to practice when not qualified, or any person who falsely claims that he or she is registered or authorized under this article, or any person who violates any of the provisions of this article is guilty of a misdemeanor, and, upon conviction thereof, shall be fined not more than five hundred dollars, or imprisoned in the county jail not more than six months, or both fined and imprisoned.

Any person who commits a second or subsequent offense under this section is guilty of a felony, and, upon conviction thereof, shall be imprisoned in the penitentiary not less than ten nor more than twenty years.

The attorney general may act as legal adviser to the board and render any legal assistance as may be necessary in carrying out the provisions of this article. The board may employ counsel and necessary assistance to aid in the enforcement of this article and the compensation and expenses of the council shall be paid from the funds of the board.

## §30-13-24. Exemptions.

This article may not be construed to prevent the practice by:

**(a)** **Other professions.** – The practice of any other legally recognized profession;

**(b)** **Temporary permits.** – The practice or offer to practice engineering by a person not a resident of or having no established place of business in this state, provided the person is legally qualified by registration to practice engineering, as defined in this article, in their own state or country. The person shall make application to the board in writing and after payment of a fee established by the board may be granted a written permit for a definite period of time not to exceed one year to do a specific job: Provided, That no right to practice engineering shall accrue to the applicant with respect to any other works not set forth in the permit; and

(c) **Employees and subordinates.** – The work of an employee or a subordinate of a person holding a certificate of registration under this article, or an employee of a person practicing lawfully: Provided, That the work does not include final engineering designs or decisions and is done under the direct supervision of and verified by a person holding a certificate of registration under this article or a person practicing lawfully. Any regular full-time employee of a person, partnership, corporation or other business entity who is engaged solely and exclusively in performing services for such person, partnership, corporation or other business entity, who is not required by any provision of the law other than this article to be a registered professional engineer and whose services are performed on, or in connection with, property owned or leased by such person, partnership, corporation or other business entity, or in which such person, partnership, corporation or other business entity has an interest, estate or possessory right, and are not offered or made available to the public. This exemption includes the use of job title and personal classification by such person, but no name, title or words may be used which tend to convey the impression that an unlicensed person is offering professional engineering services to the public.

## §7-1-1. General.

**1.1.** **Scope**. – This rule sets forth standards for the regulation and conduct of members, records, applications and examinations. This rule is binding upon persons applying and registered under W. Va. Code §30-13-1 et seq. and is applicable to individuals or firms providing engineering services.

**1.2.** **Authority.** – W. Va. Code §§30-13-9(a), 13, 14, 15, 16(c) 17, 18, 19, 21.

**1.3.** **Filing Date.** – March 30, 2020

**1.4.** **Effective Date.** – April 1, 2020

**1.5.** **Sunset Provision.** – This rule shall terminate and have no further force or effect on April 1, 2030.

**1.6.** **Amendment of Former Rules.** – This legislative rule amends West Virginia 7CSR1 "Rules Governing The West Virginia Board of Registration for Professional Engineers" filed and effective July 18, 2016.

## §7-1-2. Definitions.

**2.1.** **"ABET"** means ABET, Inc., formally known as the Accreditation Board for Engineering and Technology.

**2.2.** **"ABET/TAC"** means the Technology Accreditation Commission of ABET, Inc., formally known as the Accreditation Board for Engineering and Technology.

**2.3.** **"Board"** means the West Virginia State Board of Registration for Professional Engineers.

**2.4.** **"COA"** means Certificate of Authorization, which is a document required and issued in accordance with §7-1-11of these rules.

**2.5.** **"College/Unit Semester/Quarter Hour"** means the credit given for courses in an ABET approved program or other Board-approved courses approved in accordance with §7-1-10 of these rules.

**2.6.** **"Comity Applicant"** means a person who is applying to become a registered PE in West Virginia and is currently in possession of a PE registration or certificate of licensure issued by a proper authority of a jurisdiction other than West Virginia.

**2.7.** **"EI"** means a certified Engineer Intern, who is a person who has been certified as such by this Board after having met the qualifications set forth in W. Va. Code §30-13-13 and these rules.

**2.8.** **"FE"** means the Fundamentals of Engineering Examination.

**2.9.** **"Foreign Degree Applicant"** means a person applying for certification or registration who received a Baccalaureate degree in Engineering from a non-ABET accredited foreign institution outside of the United States.

**2.10.** **"Firm"** means a firm, corporation, partnership, joint stock association, private practitioner employing others, or sole proprietor employing no one but himself/herself which practices or offers to practice engineering.

**2.11.** **"Initial license"** means obtaining a license in West Virginia for the practice of engineering for the first time.

**2.12.** **"License"** or **"licensure"** means the official authorization by the Board to engage in the practice of or the offering of engineering in the state.

**2.13.** **"Low-income individual"** means an individual in the local labor market as defined in W. Va. Code §21-1C-2, whose household adjusted gross income is below 130 percent of the federal poverty line. This term also includes any person enrolled in a state or federal public assistance program including, but not limited to, the Temporary Assistance for Needy Families Program (TANF), Medicaid, or the Supplemental Nutrition Assistance Program (SNAP).

**2.14.** **"Military families"** means any person who serves as an active member of the armed forces of the United States, the National Guard, or a reserve component as described in 38 U. S. C. §101, honorably discharged veterans of those forces, and their spouses. This term also includes surviving spouses of deceased service members who have not remarried.

**2.15.** **"NCEES"** means the National Council of Examiners for Engineering and Surveying.

**2.16.** **"PDH"** means a Professional Development Hour, which is one contact hour of instruction or presentation designed to keep a professional engineer current in his or her branch/discipline.

**2.17.** **"PE"** means a registrant or registered Professional Engineer, who is a person who has passed the PE exam and is an acronym used after an engineer's name to indicate he or she is a registered engineer with the Board.

**2.18.** **"PE exam"** means the Principles and Practice of Engineering Examination.

**2.19.** **"Registrant"** means a PE.

**2.20.** **"Satisfactory"** means that which a reasonable person would find acceptable for purposes of applying to the Board for licensure.

**2.21.** **"Status"** refers to the designation of a current or former registrant, including the designations of nonpracticing status set forth in W. Va. Code §30-13-13a.

**2.22.** **"Unreversed"**, as that term refers to a criminal conviction, means that a conviction has not been set aside, vacated, pardoned, or expunged.

## §7-1-3. EI and PE Applications.

### 3.1. Types of Applications.

**(a)** **PE Application.** A person applying to the Board for registration as a Professional Engineer shall pass the FE and PE examinations in accordance with §7-1-5.2 and §7-1-5.3 of these rules and submit to the Board a completed application on forms prescribed by the Board.

**(b)** **EI Application.** A person applying to the Board for certification as an Engineer Intern shall pass the FE examination in accordance with §7-1-5.3 of these rules and submit to the Board a completed application on forms prescribed by the Board.

### 3.2. Criteria for Applications.

**(a)** The Board shall only consider applications completed in accordance with §7-1-3.4 of these rules.

**(b) EI Certification.** The Board shall accept applications for EI certification from persons who meet all of the requirements of W. Va. Code §30-13-13.

(1) A person with a baccalaureate degree from a Board-approved curriculum as defined in §7-1-3.5(a) of these rules who has passed the FE examination may apply for certification as an EI.

(2) An EI applicant who graduated from a four-year engineering technology program accredited by the TAC/ABET may only be certified as an EI after the applicant has presented evidence of two (2) years of work experience in accordance with §7-1-3.6 of this rule.

**3.3. Applications Generally.**

**(a) Form of Applications.** Applications shall be completely filled out on forms prescribed and provided by the Board. It is the responsibility of the applicant to submit to the Board a completed application package as set forth in this section.

**(b) Translations.** All foreign language documentation shall be accompanied by translations certified to be accurate by a competent authority recognized by the Board.

**(c) Submission under Oath.** All applications made to this Board shall be subscribed and sworn to before a Notary Public or other persons qualified to administer oaths on the forms used by the applicant.

**(d) Staff Review of Applications.** The Board staff shall review the submitted application package and shall notify the applicant if the package is not complete as set forth in §7-1-3.4 below. The Board shall not act upon an application until the applicant has submitted a completed application package. Upon such submission, the Board shall act in accordance with §7-1-4.

