As reflected in this document, the parties have reached an agreement concerning the proper disposition of this matter, and the Board, upon approval of this agreement, does hereby **FIND** the following:

8. The same Complaint set forth allegations that Respondent Zero had practiced engineering by creating the aforesaid mechanical and plumbing drawings at a time when he did not possess a West Virginia license.
9. The Board initiated Complaint Number C2022-02 at its regular meeting on July 21, 2021, which was received and filed by the Board on said date.
10. Respondents, in lieu of filing a verified response, agreed to settle this matter through the entry of this Consent Order, wherein, Respondents would forego their right to an administrative hearing, and their right to appeal, by making certain admissions set forth herein.
11. Respondent Firm will admit that it provided engineering services in West Virginia without the required Certificate of Authorization.
12. Respondent Zero will admit that he provided engineering services in West Virginia without the required Certificate of Registration.
13. The Board has considered the following factors in reaching this settlement: there was no risk of harm to the public; the violations did not pose harm to the public; and Respondents cooperated in the resolution of this Complaint.