**(e) Confidentiality of Applications.** References and transcripts received in accordance with §7-1-3.7 of these rules shall be kept confidential, and the Board shall place all such confidential records regarding the qualifications of an applicant in files that are considered non-public records. The Board shall not divulge the source and character of the information except in special cases when required by law.

**(f) Retention of Applications.** The Board shall make copies of all approved applications which show the name, date of birth, the date of application, education, experience and other qualifications of the applicant, the examination required of the applicant, and the Board granted registration or certification notice. The Board shall store the duplicate copies of these records and one copy shall be stored in fireproof and secure facilities.

**3.4. Completed Application Package.**

**(a) Definition.** A completed application package shall include the following:

(1) The requisite education as set forth in §7-1-3.5 of these rules, which education shall be obtained prior to the time of submitting the application;

(2) The requisite work experience as set forth in §7-1-3.6 of these rules, which experience shall be obtained prior to the time of submitting the application;

(3) The references required in §7-1-3.7 of these rules;

(4) One (1) passport-like photo taken within six (6) months of the date of application;

(5) Such fee(s) as are required in §7-1-13.4 of these rules, including the non-refundable application fee.

(6) Verification of passage of the FE and PE exams.

**(b)** The Board shall accept an application for PE registration that includes the documented NCEES Record properly executed and issued with verification by NCEES in lieu of that portion of the application form prescribed by the Board.

**(c) Specific application requirements.**

(1) **Comity Applicant.** In addition to the requirements set forth in this section, comity applicants shall also provide verification of current registration in a jurisdiction where they currently live and/or work.

(2) **Foreign Degree Applicants.** In addition to the requirements set forth in this section, applicants with degrees from foreign schools shall also meet the requirements set forth in subsection 3.5.c.

**3.5 Education.**

**(a) Board-approved curricula.** The term "a graduate of a curriculum of four years or more approved by the Board as being of satisfactory standing" used in W. Va. Code §30-13-13(a)(5) is interpreted by this Board to mean a person who has:

(1) a Baccalaureate Degree in Engineering from a school whose curricula are accredited by ABET at the time of the awarding of the degree;

(2) a Baccalaureate Degree in Engineering Technology from a school whose curricula is accredited by ABET/TAC at the time of the awarding of the degree;

(3) a Baccalaureate Degree in Engineering from a school whose curricula is evaluated by the Board and found to be of a high quality essentially equal to those curricula which are accredited by ABET;

(4) a Baccalaureate Degree from a school whose curricula is evaluated by the Board and found to be of a high quality essentially equal to those curricula which are accredited by ABET, in addition to a Master's and/or Ph.D. in Engineering from a school whose undergraduate program in that engineering area is accredited by ABET.

**(b) Transcripts.** Upon graduation, it is the responsibility of the applicant to have transcripts of all college grades sent directly from the school or college to the Board with the signature of the proper school officer and the official seal of the school.

**(c)** Degrees from Non-ABET-Accredited Foreign Institutions. All applicants with an undergraduate degree from a non-ABET-accredited foreign institution shall comply with one of the following:

(1) If an applicant receives only a Baccalaureate degree in Engineering from a foreign institution not accredited by ABET, he or she shall submit a foreign degree evaluation. An applicant who is required to submit a foreign degree evaluation shall use NCEES or such other evaluation service as may be approved by the Board.

(2) If an applicant receives a Baccalaureate degree in Engineering or related curricula from a foreign institution not accredited by ABET, and Master's and/or Ph.D. degree in Engineering from an institution whose undergraduate program is ABET accredited, the Board may review the applicant's transcripts and waive the requirement to submit a foreign degree evaluation.

**3.6. Employment; work experience.** Employment and work experience verifications are the responsibility of the applicant and shall be submitted on forms supplied by the Board as part of the completed application package.

**(a) Requirements.**

(1) **Number of Years.** A PE applicant who has earned the degree described in §7-1-3.5(a)(1) or §7-1-3.5(a)(3) shall demonstrate that he or she has obtained a minimum of four (4) years of experience satisfactory to the Board. A PE applicant who has earned the degree described in §7-1-3.5(a)(2) shall demonstrate that he or she has obtained a minimum of six (6) years of experience satisfactory to the Board.

**(b) Satisfactory Experience.**

(1) The applicant's experience on engineering projects shall be broad in scope in his or her branch/discipline and progressive in that it was of increasing quality and required greater responsibility.

(2) The experience should be under the supervision of a registered Professional Engineer. If not, the applicant shall explain why the Board should consider the experience acceptable.

(3) Upon review of the completed application package, the Board may credit experience based on the following:

**(A) Armed Services.** Experience gained in the Armed Services shall be of a character equivalent to that which would have been gained in the civilian sector doing similar work. A good indicator of equivalence is that the applicant while in the Armed Services served in an engineering or engineering-related group.

**(B) Sales or supervision.** For sales experience or construction supervision experience to be satisfactory, the applicant shall prove that engineering principles were required and used while gaining this experience.

**(C) Teaching.** The Board may classify the teaching of courses in ABET-approved programs as satisfactory experience.

(D) **Research.** The Board may credit experience gained in the performing of engineering research or projects if the applicant at the time was a member of an engineering faculty or higher at an institution with a Board approved curricula as defined in §7-1-3.5(a).

(E) **Graduate Studies.** The Board may credit an applicant who has followed Board-approved curricula as defined in §7-1-3.5(a) with a Master's degree in engineering with one year's experience. If such applicant follows the Master's degree in engineering with a Doctor of Philosophy degree in engineering, the Board may credit the applicant with an additional year of experience. If the Doctor of Philosophy degree is obtained without the Master's degree, the applicant may be credited with two years of experience.

**(c)** **Verifications.** The verifications shall include the following:

(1) **Time Period.** The Board shall consider only the experience an applicant obtains after he or she graduates from a Board-approved curriculum.

(2) **Documentation.** An applicant shall provide a detailed description of the nature of the work and duties he or she has performed on forms supplied by the Board. The applicant shall account for all employment or work experience for the period of time that has elapsed since graduation from the Board-approved curriculum. If the applicant was not employed or was employed in other kinds of work, he or she should indicate this in the experience record.

### 3.7. References.

**(a)** It is the responsibility of the applicant to supply all references on forms supplied by the Board. A PE applicant shall submit satisfactory references from five individuals, three of whom shall be professional engineers having personal knowledge of the applicant's engineering experience and ability. Also, the applicant should preferably include in the references individuals familiar with the applicant's experience noted in the employment section of the application. An EI applicant shall submit at least three satisfactory character references.

**(b)** An applicant may not use a relative or a current Board member as a reference.

**(c)** An applicant shall provide each individual being used as a reference with the Board-approved reference form. The reference form shall be returned to the applicant in a signed, sealed envelope to be included in the applicant's completed application package.

## §7-1-4. Board Actions on Applications.

### 4.1. The Board shall take action on all submitted applications.

**(a)** The application must be complete as set forth in §7-1-3.4 of these rules before the Board considers the application.

**(b)** The Board may approve, defer, or deny an application.

(1) **Approval.** When an application is approved by the Board, it indicates that the applicant has met all the requirements for registration or certification required by the statutes of this state, and the Board shall grant the applicant a registration or certification. The Board shall notify the applicant of the approval.

(2) **Deferral.** When an application is deferred by the Board, it indicates that the applicant must take further steps to meet the requirements for registration or certification required by the statutes of this state, and the Board shall retain the deferred application until the applicant submits the additional information required by the Board. The Board shall notify the applicant of the deficiencies.

(3) **Denial.** When an application is denied by the Board, it indicates that the applicant has not met the requirements for registration or certification required by the statutes of this state, and the Board shall retain the denied application for one year and then may dispose of it. The Board shall notify the applicant of the denial.

**4.2.** The Board may defer or deny any application of an applicant who has not provided or withheld information, provided statements that are untrue or misrepresented the facts.

**4.3. Reconsideration of Applications.** An applicant may request that the Board reconsider an application that has been denied when the request is based on additional information and/or evidence that could affect the original decision. An applicant shall make the request for reconsideration within one year after the decision was made to deny the original application.

**4.4. Consideration of Criminal Records.**

**(a)** Notwithstanding other provisions of this rule, the Board may not disqualify an applicant from initial licensure as outlined in W.Va. Code §30-1-1 et seq. Specifically, the Board may not disqualify an applicant from initial licensure because of a prior criminal conviction that remains unreversed unless that conviction is for a crime that bears a rational nexus to the practice of engineering. In determining whether a criminal conviction bears a rational nexus to the practice of engineering, the Board shall consider at a minimum:

(1) The nature and seriousness of the crime for which the individual was convicted;

(2) The passage of time since the commission of the crime;

(3) The relationship of the crime to the ability, capacity, and fitness required to perform the duties and discharge the responsibilities of a licensed engineer; and

(4) Any evidence of rehabilitation or treatment undertaken by the individual.

**(b)** Notwithstanding any other provision of W.Va. Code §30-1-1 et seq. to the contrary, if an applicant has been denied licensure because of a prior criminal conviction, the Board shall permit the applicant to apply for initial licensure if:

(1) A period of five years has elapsed from the date of conviction or the date of release from incarceration, whichever is later;

(2) The individual has not been convicted of any other crime during the period of time following the disqualifying offense; and

(3) The conviction was not for an offense of a violent or sexual nature: Provided, that a conviction for an offense of a violent or sexual nature may subject an individual to a longer period of disqualification from licensure, to be determined by the Board on a case by case basis.

**(c)** Petition for licensure eligibility determination. An individual with a criminal record who has not previously applied for licensure may petition to the Board at any time for a determination of whether the individual's criminal record will disqualify the individual from obtaining a license. The petition shall be submitted on the application form prescribed by the Board and shall include sufficient details about the individual's criminal record to enable the Board to identify the jurisdiction where the conviction occurred, the date of the conviction, and the specific nature of the conviction.

(1) An individual may include with the petition evidence of rehabilitation, letters of reference, and any other information the applicant deems relevant.

(2) The Board shall provide the determination within 60 days of receiving the petition.

## §7-1-5. Examinations.

### 5.1. Examinations Generally.

**(a)** **Examination Dates and Locations.** Examinations are offered on dates and at locations set by NCEES, and information regarding the schedule and locations of examinations is available from the Board and NCEES.

**(b)** **Language of the Examination.** The language used in the examination is English.

**(c)** **Study Information.** The Board or NCEES shall make available NCEES-published specifications for examinations, which shall not include copies of questions used on prior examinations. The Board may provide such other information available to examinees as may be lawful and helpful to the examinee.

**(d)** **Instructions for Examinees.** Instructions provided prior to each examination shall declare an examination to be open or closed book. Materials permitted in the examination room shall be listed in the instruction information provided to each applicant by the Board or NCEES upon confirmation of their approval to take an examination.

**(e)** **Fees.** Application and examination fees are listed in §7-1-13.4 of this rule. All fees are non-refundable. The Board in accordance with Board policy may waive fees.

### 5.2 . PE Examinations.

**(a)** NCEES is wholly responsible for all matters related to administration of the PE examination and sets all policies, practices and procedures for the PE examination, including the dates and locations.

**(b)** Information regarding NCEES administration of the PE examination including times, dates and locations is available from both the Board and NCEES.

**(c)** Persons wanting to take the PE examination shall apply for the PE directly with NCEES without prior approval of the Board.

**(d)** PE examinees will be notified by NCEES whether the examinee passed or failed the examination.

**(e) Additional Branches/Disciplines.**

(1) Upon payment of the prescribed fees listed in §7-1-13.4 of this rule, a PE currently registered by this Board may take examinations in additional branches/disciplines of the PE examination offered by NCEES. The Board shall record the passing of the examination.

(2) If an applicant fails to pass the examination in an additional branch/discipline, he or she retains his or her current registration status.

(3) As with the initial registration, there shall be no reference to additional engineering branches/disciplines in the successful examinee's certificate or seal.

**5.3. FE Examinations.**

**(a)** NCEES is wholly responsible for all matters related to administration of the FE examination and sets all policies, practices and procedures for the FE examination, including the dates and locations.

**(b)** Information regarding NCEES administration of the FE examination including times, dates and locations is available from both the Board and NCEES.

**(c)** Persons wanting to take the FE examination shall apply for the FE directly with NCEES without prior approval of the Board.

**(d)** The Board recommends that persons seeking EI certification apply to NCEES to take the FE during his or her senior year of a Board-approved curricula or as soon thereafter as possible.

**(e)** FE examinees will be notified by NCEES whether the examinee passed or failed the examination.

## §7-1-6. Engineering Registration and Certification; Designations of Nonpracticing Status of Former Registrants.

**6.1. Classifications of Registration.** The Board shall register or certify a qualified applicant under one of the following classifications, of which only a professional engineer is qualified to practice or offer to practice engineering in West Virginia:

**(a)** Professional Engineer;

**(b)** Engineer Intern; or

**(c)** Professional Engineer-Retired.

**6.2. Professional Engineer.**

**(a) PE Registration Numbers.** The Board shall assign each successful applicant a registration number. Numbers are issued consecutively in the order in which an applicant is authorized to obtain a seal. The Board shall advise the successful applicant of his or her number.

**(b)** The Board shall grant an applicant authorization to obtain a seal who has met all the requirements of the W. Va. Code §30-13 and rules promulgated under this Code as they pertain to education, experience, and upon passing the required FE and PE examinations.

**(c) Certificates of Registration.** The Board shall issue a certificate of registration and similar wallet card to an applicant who has met the requirements of this state and who has submitted a copy of a satisfactory West Virginia PE seal and

has paid the certificate fee prescribed in §7-1-13.4. The certificate signed by the Board members shall show the registrant's registration number and seal of the Board.

(d) **Replacement of Certificate.** The registrant shall notify the Board when a certificate of registration is lost, destroyed or mutilated, and, if the registrant is in good standing, the Board shall replace it, upon presentation of a statement of the loss and the prescribed fee in §7-1-13.4.

**6.3. Engineer Intern.**

(a) **EI Certification Numbers.** The Board shall assign each EI a certification number at the time certification is granted by the Board. Numbers are issued consecutively in the order in which an applicant is granted certification. The Board shall advise the EI of his or her number.

(b) The Board shall grant an applicant who has met all the requirements of the W. Va. Code §30-13 and rules promulgated under this Code as they pertain to education, experience, and upon passing the required FE examination, a certificate of certification to serve as an EI in West Virginia.

(c) **Certificates of Certification.** The Board shall issue a certificate of certification and similar wallet card to an applicant who has met the requirements of this state and who has paid all fees. The certificate signed by the Board members shall show the EI's certification number and seal of the Board.

(d) **Replacement of Certificate.** The EI shall notify the Board when a certificate of certification is lost, destroyed or mutilated, and, if the EI is in good standing, the Board shall replace it, upon presentation of a statement of the loss and the prescribed fee in §7-1-13.4.

**6.4. Professional Engineer-Retired.**

(a) **Registration Numbers.** The Board shall reserve the original assigned registration number for any PE who elects to convert to Professional Engineer-Retired status. This number will remain on file in the event that the retired engineer should chose to reinstate his or her PE registration in accordance with §7-1-9.3 and §7-1-10.10 of these rules.

(b) **Documentation of Retired Status.** The Board shall issue an appropriate wallet card to an applicant who has met the requirements of this state and who has paid appropriate fees.

(c) **PE-Retired status is a nonpracticing status.** Registrants who elect PE-Retired status must retire their seal and certify that they are no longer receiving remuneration from providing professional engineering services.

**6.5. Updated Information.** It is the EI's or PE's responsibility to notify the Board within thirty days of any change in information previously submitted to the Board, such as name change, change of address, change of employer, or similar matter requiring current information.

**6.6. Other designations of nonpracticing status.** In addition to a retired status or revoked status, the Board recognizes the following additional designations, all of which describe a type of nonpracticing status which does not qualify the former registrant to practice or offer to practice engineering in the state of West Virginia:

**(a)** **Professional Engineer - Inactive.** An active PE or PE-Retired may elect to re-designate his or her status to Professional Engineer-Inactive upon application for inactive status which states that he or she is no longer practicing or offering to practice engineering in this state for remuneration and may seek reinstatement to active status only in accordance with §7-1-9.3 and §7-1-10.10 of these rules.

**(b)** **Professional Engineer - Lapsed.** A PE who has not renewed his or her active status in accordance with §7-1-9.2 of these rules or has not applied for a re-designation to retired or inactive status shall be re-designated by the Board to Professional Engineer-Lapsed without further action by the Board and may seek reinstatement to active status only in accordance with §7-1-9.3 and §7-1-10.10 of these rules.

**(c)** **Professional Engineer - Invalidated.** A PE who is unable to provide sufficient proof that any condition of renewal set forth in W. Va. Code §30-13-1 et seq. or these rules has been met shall be re-designated by the Board to Professional Engineer-Invalidated without further action by the Board and may seek reinstatement to active status only in accordance with §7-1-9.3 and §7-1-10.10 of these rules.

## §7-1-7. Seals.

**7.1.** **Seal of the Board.** The seal of the Board shall be affixed to each certificate of registration.

**7.2.** **Seal of Registrant.** When an applicant is granted registration he or she shall obtain an official seal of the size and design prescribed by the Board. The seal shall contain the following information:

**(a)** The words "State of West Virginia";

**(b)** The registrant's name;

**(c)** The registrant's registration number; and

**(d)** The words "Registered Professional Engineer."

**(e)** The seal may be a rubber stamp, electronic or one that embosses.

**(f)** The seal shall not reference any engineering branch/discipline.
The following is a sample of the suggested format:

*Official Seal Sample*

**7.3.** **Seal on Documents.**

**(a)** A registrant's seal and signature and the date shall appear on the first or title page of all final and/or record documents of specifications, reports, drawings, plans, design information and calculations presented to a client or any public or government agency to certify that the work was done by the registrant or under the control of the registrant.

**(b)** The registrant signing and sealing the first or title page of documents shall be the firm's PE in responsible charge as designated on the firm's COA application or the project engineer.

**(c)** Revisions shall be numbered, dated, initialed, and sealed by the registrant responsible for the revision.

**(d)** When copies are to be made, the registrant's seal and signature on all originals, tracings or other documents shall be reproducible.

**(e)** Each registrant is solely responsible for the use of his or her seal.

**(f)** When a registrant examines and verifies the engineering work of another, the registrant must take complete dominion and control of the design, which includes possession of the sealed and signed reproducible construction drawings with complete signed and sealed design calculations indicating all changes in design.

**(g)** The Board authorizes the electronic reproduction of a seal when the resulting reproduction meets the specifications of 7.2. The registrant is responsible for the improper use of the seal on work not prepared either by the registrant or under his or her direct supervision.

**(h)** It is the responsibility of each registrant to report the loss or theft of his or her seal to the Board as soon as practical after the loss or theft.

## §7-1-8. Temporary Permits.

Any application for a temporary permit as authorized by W. Va. Code §30-13-24(b) will be processed as a comity application as set forth in §7-1-3.4(c)(1).

## §7-1-9. Expirations, Renewals and Reinstatements to Active Status.

**9.1. Expiration.** PE registrations expire on December 31st of each even-numbered year and shall be re-designated as lapsed without further action by the Board after that date unless renewed in accordance with subsection 9.2 below.

**9.2. Renewals.**

**(a)** The Board shall, during the month of November of every even-numbered year, send a renewal notice by electronic means or by mail to the last known address of every person currently registered by the Board. The notice shall indicate the expiration date of the PE registration and the amount of the renewal fee established by the Board.

**(b)** The renewal form, which shall be completed and include documentation in compliance with Section 10 and any other applicable provisions of these rules, and the applicable fee, shall be received by the Board on or before the date of expiration appearing on the license being renewed.

**(c)** Renewals postmarked or submitted online between January 1st to 31st after the expiration date shall render the PE registration valid upon payment of the late fee set forth in §7-1-13.5 of these rules.

**(d)** Any renewal postmarked or submitted online on or after February 1st after the expiration date will be rejected, any fee returned, and the registration will be re-designated as lapsed without further action by the Board.

**9.3.** **Reinstatement to active status.** A former PE desiring to reinstate his or her registration to active status from a nonpracticing status as defined in W. Va. Code §30-13-13a shall submit a completed application on forms prescribed by the Board, along with such non-refundable fees as required in §7-1-13.4 of these rules.

## §7-1-10. Continuing Professional Competency.

**10.1.** As a condition of registration renewal, every registrant shall show evidence that he or she obtained thirty (30) professional development hours (PDH's) during the previous two years.

**10.2.** Requirements. A registrant may earn PDH's by providing evidence of:

**(a)** Successful completion of college courses;

**(b)** Successful completion of continuing education courses;

**(c)** Successful completion of on-line, correspondence, televised, videotaped, and other short courses or tutorials;

**(d)** Actively participating in seminars, in-house courses, workshops, technical committees of professional engineering organizations, and professional conventions;

**(e)** Teaching or instructing in the activities set forth in subsections 10.2.a. through 10.2.d. if such teaching or instruction is outside of the registrant's regular employment duties or if the registrant can document such teaching activity or instruction was newly developed and presented for the first time; or

**(f)** Authoring published papers, articles, or books.

**10.3.** If a registrant exceeds the requirement in any two-year period of licensure, he or she may carry a maximum of fifteen (15) PDH's forward into the subsequent two-year licensure period.

**10.4.** **Units.** The conversion of other units of credit to PDH units is as follows:

| | |
|---|---|
| 1 College or unit semester hour | 15 PDH's |
| 1 College or unit quarter hour | 10 PDH's |
| 1 Continuing Education Unit (CEU) | 10 PDH's |
| 1 Hour of professional development in course work, seminars, professional conventions, workshops, technical committee work | 1 PDH |
| 1 Hour of teaching professional development in course work, seminars, professional conventions, workshops | 2 PDH's |
| Each published paper or patent on engineering subjects | 10 PDH's |

**10.5.** **Determination of Credit.** The Board has final authority with respect to approval of courses, credit, PDH value for courses, and other methods of earning credit. No pre-approval of offerings will be issued. The Board may deny or invalidate any renewal upon a determination of insufficient or unsatisfactory continuing education.

**10.6.** **Forms.** All renewal applications require the completion of a continuing education form specified by the Board outlining PDH credit claimed. The registrant shall supply sufficient detail on the form to permit review for approval, shall certify and sign the continuing education form, and shall submit the form with the renewal form and fee.

**10.7. Record keeping.** Each registrant is responsible for his or her own professional development activities. The registrant shall maintain the records to be used to support credits claimed for professional development activities. Records required include, but are not limited to: 1) a log showing the type of activity claimed, the sponsoring organization, the activity's location and duration, the instructor's or speaker's name, and the PDH credits earned; and 2) attendance or participation verification records in the form of completion certificates, paid receipts or other documents supporting evidence of attendance or participation. These records shall be maintained for three renewal periods. Copies of these records and supporting documentation may be requested by the Board for approval and verification purposes.

**10.8. Continuing Education Verification.**

**(a)** Any registrant may be audited, including Board members and staff.

**(b)** Three to five percent (3-5%) of renewals will be selected at random and contacted by the Board to verify compliance with continuing education claims.

**(c)** Any renewal forms submitted with questionable continuing education shall be added to those selected at random for verification.

**(d)** All verification submissions will be analyzed by the Board who may recommend continued registration, deny or invalidate the renewal, or take such enforcement action as may be appropriate.

**(e)** Those who are denied renewal will be provided a thirty (30) day probationary period in which to acquire the necessary continuing education and submit documentation to the Board. If the registrant fails to submit satisfactory documentation in the given time period, the registration shall be re-designated as invalidated without further action by the Board.

**(f)** A registrant may bring a registration invalidated for insufficient continuing education to active status by obtaining the delinquent PDH's, up to a maximum of thirty (30) PDH's, and submitting a PE reinstatement application and appropriate fees as prescribed in §7-1-13.4.

**10.9. Exemptions.** An active registrant may be exempt from the professional development educational requirements for one of the following reasons:

**(a)** A new registrant by way of examination or reciprocity is exempt for his or her first renewal period;

**(b)** A registrant serving on active duty in the armed forces of the United States for a period of time exceeding one hundred twenty (120) consecutive days in a calendar year is exempt from obtaining the professional development hours required during that year. The Board shall follow all other laws regarding continuing education for licensees on active duty and their spouses to the extent applicable and appropriate;

**(c)** A registrant experiencing physical disability, illness, or other extenuating circumstances may be exempt subject to review and approval by the Board; the registrant shall furnish supporting documentation to the Board; and

**(d)** Registrants who list their occupation as "Retired" on the Board-approved renewal form and who further certify that they are no longer receiving any remuneration from providing professional engineering services are exempt from the required professional development hours. In the event a retired engineer elects to return to the active practice as a professional engineer, he or she shall comply with the requirements of §7-1-10.10 before returning to active practice.

**10.10. Nonpracticing status.** A registrant may bring a registration with a nonpracticing status designation to active status by obtaining the delinquent PDH's, up to a maximum of thirty (30) PDH's, and submitting the PE reinstatement application required by §7-1-9.3.

## §7-1-11. Certificates of Authorization.

**11.1. COA required; issuance.** A COA is required to practice or offer to practice engineering in WV. The Board shall issue a COA to firms who have met all the requirements of the W. Va. Code §30-13-17 and these rules promulgated under the Code to practice or offer to practice engineering in West Virginia. The certificate signed by the Board President shall show the firm's COA number and seal of the Board.

**11.2. Classifications of Authorization.** The Board shall certify a qualified firm under one of the following classifications:

**(a)** Sole Proprietor with no employees who practices or offers to practice engineering for compensation or other tangible benefit or remuneration;

**(b)** Firm with three or fewer Professional Engineers (regardless of PE's state of registration or licensure); or

**(c)** Firm with four or more Professional Engineers (regardless of the PE's state of registration or licensure).

**11.3. Application and Fees.** A firm desiring to obtain a COA shall submit a completed application on forms prescribed by the Board, along with such non-refundable fees as required in §7-1-13.4 of these rules. Each application, including renewal and reinstatement, requires a sworn statement from the PE in responsible charge as set forth in §30-13-17.

**11.4. Expiration, Renewal and Reinstatement.**

**(a) Expiration.** COAs expire on December 31st of each odd-numbered year and are void and re-designated as COA – Lapsed without further action by the Board after that date unless renewed in accordance with subsection 11.4.b. below.

**(b) Renewals.**

(1) The Board shall, during the month of November of every odd-number year, send a renewal notice by electronic means or by mail to the last known address of every firm currently holding a COA by the Board. The notice shall indicate the expiration date of the COA and the amount of the renewal fee established by the Board.

(2) The completed renewal form and applicable fees shall be received by the Board on or before the expiration date indicated on the certificate.

**(c)** Renewals received from January 1st to 31st after the expiration date shall render the COA valid upon payment of the late fee set forth in §7-1-13.5 of these rules.

**(d)** Any renewal postmarked or submitted online on or after February 1st after the year of expiration will be rejected and any fee returned, and the non-renewed COA will be void and re-designated as COA-Lapsed without further action by the Board.

**11.5. Designations of nonpracticing status.** The Board recognizes the following designations, all of which describe a type of nonpracticing status which does not qualify the former firm or sole proprietor to practice or offer to practice engineering in the state of West Virginia:

**(a)** COA - Inactive. A firm or sole proprietor with an active COA may elect to re-designate their status to COA-Inactive upon application for inactive status which states the firm or sole proprietor is no longer practicing or offering to practice engineering in this state and may seek reinstatement to active status only in accordance with §7-1-11.6 of these rules.

**(b)** COA - Lapsed. A firm or sole proprietor who has not renewed their active COA status in accordance with §7-1-11.4 of these rules or has not applied for a re-designation to inactive status shall be re-designated by the Board to COA-Lapsed without further action by the Board and may seek reinstatement to active status only in accordance with §7-1-11.6 of these rules.

**(c)** COA - Invalidated. A firm or sole proprietor who is unable to provide sufficient proof that any condition of renewal set forth in W. Va. Code §30-13-1 et seq. or these rules has been met shall be re-designated by the Board to Professional Engineer-Invalidated without further action by the Board and may seek reinstatement to active status only in accordance with §7-1-11.6 of these rules.

**11.6. Reinstatement.** A firm desiring to reinstate a COA shall submit a completed application on forms prescribed by the Board, along with such non-refundable fees as required in §7-1-13.4 of these rules.

**11.7. COA Number.** The Board shall assign each firm a certificate number at the time a COA is granted by the Board. Numbers are issued consecutively in the order in which a firm is granted a COA. The Board shall advise the firm of this number.

**11.8. Replacement of Certificate.** The firm shall notify the Board when a COA is lost, destroyed or mutilated, and, if the firm is in good standing, the Board shall replace it, upon presentation of a statement of the loss and the prescribed fee in §7-1-13.4.

**11.9. Updated Information.** It is the firm's responsibility to notify the Board within thirty days of any change in information previously submitted to the Board, such as name change, change of address, change of PE in responsible charge, or similar matter requiring current information.

**11.10. Limited Liability Firms.** The PE in responsible charge on the COA is responsible for compliance with W. Va. Code §30-13-1 et seq. and this rule notwithstanding any limitations of liability provided by W. Va. Code §§47B-3-6 and 31B-13-1305.

## §7-1-12. Professional Responsibility.

**12.1. Knowledge of Rules.** All registrants are charged with having knowledge of the Rules of Professional Responsibility. The rules, and all proposed and adopted amendments to the rules, shall be available on the Board website.

**12.2. Rules of Professional Responsibility.** To comply with the Board's responsibilities, which are to safeguard life, health and property, to promote the public welfare, and to maintain a high standard of integrity and practice, the Board has developed the following Rules of Professional Responsibility set forth in this section. These rules supplement the provisions for professional responsibility prescribed in W. Va. Code §30-13-21 and are binding on every registrant and firm.

**(a)** All persons registered in West Virginia are required to be familiar with W. Va. Code §30-13-1 et seq., this rule, and all applicable laws relating to the practice of engineering. The Rules of Professional Responsibility delineate specific obligations the registrant shall meet. In addition, each registrant is charged with the responsibility of adhering to standards of highest ethical and moral conduct in all aspects of the practice of engineering.

**(b)** The practice of engineering is a privilege, as opposed to a right. All registrants shall exercise this privilege by performing services only in the areas of their competence according to current standards of technical competence.

**(c)** Registrants shall recognize their responsibility to the public and shall represent themselves before the public only in an objective and truthful manner.

**(d)** Registrants shall avoid conflicts of interest and faithfully serve the legitimate interests of their employers, clients, and customers within the limits defined by this rule. Their professional reputation shall be built on the merit of their services, and they shall not compete unfairly with others.

**12.3. Registrant's Obligation to Society.**

**(a)** Registrants, in the performance of their services for clients, employers and customers, shall be cognizant that their first and foremost responsibility is to the public welfare.

**(b)** Registrants shall approve and seal only those designs, plans or other documents that conform to accepted engineering standards and safeguard the life, health, property and welfare of the public.

**(c)** Registrants shall notify their employer or client and other appropriate authority when their professional judgment is overruled under circumstances where the life, health, property, or welfare of the public is endangered.

**(d)** Registrants shall be objective and truthful in professional reports, statements or testimony. They shall include all relevant and pertinent information in the reports, statements or testimony.

**(e)** Registrants shall express a professional opinion publicly only when it is founded upon an adequate knowledge of the facts and a competent evaluation of the subject matter.

**(f)** Registrants shall issue no statements, criticisms or arguments on engineering matters which are inspired or paid for by interested parties, unless they explicitly identify the interested parties on whose behalf they are speaking, and reveal any interest they have in the matters.

**(g)** Registrants shall not permit the use of their name or firm name, nor associate in business ventures with, any person or firm engaging in fraudulent or dishonest business or professional practices.

**(h)** Registrants having knowledge of possible violations related to the practice of engineering as set forth in statute or these rules, including the Rules of Professional Responsibility, shall provide the Board with information and assistance necessary to the final determination of the violation.

**12.4. Registrant's Obligation to Employer and Clients.**

**(a)** Registrants shall undertake assignments only when qualified by education or experience in the specific technical fields of engineering involved.

**(b)** Registrants shall not affix their signatures or seals to any plans or documents except in accordance with §30-13-1 et seq. and these rules.

**(c)** Registrants shall not reveal facts, data or information obtained in a professional capacity without the prior consent of the client or employer except as authorized or required by law.

**(d)** Registrants shall not solicit or accept financial or other valuable consideration, directly or indirectly, from contractors, their agents, suppliers, manufacturers, or other parties in connection with work for employers or clients.

**(e)** Registrants shall make full prior disclosures to their employers or clients of potential conflicts of interest or other circumstances which could influence or appear to influence their judgment or the quality of their service.

**(f)** Registrants shall not accept compensation, financial or otherwise, from more than one party for services pertaining to the same project, unless the circumstances are fully disclosed and agreed to by all interested parties.

**(g)** Registrants shall not solicit or accept a professional contract from a governmental body on which a principal or officer of their organization serves as a member. Conversely, registrants serving as members, advisors, or employees of a governmental body or department, who are the principals or employees of a private concern, shall not participate in decisions with respect to professional services offered or provided by the private concern to the governmental body which they serve unless their participation is approved by the West Virginia Ethics Commission.

**12.5. Registrant's Obligation to Other Registrants.**

**(a)** Registrants shall not falsify or permit misrepresentation of their or their associates' academic or professional qualifications. They shall not misrepresent or exaggerate their degree of responsibility in prior assignments or the complexity of the assignments. Presentations incident to the solicitation of employment or business shall not misrepresent pertinent facts concerning employers, employees, associates, joint ventures or past accomplishments.

**(b)** Registrants shall not offer, give, solicit or receive, either directly or indirectly, any commission, gift, or other valuable consideration in order to secure work, and shall not make any political contribution with the intent to influence the award of a contract by a public authority.

**(c)** Registrants shall not attempt to injure, maliciously or falsely, directly or indirectly, the professional reputation, prospects, practice or employment of other registrants, nor indiscriminately criticize other registrants' work.

**12.6. Actions brought against applicants.**

A registered PE who has been fined, received a reprimand, or had his or her registration revoked, suspended or denied in another jurisdiction for reasons or causes which this Board finds would constitute a violation of the law governing the practice of engineering in this state or any rule promulgated by this Board, is sufficient cause for the Board to levy a fine, reprimand, or deny, revoke or suspend a registration to practice engineering by the registrant in this state. Any such actions by other jurisdictions shall be reported on the renewal form. For purposes of this section, "another jurisdiction" means any other governing entity, including a licensing board for another profession.

## §7-1-13. Fees Generally.

**13.1.** The fees listed in this section are payable to the West Virginia State Board of Registration for Professional Engineers unless charged by and payable to NCEES. Fees based upon NCEES charges may be obtained from the Board website or the NCEES website. Fees shall be paid by check, money order, credit card or electronic payment and are non-refundable.

**13.2. Timing of Submission of Fees.** Any PE registration or COA application fee received prior to October 1 will entitle the approved PE or COA to be placed in good standing through the current renewal period. Registration or COA fees received on or after October 1 shall be effective through the next renewal period.

**13.3. Renewal Fees.**

**(a)** The Board shall notify each registrant or firm at least thirty days prior to the expiration date of the amount of the renewal fee for the next renewal period.

**(b)** A registrant or firm shall pay renewal fees on or before December 31st of the year of expiration.

**(c)** A renewal postmarked or submitted online between January 1 through 31 after the expiration date is considered late, and the Board shall assess a late fee set forth in subsection 13.4 of this rule.

**(d)** Any renewal postmarked or submitted online on or after February 1st will be rejected, any fee returned, and the registration or COA will be re-designated as lapsed without further action by the Board.

**13.4. Fee Amounts.** The fees for various services provided by the Board are:

| | |
|---|---|
| **Engineering Intern** | |
| Application Fee | $25.00 |
| Examination Fee | As charged by NCEES |
| **Professional Engineer** | |
| Application Fee | $80.00 |
| Examination Fee | As charged by NCEES |
| Re-examination Fee | As charged by NCEES |
| Certificate Fee | $25.00 |
| Comity Application Fee | $150.00 |

**13.5. Late Fees on Renewals.** A renewal postmarked or submitted online after the date of expiration is considered late, and the Board shall assess the registrant a late fee in the amount of twenty-five percent (25%) of the renewal fee.

**13.6. Fee Waivers.**

**(a)** Fees set forth in this section may be waived in accordance with Board policy.

**(b)** Low-income individuals, as defined in this rule, may seek a waiver of the initial PE or comity application fee for licensure and must apply in a format prescribed by the Board. If the application is complete and it evidences that the applicant is a low-income individual as defined in §7-1-2.13 of these rules, the Board shall waive the application fee.

**(c)** Military families, as defined in this rule, may seek a waiver of the initial PE or comity application fee for licensure and must apply in a format prescribed by the Board. If the application is complete and it evidences that the applicant is a person meeting the description of military families as defined in §7-1-2.14 of these rules, the Board shall waive the application fee.

## §7-1-14. Board Enforcement, Investigations, Disciplinary Actions and Costs.

**14.1. Enforcement.** Any person or entity who violates any of the provisions of W. Va. Code §30-13-1 et seq. or these rules is subject to the provisions of W. Va. Code §§30-13-21 through 23, as well as the penalties outlined in §7-1-15 of these rules. The Board may take disciplinary action against any person or firm subject to the provisions of W. Va. Code §30-13-1 et seq. and these rules for any non-compliance with or violation of same in accordance with the procedures set forth in W. Va. Code §30-13-22 and the procedural rules adopted by the Board and on file with the Secretary of State.

**14.2. Investigations.** The Board shall have the power to investigate any complaint filed with the Board and any other matter brought to the attention of the Board regarding noncompliance with the provisions of W. Va. Code §30-13-1 et seq. and these rules.

**14.3. Disciplinary Action.** Upon Board decision that disciplinary action is warranted, the Board may take such action as is provided for in W. Va. Code §§30-13-21 through 23, these rules, and any Board policies not inconsistent with such applicable law, including the imposition of civil penalties as set forth in §7-1-15 below.

**14.4.** The Board may assess administrative costs incurred in the performance of its enforcement or investigatory activities against any person or entity who violates the provisions referenced in subsection 14.1 of this rule, which shall be paid to the West Virginia State Board of Registration for Professional Engineers by check or money order within the time prescribed or approved by the Board.

## §7-1-15. Civil Penalties.

**15.1.** The Board may enter an order assessing the appropriate civil penalties against any person or firm found by the Board to have violated the provisions of W. Va. Code §30-13-1 et seq. or these rules including but not limited to, the following for each offense:

| Action | Penalty Up To |
|---|---|
| Practicing or offering to practice without a license, including a license designated as nonpracticing status | $5,000 |
| Practicing or offering to practice without a COA, including an expired COA | $5,000 |
| Misuse of seal | $5,000 |
| Illegal advertising of engineering services | $5,000 |
| Fraud, deceit, misrepresentation or misinformation to the Board | $15,000 |
| Violation of condition of probation | $5,000 |
| Misfeasance or malfeasance | $1,000 |
| Professional misconduct, negligence or incompetence | $1,000 |
| Action which is likely to deceive or defraud the public | $15,000 |
| Action which threatens the public health, safety and welfare | $15,000 |
| Failure to timely provide information to Board | $1,000 |
| Non-compliance with Board request or order | $1,000 |
| General (violation of applicable statute & rules, including W.Va. Code §30-13-21 or the Rules of Professional Responsibility set forth in these rules) | $5,000 |

**15.2.** The penalty for aiding and assisting any of the above violations shall be no more than the maximum penalty defined above. The penalty for discipline by another jurisdiction shall be no more than the penalty set forth above that is substantially equivalent to the grounds for discipline in the other jurisdiction.

**15.3.** Each day of continued violation may constitute a separate offense.

**15.4.** In determining the amount of civil penalty to be assessed pursuant to this section, the Board may consider such factors as the following.

- **(a)** Whether the amount imposed will be a substantial economic deterrent to the violation;
- **(b)** The circumstances leading to the violation;
- **(c)** The nature and severity of the violation and the risk of harm to the public;
- **(d)** The history of previous violations;
- **(e)** The extent to which the cited person or firm has cooperated with the Board and the Board's investigation;
- **(f)** The economic benefits gained by the violator as a result of non-compliance;
- **(g)** The interest of the public;
- **(h)** Other matters as may be appropriate.

**15.5.** Civil penalties imposed by the Board shall be paid to the West Virginia State Treasurer's Office by check or money order within the time prescribed or approved by the Board.

## §7-1-16. Board Policies.

**16.1.** The Board is authorized to establish policies and procedures not inconsistent with W. Va. Code §30-13-1 et seq. and these rules.

## §7-1-17. Severability.

**17.1.** If this Rule, or any part of this Rule, is found by the courts to be invalid for any reason, the remainder of the Rule continues in full force and effect and each and every part of the Rule is severable.

## TITLE 7 – SERIES 2
## ADMINISTRATIVE HEARING PROCEDURES

### §7-2-1. General.

**1.1. Scope.** — This rule specifies the procedure for Resolution of complaints relating to the practice of engineering in this State pursuant to the authority granted to the West Virginia State Board of Registration for Professional Engineers by W. Va. Code §30-13-1 et seq.

**1.2. Authority.** — W. Va. Code §30-13-1 et seq. and §30-1-1 et seq.

**1.3. Filing Date.** — June 22, 2004.

**1.4. Effective Date.** — July 23, 2004.

### §7-2-2. Complaints.

**2.1. Submission.**

**(a) Form.** The form of complaints shall be determined by the Board. All complaints shall be in writing and verified by the complainant before a notary public.

**(b) Who may submit.** A complaint may be submitted by any natural person or legal entity, any registered engineer, or any firm holding a certificate of authorization. A complaint may be submitted by the Board, a member of the Board staff, with or without direction from the Board, or a member of the Board. Charges may be based upon information received solely through investigative activities undertaken by the Board.

**2.2. Filing.**

**(a)** The applicable statute provides for disposition of a complaint if trivial, unfounded, or settled informally. Unless in the opinion of at least one member of the Board the alleged situation which is the subject of a

complaint presents an imminent danger to health or safety, a complaint will be deemed received and filed only upon the majority vote of the Board members present and meeting in general session. Until such action, the complaint will be on the agenda for each meeting until resolved informally or filed. During the period before a complaint is deemed filed, the Board may take appropriate action, upon motion and consistent with the applicable statutes, to investigate and settle the complaint informally.

**(b)** A complaint will not be considered by the Board until an original is delivered to and logged in and numbered by the Board Administrator at Charleston during normal business hours. Facsimile and other electronic transmission of complaints will be accepted for filing, provided originals are delivered to the Board Administrator within fourteen (14) days thereafter.

**2.3. Notice to Respondent.** The Board Administrator shall give notice of the filing of a complaint to any and all respondents named in the complaint. Such notice shall be by certified mail, return receipt requested, to the respondent at his, her, or its last known address or in a manner consistent with the rules for service of process under the West Virginia Rules of Civil Procedure. A return of service shall be completed by the person effecting service and filed with the Board.

**2.4. Response to Complaints.** The respondent may file, within thirty days after service of the complaint, a responsive pleading which shall state with particularity every defense in law or fact to the allegations in the complaint. Every responsive pleading shall be verified by the respondent.

**2.5. Failure to File Response.** The failure to file a response to the complaint shall be deemed an admission of the factual allegations contained therein. The failure to file a response shall not be grounds for delaying hearing or other action upon the complaint.

**2.6. More Definite Statement.** The Board or a respondent may request a clarification or more definite statement of the allegations in the complaint. A respondent's request for a more definite statement shall be filed with the Board not less than fifteen days before the hearing date. The Board's request may be issued to a complainant at any time, and the complainant shall respond within seven days of service of the request by the Board. Failure of a complainant to respond timely to such request may be grounds for dismissal of the complaint.

## §7-2-3. Hearing Panel.

### 3.1. Hearing Panel.

**(a)** Complaints regarding persons licensed by the Board and complaints regarding unlawful practice of engineering in this State or a request for hearing regarding licensure or issuance of a certificate of authorization shall be heard and decided by the Board as a whole sitting as a Hearing Panel, except that any member of the Board who has a conflict of interest with regard to a particular complaint may decline to participate

in such proceedings. Recusal is mandatory in any proceeding in which a judge, similarly situated, would be required to exercise recusal. The filing of a complaint by a Board member will not automatically be grounds for recusal. Recusal shall not prevent a Board member from testifying as a witness.

**(b)** If recusals result in there being less than a quorum, the remaining unrecused members of the Board shall appoint a registered professional engineer who is not a member of the Board for each recused member to serve solely for the purposes of hearing and deciding such complaint.

**(c)** The Hearing Panel shall conduct hearings, make findings of fact and conclusions of law, and issue administrative decisions and orders to enforce the provisions of W. Va. Code §30-13-1 et seq.

**3.2. Location of Hearing Proceedings.** Unless otherwise ordered by a majority vote of the Board, all hearings shall be heard at Charleston.

**3.3. Quorum.** A quorum shall consist of not less than three members of the Hearing Panel.

**3.4. Presiding at Hearings.**

**(a)** The President of the Board shall serve as the presiding officer at hearings. In the event of the President's recusal, the Hearing Panel shall elect a presiding officer from among themselves who will preside for hearings on that complaint.

**(b)** The presiding officer shall have the power to (1) administer oaths and affirmations, (2) rule upon offers of proof and receive relevant evidence, (3) regulate the course of the hearing, (4) hold conferences for the settlement or simplification of the issues by consent of the parties, and (5) dispose of procedural requests or similar matters.

**3.5. Privilege and Immunity.** All information provided, including documents and testimony given with respect to any complaint, investigation or proceeding under these rules, shall be privileged in any action for defamation or the like. All members of the Board, its counsel, and their employees shall be absolutely immune from civil suit in the same manner as members of the judiciary in the State for any conduct in the course of their official duties.

## §7-2-4. Procedural Rules for Hearings.

**4.1. Notice of Hearings.**

**(a)** Within sixty (60) days of filing complaint, the presiding officer shall set a hearing date and time. Notice of the hearing date and time shall be served on respondent and counsel for respondent, if any, by first class mail addressed to the last known mailing address of such person. Such notices shall be mailed not less than thirty (30) days before the hearing date. All complaints, unless dismissed by the Board as unfounded, trivial or settled informally, shall be heard within six months after the date each complaint was received and filed.

**(b)** Hearings may be rescheduled by the presiding officer and, once begun, continued from time to time, for cause shown as the interests of justice may require.

**4.2. Prehearing Matters.** The presiding officer, with or without the request of a party, may schedule a prehearing conference to narrow the issues to be heard, to estimate the time which will be required for the hearing, rule upon prehearing motions, and, when appropriate, negotiate informal disposition of the complaint.

**4.3. Hearings Generally.**

**(a) Conduct and Order of Hearing.**

(1) Upon calling on for hearing any complaint, the presiding officer may cause the complaint to be read and shall offer the respondent the opportunity to reply. The Hearing Panel may receive evidence from its investigator or staff. Respondent, directly or by counsel, may present evidence in defense against the complaint. All testimony given shall be subject to cross-examination by the opposing party. The Board may receive rebuttal evidence after respondent's presentation. Any member of the Hearing Panel may inquire to any witness at any time.

(2) After the receipt of all evidence, respondent and Board staff, directly or by counsel, may be allowed to make closing arguments.

(3) If the respondent is not a natural person, the respondent shall be represented by counsel. The Board or its staff may be represented by counsel.

(4) Failure of the respondent to appear, without cause, shall not result in delay or postponement of the hearing.

**(b) The Record.** The record of a hearing shall consist of the testimony and documentary and physical evidence admitted into evidence by the Hearing Panel, all judicially cognizable facts so noticed, and the administrative decision or order ruling upon the complaint. All hearing proceedings on the record shall be recorded by stenographic means. Any party may obtain a transcript of the proceedings at the party's expense.

**(c) Testimony.** Witnesses shall testify under oath or affirmation.

**(d) Evidence.**

(1) The West Virginia Rules of Evidence shall apply. Irrelevant, immaterial, or unduly repetitious evidence shall be excluded. When necessary to ascertain facts not reasonably susceptible of proof under those rules, evidence not admissible thereunder may be admitted, except where precluded by statute, if it is of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs. The Hearing Panel shall be bound by the rules of privilege recognized by law. Objections to evidentiary offers and the ruling thereupon shall be noted in the record. Any party to any such hearing may vouch the record as to any excluded testimony or other evidence.

(2) Only the evidence admitted into the record and judicially cognizable facts so noticed shall be considered in the determination of the complaint.

(3) Depositions may be taken and read or otherwise received as evidence in accordance with Rules 30 and 32 of the West Virginia Rules of Civil Procedure.

(e) **Conformance.** Upon motion of any member of the Hearing Panel or any party assigning error or omission in any part of any transcript, the presiding officer shall settle all differences arising as to whether such transcript truly discloses what occurred at the hearing and shall direct that the transcript be corrected as appropriate so as to make it conform to the truth.

(f) **Deliberations.** Hearing Panels may deliberate and issue decisions in person, by telephone conference, or by written correspondence, including electronic communications.

(g) **Open Meetings and Executive Sessions.** Pursuant to W.Va. Code §6-9A-1, the Board may by majority vote hold hearings under these rules in executive session unless the respondent requests an open meeting. In any event, the vote upon the final decision of the Hearing Panel shall be in open session.

4.4. **Standard of Proof.** To impose any sanction or penalty, the findings of the Hearing Panel in support thereof must be proved by a preponderance of the evidence.

4.5. **Subpoena and Contempt Power.** The Hearing Panel shall have power to issue subpoenas or any other lawful process through the presiding officer at the request of any party. Subpoenas may be issued for attendance of witnesses or the production of documentary evidence. Subpoenas and other process may be served in accordance with the West Virginia Rules of Civil Procedure. All witnesses shall be entitled to such witness fees and expenses as in any civil proceeding in this State. The Hearing Panel may apply to any circuit court for an order requiring any person to comply with the presiding officer's directions in maintaining order at a hearing or to compel compliance with subpoenas.

4.6. **Criminal Convictions.**

(a) An engineer who has been convicted of a crime that reflects adversely on the engineer's honesty, trustworthiness or fitness as an engineer, or of any felony, shall, within thirty days of entry of the order or judgment of conviction, forward a copy of the order or judgment to the Board's Administrator. A plea or verdict of guilty or a conviction after a plea of nolo contendere shall be deemed to be a conviction within the meaning of this rule. Any other person may file a copy of the order or judgment with the Board.

(b) Upon receipt of the order or judgment, which shall be conclusive evidence of the guilt of the crime or crimes of which the engineer has been convicted, the Board Administrator shall treat the order or judgment as a complaint for misconduct and violation of professional responsibility.

(c) A respondent may present evidence and argument in support of mitigation based on, but not limited to, the nature of respondent's misconduct, surrounding facts and circumstances, previous ethical violations, the willfulness of the conduct, and the adequacy of respondent's previous opportunity to present evidence.

### 4.7. Reciprocal Discipline.

**(a)** A final adjudication in another jurisdiction, whether state or federal, of misconduct constituting grounds for discipline of a registered professional engineer in that jurisdiction or a voluntary surrender of a license to practice engineering in connection with a disciplinary proceeding in that jurisdiction shall, for the purposes of proceedings under these rules, conclusively establish such conduct.

**(b)** A registrant in this State against whom any form of public discipline has been imposed by the authorities of another jurisdiction, whether state or federal, or who voluntarily surrenders his or an aggravating factor in any subsequent disciplinary proceeding. Any other person may notify the Board of such action by submitting a complaint.

**(c)** If the registrant intends to challenge the validity of the disciplinary order entered in the foreign jurisdiction or the voluntary surrender of his or her license to practice engineering in connection with a disciplinary proceeding, the registrant must request a formal hearing and file with the Board a full copy of the record of the disciplinary proceedings which resulted in imposition of the disciplinary order or the voluntary surrender of a license to practice engineering.

## §7-2-5. Disposition of Complaints.

### 5.1. Administrative Decisions and Orders.

**(a)** Any party may submit proposed findings of fact and conclusions of law as permitted in the discretion of the presiding officer.

**(b)** After a hearing upon a complaint is completed, including an instance in which the respondent defaults, the Hearing Panel may make findings of fact and conclusions of law and shall issue the appropriate administrative decision or order.

**(c)** The Hearing Panel may make findings of fact and conclusions of law in connection with the hearing and in conformity with applicable law notwithstanding the failure of the complaint to allege the grounds therefor.

**(d)** Informal disposition may also be made of any complaint by stipulation, agreed settlement, or consent order provided, however, that a hearing upon any pending complaint set pursuant to Rule 4.0 shall not be cancelled other than by a respondent's acceptance of such proposed informal disposition.

**(e)** All dispositions of complaints shall be signed by the presiding officer. A copy shall be maintained in the permanent records of the Board.

**(f)** The official determination of the Hearing Board shall be made by majority vote of the Hearing Panel. The presiding officer shall vote in every matter but shall reserve his vote to the last. Any minority of the Hearing Panel may preserve its opinion in written form submitted at or not less than ten days after the entry of the majority's administrative decision or order.

**(g)** A copy of the administrative decision or order shall be served upon each party and his counsel in person or by registered or certified mail within five days after entry by the presiding officer.

**5.2. Unlawful Practice.** In addition to disciplinary actions authorized by W. Va. Code §30-13-21, if the administrative decision or order finds that the respondent is engaging in the practice of engineering in this state without being registered, the Board may request the prosecutor of any county to prosecute the respondent pursuant to W. Va. Code §31-13-23 or the Board may file a complaint seeking an injunction to enforce the provisions of W. Va. Code §31-13-1 et seq. Nothing in these rules shall prohibit the Board from requesting prosecution or seeking an injunction without prior notice and opportunity for hearing to the person who is believed to be in violation.

# *Other Relevant Code Sections and Related Rules*

## Chapter 5G - Procurement of Architect-Engineer Services by State and Its Subdivisions

**§5G-1-1 et seq.** – Requires procurement of architectural and/or engineering services on the basis of demonstrated competence and qualifications for the type of professional service required (also known as Qualification-Based Selection or QBS). Applicable to all state agencies, including quasi-public corporations, and all political subdivisions (cities, counties, boards of education and public service districts).

## Chapter 6 - Open Governmental Proceedings

**§6-9A-1 et seq.** – Also known as "**The Sunshine Law,**" the open meetings law applies to the WV PE Board and all governing bodies of public agencies. As required by that act, notices of all meetings of the WV PE Board are published in the State Register at least five days before the meeting and also posted under Meeting Notices on the WV Secretary of State's website.

## Chapter 21A - Unemployment Compensation

**§21A-2-6(17)** – This code section required the Employment Programs Bureau Commissioner to promulgate rules prohibiting state agencies from granting, issuing or renewing a license, certificate or other authority to conduct a trade, profession or business whose unemployment compensation account is in default. See Title 96, Series 1 of the Code of State Rules.

## Chapter 23 - Workers' Compensation

**§23-1-1b(g)(16)** – This code section required [now the Insurance Commissioner] to promulgate rules prohibiting state agencies from granting, issuing or renewing a license, certificate or other authority to conduct a trade, profession or business whose workers' compensation account is in default. See Title 85, Series 32 of the Code of State Rules.

## Chapter 29A - State Administrative Procedures Act

Some of the articles of particular relevance to the WV PE Board and its licensees are:

**§29A-1-1 et seq.** Definitions and Application of Chapter - Applicable to all WV agencies (boards, commissions, departments, offices and officers) of the executive branch of government.

**§29A-3-1 et seq.** Rule Making – Explains the differences in legislative, emergency, procedural and interpretive rules and sets forth the requirements for adopting each type.

**§29A-5-1 et seq.** Contested Cases and **§29A-6-1 et seq.** Appeals – The procedures set forth here may be applicable if there are no more specific procedures in WV Engineering Law or in §30-1-8 (procedures applicable to all licensing boards).

## Chapter 29B - Freedom of Information Act

West Virginia's open records law requires that public records must be made available upon request. All public bodies are subject to the law, including the WV PE Board. The act defines public records, exempts certain records, and sets forth procedures for requesting and obtaining the records and enforcing the act.

## Chapter 30 - Professions and Occupations

**§30-1-1 et seq.** – These general provisions are applicable to all WV professional licensing boards and address several topics such as meetings, disciplinary proceedings, and other powers and duties of licensing boards.

## Chapter 48 - Domestic Relations

**§48-15-1 et seq.** – Enforcement of Support Order Through Action Against License, including **§48-15-303** – License applicant must certify, under penalty of false swearing, information regarding any child support obligation, and action may be taken against a licensee for failure to pay child support or appear at certain proceedings.
